thus: 43 CFR 4100.0–1

Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

ISSUE DATES

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16	as of January 1
Title 17 through Title 27	as of April 1
Title 28 through Title 41	as of July 1
Title 42 through Title 50	as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, October 1, 1981), consult the "List of CFR Sections Affected (LSA)," which is issued monthly, and the "Cumulative List of Parts Affected," which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1973, consult either the List of CFR Sections Affected, 1949-1963, or 1964-1972, published in three separate volumes. For the period beginning January 1, 1973, a "List of CFR Sections Affected" is published at the end of each CFR volume.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised semiannually as of January 1 and July 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I), and Acts Requiring Publication in the Federal Register (Table III). A list of CFR Titles, Chapters, and Parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of Presidential documents appears at the end of each compilation of Title 3, The President.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the "Contents" entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

INQUIRIES AND SALES

For a summary, legal interpretation, or other explanation of any regulation in this volume, contact the issuing agency. Inquiries concerning editing procedures and reference assistance with respect to the Code of Federal Regulations may be addressed to the Director, Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408 (telephone 202-523-3517). Sales are handled exclusively by the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

JOHN E. BYRNE,
Director,
Office of the Federal Register.

October 1, 1981.

THIS TITLE

Title 43—Public Lands: Interior is composed of three volumes. Volume one (Parts 1-999) contains all current regulations issued under Subtitle A—Office of the Secretary of the Interior and Chapter I—Bureau of Reclamation, Department of the Interior. Volume two (Parts 1000 to 3999) and volume three (Part 4000 to end) include all regulations issued under Chapter II—Bureau of Land Management, Department of the Interior. The contents of these volumes represent all current regulations codified under this title of the CFR as of October 1, 1981.

In the third volume, a table of Public Land Orders follows Chapter II, and a subject index appear in the Finding Aids section.

For this volume Heidi E. Kuhn was Chief Editor. The Code of Federal Regulations publication program is under the editorial direction of Martha B. Girard, assisted by Robert E. Jordan.

New Publication

List of CFR Sections Affected
(1964 through 1972)

A Research Guide

These two volumes contain a compilation of the "List of CFR Sections Affected (LSA)" for the years 1964 through 1972. Reference to these tables will enable the user to find the precise text of CFR provisions which were in force and effect on any given date during the period covered.

Volume I (Titles 1 through 27) $15.00
Volume II (Titles 28 through 50) $14.00

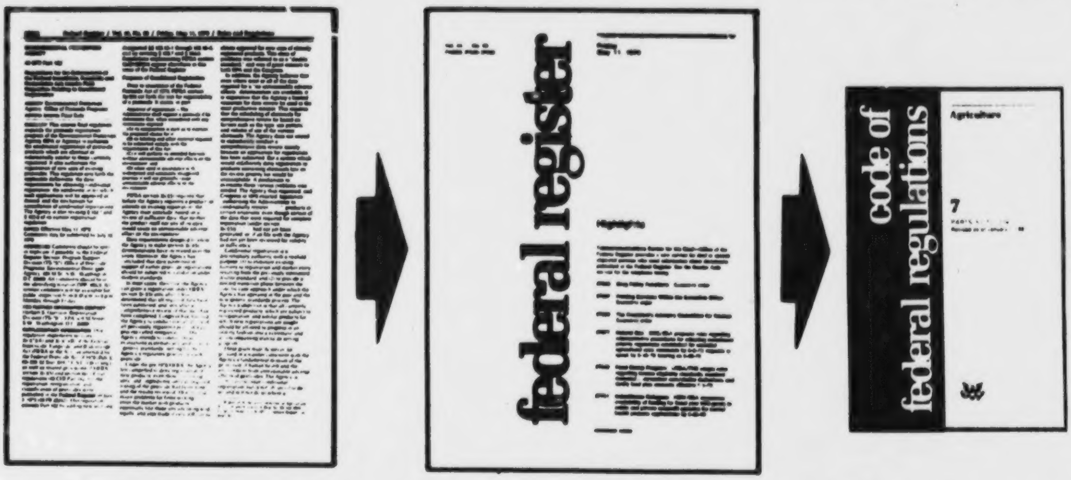
The Federal Register

Regulations appear as agency documents which are published daily in the **Federal Register** and codified annually in the **Code of Federal Regulations**



The **Federal Register**, published daily, is the official publication for notifying the public of proposed and final regulations. It is the tool to use to participate in the rulemaking process by commenting on the proposed regulations. And it keeps people up to date on the Federal regulations currently in effect.

The **Federal Register** contains many reader's aids—Highlights, Grant Information, list of hearings and Sunshine meetings—which simplify the user's job.

The **Code of Federal Regulations** (CFR) contains the annual codification of the final regulations printed in the **Federal Register**. Each of the 50 titles is updated annually.

Subscription Prices:

Federal Register	**Code of Federal Regulations**
One year: $75 domestic; $145 foreign	One year: $525 domestic; $656.25 foreign
Six months: $45 domestic; $90 foreign	Single volumes: Individually priced.

would you like to know

if any changes have been made in these regulations since the revision date of this book without reading the FEDERAL REGISTER every day? If so, you **may wish to subscribe to the LSA (List of CFR Sections Affected.).**

LSA (List of CFR Sections Affected)

$10.00
per year

The LSA (List of CFR Sections Affected) is designed to lead users of the Code of Federal Regulations to amendatory actions published in the Federal Register, and is issued monthly in cumulative form. Entries indicate the nature of the changes.

Also available on a subscription basis . . .

Federal Register Index $8.00
per year

Indexes covering the contents of the daily Federal Register are issued monthly in cumulative form. Entries are carried primarily under the names of the issuing agencies. Significant subjects are carried as cross-references.

A finding aid is included in each publication which lists Federal Register page numbers with the date of publication in the Federal Register.

Note to FR Subscribers: FR Indexes and the LSA (List of CFR Sections Affected) will continue to be mailed free of charge to regular FR subscribers.

Mail order form to:
Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402

There is enclosed $________ for ________ subscription(s) to the publications checked below:

4160.5 Show cause.

Subpart 4170—Penalties

4170.1 Civil penalties.
4170.1-1 Penalty for violations.
4170.1-2 Failure to use.
4170.1-3 Federal or State laws or regulations.
4170.2 Penal provisions.
4170.2-1 Penal provisions under the Taylor-Grazing Act.
4170.2-2 Penal provisions under the Federal Land Policy and Management Act.

AUTHORITY: 43 U.S.C. 315, 315a-315r, 1701 et seq., 1181d, unless otherwise noted.

SOURCE: 43 FR 29067, July 5, 1978, unless otherwise noted.

Subpart 4100—Grazing Administration—Exclusive of Alaska; General

§ 4100.0-1 Purpose.

The purpose of these regulations is to provide for the uniform administration of livestock grazing on the public lands, exclusive of Alaska.

§ 4100.0-2 Objectives.

The objectives of these regulations are to administer livestock grazing on the public lands in a manner that will protect the land and its resources from destruction or unnecessary injury, stabilize the livestock industry dependent on the public lands, and provide for the orderly use, improvement, development, and rehabilitation of the public lands for livestock grazing consistent with multiple-use, sustained yield, environmental, economic, and other objectives as stated in Subpart 1725 of this chapter and in section 102 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.).

§ 4100.0-3 Authority.

(a) The Taylor Grazing Act of June 28, 1934, as amended (43 U.S.C. 315, 315a-315r), authorizes the Secretary of the Interior to establish grazing districts and to make provisions for the protection, administration, regulation, and improvement of the public lands. It also authorizes the Secretary to lease lands outside of such districts for grazing purposes upon such terms and conditions as he may prescribe.

(b) The Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.) as amended by the Public Rangelands Improvement Act of 1978 (43 U.S.C. 1901 et seq.), provides for the management, protection, development, and enhancement of the public lands and directs the Secretary to manage these lands under principles of multiple use and sustained yield in accordance with land use plans.

(c) Executive orders transfer land acquired under the Bankhead-Jones Farm Tenant Act of July 22, 1937, as amended (7 U.S.C. 1012), to the Secretary and authorize administration under the Taylor Grazing Act.

(d) Section 4 of the O&C Act of August 28, 1937 (43 U.S.C. 1181d), authorizes the Secretary, at his discretion, to lease for grazing purposes any revested Oregon and California railroad or reconveyed Coos Bay wagon road grant lands in the State of Oregon which may be so used without interfering with the production of timber or other purposes specified in the O&C Act.

(e) Public land orders, Executive orders, and agreements authorize the Secretary to administer livestock grazing on specified lands under the Taylor Grazing Act or other authority as specified.

[43 FR 29067, July 5, 1978, as amended at 45 FR 47105, July 11, 1980]

§ 4100.0-5 Definitions.

Whenever used in this part, unless the context otherwise requires, the following definitions apply:

(a) The "Act" means the Taylor Grazing Act of June 28, 1934, as amended (43 U.S.C. 315, 315a-315r).

(b) "Affected interests" means any individual or organization who has been identified by the authorized officer as being potentially affected by a proposed action or who has expressed, in writing to the authorized officer, concern for the management of livestock grazing on specific grazing allotments. In addition to grazing permittees and lessees, such interests may include, for example, State officials, intermingled land owners, and wildlife or conservation representatives.

(c) "Allotment" means an area of land designated and managed for grazing of livestock.

(d) "Allotment management plan (AMP)" means a documented program which applies to livestock operations on the public lands, which is prepared in consultation with the permittee(s) or lessee(s) involved, and which: (1) Prescribes the manner in and extent to which livestock operations will be conducted in order to meet the multiple-use, sustained-yield, economic, and other needs and objectives as determined for the public lands through land use planning; and (2) describes the type, location, ownership, and general specifications for the range improvements to be installed and maintained on the public lands to meet the livestock grazing and other objectives of land management; and (3) contains such other provisions relating to livestock grazing and other objectives as may be prescribed by the authorized officer consistent with applicable law.

(e) "Animal unit month (AUM)" means the amount of forage necessary for the sustenance of one cow or its equivalent for a period of 1 month.

(f) "Authorized officer" means any person authorized by the Secretary to administer regulations in this part.

(g) "Base property" means: (1) Land that has the capability to produce crops or forage that can be used to support authorized livestock for a specified period of the year, or (2) water that is suitable for consumption by livestock and is available and accessible, to the authorized livestock when the public lands are used for livestock grazing.

(h) "Cancellation" means a permanent termination of a grazing permit or grazing lease and grazing preference, or free-use grazing permit or other grazing authorization, in whole or in part.

(i) "Class of livestock" means age and/or sex groups of a kind of livestock.

(j) "Contiguous land" means land that borders or touches upon public land.

(k) "District" means the specific area of public lands administered by a District Manager.

(l) "Grazing district" means the specific area within which the public lands are administered under section 3 of the act. Public lands outside grazing district boundaries are administered under section 15 of the act.

(m) "Grazing fee year" means the year March 1 to the last day of February which is used for billing purposes.

(n) "Grazing lease" means a document authorizing use of the public lands outside grazing districts under section 15 of the act for the purpose of grazing livestock.

(o) "Grazing permit" means a document authorizing use of the public lands within grazing districts under section 3 of the act for the purpose of grazing livestock.

(p) "Grazing preference" means the total number of animal unit months of livestock grazing on public lands apportioned and attached to base property owned or controlled by a permittee or lessee.

(q) "Indigenous animal" means an animal which is or was part of the original fauna of the area in question.

(r) "Land use plan" means a planning decision document which establishes resource allocations and coordinated objectives and constraints for all forms of public land and resource use within the area covered by the plan.

(s) "Livestock" or "kind of livestock" means species of domestic livestock—cattle, sheep, horses, burros, and goats.

(t) "Livestock grazing capacity" means the number of animal unit months of forage available for livestock grazing on a sustained yield basis on the public lands as determined through land use planning.

(u) "Modification" means a change or revision of the terms and conditions of an unexpired grazing permit or lease including changes in kind or class and number of livestock, period(s) of use, and area(s) of use.

(v) "Monitoring" means the collection of data by a systematic and periodic examination of rangeland resources on specific areas by qualified individuals using techniques or methods, approved by the Director, designed to evaluate progress in meeting land-use or allotment management planning objectives.

(w) "Other lands under Bureau of Land Management control" means those State or private lands controlled by the Bureau of Land Management through lease, agreement, or otherwise.

(x) "Public lands" means any land and interest in land outside of Alaska owned by the United States and administered by the Secretary of the Interior through the Bureau of Land Management, except lands located on the Outer Continental Shelf and lands held for the benefit of Indians.

(y) "Range betterment fund" means the separate account in the Treasury established by section 401(b)(1) of the Federal Land Policy and Management Act of 1976 consisting of 50 per centum of all moneys received by the United States as fees for grazing livestock on public lands.

(z) "Range improvement" means any activity on or relating to rangelands designed to improve production of forage, change vegetation composition, control pattern of use, provide water, stabilize soil and water conditions, and enhance habitat for livestock, fish, wildlife, and wild horses and burros.

(aa) "Secretary" means the Secretary of the Interior or his authorized officer.

(bb) "Service area" means the area that can be properly grazed by livestock watering at a certain water. In determining this area, natural and cultural barriers, recognized habits of livestock, proper livestock practices, and range management factors shall be considered.

(cc) "Supplemental feed" means concentrates or harvested feed supplied to livestock to supplement the range forage.

(dd) "Suspended preference" means that portion of a grazing preference which has been suspended and for which active grazing use will not be reauthorized until forage is available and allocated for livestock grazing use on a sustained yield basis.

(ee) "Suspension" means temporarily withholding, in whole or in part, grazing use authorized under a grazing permit, lease or other grazing use authorization.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5788, Jan. 19, 1981; 46 FR 12496, Feb. 17, 1981]

§ 4100.0-7 Cross-references.

The regulations in Subpart 1784 of this chapter govern advisory boards and the regulations in Part 4 of this title govern appeals and hearings.

Subpart 4110—Allocation of Grazing Use

§ 4110.1 Mandatory qualifications.

Except as provided under §§ 4130.3 and 4130.4-3, to qualify for grazing use on the public lands an applicant must be engaged in the livestock business, must own or control land or water base property, and must be:

(a) A citizen of the United States or have properly filed a valid declaration of intention to become a citizen or a valid petition for naturalization; or

(b) A group or association authorized to conduct business in the State in which the grazing use is sought, all members of which are qualified under paragraph (a) of this section; or

(c) A corporation authorized to conduct business in the State in which the grazing use is sought.

§ 4110.2 Grazing preference.

§ 4110.2-1 Base property.

(a) The authorized officer shall find land or water owned or controlled by an applicant to be base property (see § 4100.0-5(g)) if:

(1) It serves as a base for a livestock operation which utilizes public lands within a grazing district; or

(2) It is contiguous land, or noncontiguous land when no applicant owns or controls contiguous land, used in conjunction with a livestock operation which utilizes public lands outside a grazing district.

(b) The authorized officer shall specify the length of time for which land base property shall be capable of supporting authorized livestock during the year, based on the management requirements for the public lands.

(c) An applicant shall provide a legal description, or plat, of his base property and shall certify to the authorized officer that this base property meets the requirements under paragraphs (a) and (b) of this section and § 4100.0-5(g).

[43 FR 29067, July 5, 1978, as amended at 46 FR 5788, Jan. 19, 1981]

§ 4110.2-2 Grazing preference allocation.

(a) Grazing preference shall be allocated to qualified applicants following the allocation of the vegetation resources among livestock grazing, wild free-roaming horses and burros, wildlife, and other uses in the land use plans.

(b) Applicants who own or control base property contiguous to or cornering upon public land outside of a grazing district where such public land consists of an isolated or disconnected tract embracing 760 acres or less shall have a preference right for 90 days after the tract has been offered for lease to lease the whole tract.

(c) The animal unit months of grazing preference are attached to: (1) The acres of land base property on a pro rata basis, or (2) water base property on the basis of the livestock grazing capacity within the service area of that water.

§ 4110.2-3 Transfer of grazing preference.

(a) Transfers of grazing preference in whole or in part are subject to the following requirements:

(1) The transferee shall meet all necessary qualifications for a grazing preference under the regulations of this part.

(2) Approval of the transfer shall not disrupt that stability of the livestock industry in the general area within which the public lands involved are located.

(3) The transfer applications under paragraphs (b) and (c) of this section, shall evidence assignment of interest and obligation in range improvements authorized on public lands under § 4120.6 and used and maintained in conjunction with the transferred preference (see § 4120.6-5). The transferee shall accept the terms and conditions of the cooperative agreements and range improvement permits with such modifications deemed necessary by the authorized officer.

(4) The transferee shall accept the terms and conditions of the terminating grazing permit or lease (see § 4130.2) with such modifications as he may request which are approved by the authorized officer or with such modifications as may be required by the authorized officer. Such modifications shall be consistent with the land use plans.

(5) The transferee shall file an application for a grazing permit or lease to the extent of the transferred preference simultaneously with filing a transfer application under paragraph (b) or (c) of this section.

(b) If base property is sold or leased, the transferee shall file with the authorized officer a properly executed transfer application showing the base property and the amount of grazing preference being transferred, in animal unit months, within 60 days of the date of sale or lease. If the transfer application has been timely filed and the requirements under paragraph (a) of this section have been met, the authorized officer may approve the transfer of the grazing preference attached to the affected base property, may approve the assignment of interest and obligation in range improvements on the public lands, and may issue a grazing permit or lease.

(c) If a grazing preference is being transferred from one base property to another base property, the transferee shall file with the authorized officer a properly completed transfer application in advance for approval. The transfer application shall: (1) State the amount of grazing preference being transferred, in animal unit months, (2) include a legal description of the old and new base property, (3) contain the concurrence of any lien holder, and (4) contain the consent of the owner(s) of the base property from which the transfer is to be made, unless the transferor is a lessee of the base property without whose livestock operation a grazing preference would not have been established, in which case the consent of the owner of the base property is not required. If the transfer application has been properly filed and the requirements under paragraph (a) of this section have been met, the authorized officer may approve the transfer of grazing preference between the base properties, may approve the assignment of interest and obligation in range improvements on the public lands, and may issue a grazing permit or lease.

(d) At the date of approval of a transfer, the existing grazing permit or lease shall terminate automatically and without notice to the extent of the transfer.

(e) If an unqualified transferee acquires rights in base property through operation of law or testamentary deposition, such transfer will not affect the grazing preference or any outstanding grazing permit or lease, or preclude the issuance or renewal of a grazing permit or lease based on such property for a period of 2 years after the transfer. However, such a transferee shall qualify under paragraph (a) of this section within the 2-year period or the grazing preference shall be subject to cancellation. The authorized officer may grant extensions of the 2-year period where there are delays solely attributable to probate proceedings.

(f) Failure of the transferee to comply with the regulations of this section may result in the cancellation of the grazing preference.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5788, Jan. 19, 1981]

§ 4110.2-4 Relinquishment of grazing preference.

Upon written request, the authorized officer shall accept the relinquishment of a grazing preference in whole or in part. No such relinquishment shall be accepted without the written concurrence of any lien holder and the written consent of the owner(s) of the base property to which the preference is attached, unless the applicant is a lessee of the base property without whose livestock operation a grazing preference would not have been established.

§ 4110.3 Changes in available forage.

The allocation of forage for livestock grazing shall be determined through the land use plan which has been prepared in consultation, coordination and cooperation with affected grazing permittees and lessees, owners of intermingled lands, and other affected interests.

[46 FR 5789, Jan. 19, 1981]

§ 4110.3-1 Additional forage.

Additional forage may be allocated to qualified applicants for livestock grazing use at the discretion of the authorized officer if this use is consistent with the land use plans.

(a) Additional forage temporarily available for livestock grazing use, including forage which is temporarily available within an allotment because of a change in grazing use under § 4130.6, may be allocated on a nonrenewable basis.

(b) Additional forage permanently available for livestock grazing use shall first be allocated in satisfaction of grazing preferences to the permittee(s) or lessee(s) authorized to graze in the allotment in which the forage is available.

(c) Additional forage permanently available for livestock grazing use over and above the preference(s) of the permittee(s) or lessee(s) in an allotment may be allocated in the following priority to:

(1) Permittee(s) or lessee(s) in proportion to their preferences or in proportion to the permittee's or lessee's contribution or efforts which resulted in increased forage production; or

(2) Other qualified applicants under § 4110.5.

(d) Additional forage for livestock grazing use shall be allocated to qualified applicants by the authorized officer in accordance with the land use plan. The authorized officer shall provide that permanent increases in allocations of livestock forage be phased in over a period not to exceed 5 years, except that increases of 15 percent or less of the authorized active use for the previous year shall be phased in over a period of less than 5 years. The authorized officer may subsequently modify (either increase or decrease) the allocation of forage to livestock based on the results of monitoring and the land use plan.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5789, Jan. 19, 1981]

§ 4110.3-2 Decrease in forage.

(a) When authorized grazing use exceeds the amount of forage available for livestock grazing within an allotment on a temporary basis: (1) Due to drought, fire, or other natural causes, or (2) to facilitate installation, maintenance, or modification of range improvements, grazing permits or leases may be suspended in whole or in part.

(b) When authorized grazing use exceeds the amount of forage available and allocated for livestock grazing within an allotment or where reduced grazing use is necessary to facilitate achieving the objectives in the land use plans, grazing authorized under grazing permits or leases shall be reduced to the livestock grazing capacity. The difference between the authorized grazing use and the grazing preference shall be held in suspension.

(c) Suspensions under paragraph (b) of this section shall be implemented over a 5-year period, with an initial reduction taken on the effective date of the decision and the balance taken in the third and fifth years following the effective date of the decision, except as provided in paragraphs (d) and (e) of this section The initial reduction, in combination with other management actions specified in the decision, shall be sufficient to achieve significant progress toward achieving the vegetation objectives set forth in the land use plan for the five-year period. In allotments containing more than one permittee or lessee, suspensions under paragraphs (a) or (b) of this section shall be equitably apportioned by the authorized officer or as agreed among the permittees or lessees and the authorized officer.

(d) The authorized officer shall schedule suspensions under paragraph (b) of this section over a period of less than 5 years if, after consultation with the affected permittees or lessees and other affected interest—

(1) An agreement is reached to implement the suspension in less than 5 years;

(2) The authorized officer determines that the suspension is required within less than 5 years to sustain resource productivity, i.e., to protect the resource from substantial and long-term damage; or

(3) The total scheduled suspension is 15 percent or less of the authorized active grazing use for the previous year.

(e) Prior to implementation of each step of a phased suspension, the authorized officer shall review available information to determine whether the amount of the suspension should be modified (either increased or decreased). If the authorized officer determines that monitoring data indicate that the amount of a scheduled suspension should be modified, a new decision shall be issued under Subpart 4160 of this title. However, the new decision shall not extend a phase-in period established in a previous decision.

[43 FR 29067, July 5, 1978, as amended at 45 FR 47105, July 11, 1980; 46 FR 5789, Jan. 19, 1981]

§ 4110.4 Changes in public land acreage.

§ 4110.4-1 Additional land acreage.

When land outside designated allotments becomes available for grazing administration by the Bureau of Land Management, the forage available for livestock grazing may be allocated to qualified applicants at the discretion of the authorized officer if this use is consistent with the land use plans. Grazing use will be allocated under § 4110.5.

§ 4110.4-2 Decrease in land acreage.

(a) Where there is a decrease in public land acreage available for livestock grazing use within an allotment, grazing permits or grazing leases and grazing preferences shall be canceled in whole or in part. The cancellations will be equitably apportioned by the authorized officer or as agreed to among authorized users and the authorized officer.

(b) When public lands are disposed of or devoted to a public purpose which precludes livestock grazing, the permittees and lessees shall be given 2 years' prior notification except in cases of emergency (military defense requirements in time of war, natural disasters, national emergency needs, etc.), before their grazing permit or grazing lease and grazing preference may be canceled in whole. A permittee or lessee may unconditionally waive the 2-year prior notification. Such a waiver shall not prejudice the permittee's or lessee's right to reasonable compensation for the fair market value of his interest in authorized permanent range improvements located on these public lands (see § 4120.6-6).

§ 4110.5 Conflicting applications.

When more than one qualified applicant applies for livestock grazing use of the same public land and/or where additional forage or additional land acreage becomes available, the authorized officer may allocate grazing use of such land or forage consistent with the land use plans on the basis of any of the following factors:

(a) Historical use of the public lands (see § 4130.2(e));

(b) Proper range management and use of water for livestock;

(c) General needs of the applicants' livestock operations;

(d) Public ingress and egress across privately owned or controlled land to public lands;

(e) Topography;

(f) Other land use requirements unique to the situation.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5789, Jan. 19, 1981]

§ 4110.6 Interest of Member of Congress.

Title 18 U.S.C. 431-433 (1970) generally prohibits a Member of or Delegate to Congress from entering into any contract or agreement with the United States. Title 41 U.S.C. 22 (1970) generally provides that in every contract or agreement to be made or entered into, or accepted by or on behalf of the United States, there shall be inserted an express condition that no Member of or Delegate to Congress shall be admitted to any share or part of such contract or agreement, or to any benefit to arise thereupon. The provisions of these laws are incorporated herein by reference and apply to all permits, leases, and agreements issued under these regulations.

Subpart 4120—Grazing Management

§ 4120.1 Allotments.

As land use plans are prepared, the authorized officer shall designate allotments where the public lands and other lands under Bureau of Land Management control are suitable and available for livestock grazing.

§ 4120.2 Terms and conditions.

Livestock grazing permits and leases shall contain terms and conditions necessary to achieve the management objectives for the public lands and other lands under Bureau of Land Management control identified in land use plans.

§ 4120.2-1 Mandatory terms and conditions.

(a) The authorized officer shall specify the kind and number of livestock, the period(s) of use, the allotment(s) to be used, and the amount of use, in animal unit months, that can be made in every grazing permit or lease. The authorized livestock grazing use shall not exceed the livestock grazing capacity and shall be limited or excluded to the extent necessary to achieve the objectives established for the allotment.

(b) If it has been determined that allotment management plans are not necessary, or if allotment management plans have not been implemented where they are needed, the authorized officer shall incorporate terms and conditions under this section in grazing permits or leases. The authorized officer shall modify these terms and conditions if the condition of the range requires modification of grazing use and may cancel grazing permits or grazing leases and grazing preferences as conditions warrant. These modifications and cancellations may be made at any time and shall be put into full force and effect on the date specified by the authorized officer. See § 4110.3-2.

(c) All permits and leases shall be made subject to cancellation, suspension or modification, as required by land use plans, and subject to applicable law.

(d) All permits and leases shall include the provisions that such permits and leases shall be subject to annual review, and to modification in accordance with applicable law.

§ 4120.2-2 Other terms and conditions.

The authorized officer may specify in grazing permits or leases other terms and conditions which will assist in achieving objectives identified in land use plans, provide for proper range management, or assist in the orderly administration of the public rangelands. This may include, but is not limited to—

(a) The class of livestock that will graze on an allotment;

(b) The breed of livestock in allotments within which two or more permittees or lessees are authorized to graze;

(c) Authorization to use, and directions for the placement of, supplemental feed, including salt, for livestock on the public lands;

(d) A requirement that permittees or lessees, operating under a grazing permit or lease not incorporating an allotment management plan, submit within 15 days after completing their annual grazing use, or as otherwise specified in the permit or lease, a report of the actual livestock grazing use made;

(e) The kinds of indigenous animals authorized to graze under specific terms and conditions;

(f) Provision for livestock grazing to be temporarily delayed, discontinued or modified to provide for the reproduction, establishment or restoration of vigor of plants, or to prevent compaction of wet soils, such as where delay of spring turnout is required because of weather conditions or lack of plant growth; and

(g) The percentage of public land use determined by the proportion of livestock forage available on public lands within the allotment compared to the total amount available from both public lands and those owned or controlled by the permittee or lessee.

[46 FR 5789, Jan. 19, 1981]

§ 4120.2-3 Allotment management plans.

Grazing management may be applied on allotments through the preparation and implementation of allotment management plans which are developed within the framework of the land use plan provided for in § 4110.2-2(a) of this title.

(a) An allotment management plan shall be prepared in careful and considered consultation, cooperation, and coordination with its affected permittee(s) or lessee(s), landowners involved, the district grazing advisory boards where established, any State having lands within the area to be covered by such an allotment management plan, and when approved by the authorized officer shall be implemented (see § 4100.0-5(d) of this title). The allotment management plan shall include terms and conditions under § 4120.2-1 of this title, may include terms and conditions under § 4120.2-2 of this title, and shall prescribe a system of grazing designed to meet specific management objectives. The plan shall include the limits of flexibility within which the permittee or lessee may adjust his/her operation without prior approval of the authorized officer. The plan shall provide for the collection of data that shall be used to evaluate the effectiveness of the system of grazing in achieving the specific objectives.

(b) Private and State lands shall be included in the allotment management plan if these lands are unfenced and are intermingled with the public lands in the allotment or with the consent or at the request of the party who owns or controls these lands.

(c) Allotment management plans may be revised or terminated by the authorized officer after review and careful and considered consultation, cooperation, and coordination with the parties involved.

(d) If allotment management plans have been prepared, the authorized officer shall incorporate these plans in grazing permits or leases when they are issued. If grazing permits or leases have been issued prior to the preparation of allotment management plans, the authorized officer shall incorporate the allotment management plans in the grazing permits or leases when these plans are completed.

(e) Permittees or lessees operating under a grazing permit or lease incorporating an allotment management plan shall submit within 15 days after completing their annual grazing use, or as otherwise specified in the permit or lease, a report of the actual grazing use made.

(f) Decisions which specify that the terms and conditions of allotment management plans are incorporated into grazing permits or leases may be protested and appealed under Subpart 4160 of this title.

[43 FR 29067, July 5, 1978, as amended at 45 FR 47105, July 11, 1980; 46 FR 5789, Jan. 19, 1981]

§ 4120.3 Temporary modifications and closures to livestock use.

When the authorized officer determines that the soil, vegetation, or other resources on the public lands require temporary protection because of conditions such as drought, fire, flood, or insect infestation, and after consultation with affected permittees or lessees and other affected interests, action shall be taken either to close allotments or portions of allotments to grazing by any kind of livestock or to modify authorized grazing use.

(a) Notices of closure and decisions requiring modification of authorized grazing use shall be issued as final decisions which are placed in full force and effect under § 4160.3(c) of this title; and shall—

(1) State the reasons for the action;

(2) Specify the period of time during which the closure or modification will remain in effect and/or describe the resource conditions that must be present before the regularly authorized grazing use may resume;

(3) Be served personally or by certified mail to those who are authorized to graze livestock on the allotments affected;

(4) Require all owners of livestock affected to remove such livestock or modify grazing use as specified in the decision; and

(5) In the case of a closure, be published in the local newspaper(s) and be posted at the county courthouse and post office near the public land involved.

(b) The authorized officer shall modify grazing use authorizations as required by actions taken under paragraph (a) of this section.

(c) The authorized officer may, as provided under § 4150.5 of this title, impound, remove, and dispose of any livestock found in violation of a closure or modification of grazing use required under paragraph (a) of this section.

[46 FR 5789, Jan. 19, 1981]

§ 4120.4 Ownership and identification of livestock.

(a) The permittee or lessee shall own or control and be responsible for the management of the livestock which graze the public lands under a grazing permit or lease. If the permittee or lessee does not own the livestock, he shall furnish the authorized officer a document specifying the kind and number of livestock, the brand or other marking the livestock are carrying, and the arrangements which in fact give him control of the livestock. This document shall be approved by the authorized officer prior to placing the livestock on the public lands.

(b) All cattle, horses, and burros over 6 months of age shall carry a brand which has been filed with the authorized officer. All sheep and goats over 6 months of age shall be identified with an earmark, paint brand, or other marking that has been filed with the authorized officer.

(c) The authorized officer may exempt certain livestock from the minimum requirements under paragraph (b) of this section. An alternative method of identifying the livestock satisfactory to the authorized officer shall be used in such instances.

(d) The authorized officer may require counting and/or additional or special marking or tagging of the authorized livestock in order to control unauthorized grazing use or in order to otherwise promote the orderly administration of the public lands.

§ 4120.5 State livestock requirements.

Authorized users shall comply with the requirements of the State in which the public lands are located relating to: branding of livestock; breed, grade, and number of bulls; and health and sanitation requirements.

§ 4120.6 Range improvements.

§ 4120.6-1 Conditions for range improvements.

(a) Range improvements shall be installed, used, maintained, and/or modified on the public lands, or removed from these lands, in a manner consistent with the land use plans.

(b) Prior to installing, using, maintaining, and/or modifying range improvements on the public lands, permittees or lessees shall have entered into a cooperative agreement with the Bureau of Land Management or must have an approved range improvement permit.

(c) The authorized officer may require a permittee or lessee to install, maintain, and/or modify range improvements on the public lands.

(d) A range improvement permit or cooperative agreement does not convey to the permittee or cooperator right, title, or interest in any lands or resources held by the United States.

(e) When appropriated, one-half of the range betterment funds (see § 4130.5-1(f)) shall be available for use in the district from which the grazing fees were collected for the purpose of on-the-ground rehabilitation, protection, and improvement of public lands. The other one-half of the range betterment funds shall be used for on-the-ground range rehabilitation, protection, and improvement of public lands at the discretion of the Director. The range betterment funds shall be used as directed after consultations with user representatives. These funds shall be used for the installation, maintenance, modification, and removal of range improvements including such things as planning, environmental assessment, design, survey, materials, equipment, labor, and supervision related to these improvements.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5790, Jan. 19, 1981]

§ 4120.6-2 Cooperative agreements.

Any permittee or lessee may enter into a cooperative agreement with the Bureau of Land Management for the installation, use, maintenance, and/or modification of range improvements needed to achieve management objectives within his designated allotment. The cooperative agreement shall specify the division of cost or labor, or both, between the United States and permittees or lessees. The United States shall have title to range improvements authorized under cooperative agreements.

§ 4120.6-3 Range improvement permits.

(a) Any permittee or lessee may apply for a range improvement permit to install, use, maintain, and/or modify range improvements that are needed to achieve management objectives within his designated allotment. The permittee or lessee shall agree to provide full funding for construction, installation, modification, or maintenance. Such range improvement permits are issued at the discretion of the authorized officer.

(b) The permittee or lessee shall have title to removable range improvements authorized under range improvement permits.

(c) The use by livestock of stock ponds or wells on public lands which are recognized as base water under § 4110.2-1 of this title and authorized by a range improvement permit shall be controlled by the grazing permittee or lessee holding the range improvement permit.

[46 FR 5790, Jan. 19, 1981]

§ 4120.6-4 Standards, design, and stipulations.

Range improvement cooperative agreements and permits shall specify the standards, design, and construction and maintenance criteria for the range improvements and shall include additional conditions and stipulations deemed necessary by the authorized officer to facilitate achieving the objectives in the land use plans. Where an existing range improvement is significantly inconsistent with these objectives, the authorization for the improvement may be modified by the authorized officer to reflect needed changes. Upon failure of the permittee or lessee to comply with the standards, design, construction, and maintenance criteria, and/or the conditions and stipulations specified by the authorized officer or failure to comply with the authorized officer's order to modify and existing range improvement, authorization for the improvement may be canceled.

§ 4120.6-5 Assignment of range improvements.

The authorized officer shall not approve the transfer of a grazing preference under § 4110.2-3 nor approve use by the transferee of existing range improvements, unless the transferee has agreed to compensate the transferor for fair market value of his interest in the authorized improvements within the allotment as of the date of transfer. If the parties are unable to agree as to the amount or manner of reasonable compensation, the matter shall be resolved by the authorized officer.

§ 4120.6-6 Removal and compensation for loss of range improvements.

(a) Range improvements shall not be removed from the public lands without authorization.

(b) The authorized officer may require permittees or lessees to remove range improvements which they own on the public lands if these improvements are no longer serving the purpose for which they were installed or if they fail to meet the criteria under § 4120.6-4.

(c) If grazing permits or grazing leases and grazing preferences are canceled in whole or in part because the public lands are being disposed of or devoted to a public purpose which precludes livestock grazing, the permittees or lessees shall receive fair market value from the United States for their interest in the authorized permanent range improvements located on the public lands (less salvage value) which will no longer be available for livestock grazing.

(d) Permittees or lessees may be allowed a period of 180 days from the date of cancellation of a range improvement permit to salvage material owned by them and to perform such rehabilitation measures as are deemed necessary by the authorized officer.

§ 4120.6-7 Contributions.

The authorized officer may accept contributions of labor, material, equipment, or money for administration, protection, and improvement of the public lands necessary to achieve the objectives of this part.

§ 4120.7 Cooperation in management.

The Bureau of Land Management may cooperate with Federal, State, and/or local governmental entities, institutions, organizations, corporations, associations, and individuals to achieve the objectives of this part.

§ 4120.8 Special rules.

Whenever it appears to a State Director that local conditions within his administrative jurisdiction require a special rule to achieve improved administration consistent with the objectives of this part, he may recommend such a rule for approval by the Director. These recommendations shall be subject to public review and comment, as appropriate, and upon approval shall become effective when published in the FEDERAL REGISTER as final rules. Special rules shall be published in a newspaper within the local area. Copies of the rule shall be sent to those who are authorized to graze livestock in the area where the special rule is applicable.

Subpart 4130—Authorizing Grazing Use

§ 4130.1 Applications.

Applications for grazing permits or leases (active use and nonuse), free-use grazing permits and other grazing authorizations shall be filed timely with the authorized officer at the local Bureau of Land Management office having jurisdiction over the public lands involved.

§ 4130.2 Grazing permits or leases.

(a) The Bureau of Land Management shall offer grazing permits or leases for a term not to exceed 10 years to qualified applicants.

(b) Grazing permits or leases shall be issued to authorize livestock grazing on the public lands and other lands under Bureau of Land Management control. These grazing permits or leases shall include appropriate terms and conditions under § 4120.2. Grazing use under these permits or leases may include active grazing use, nonuse, or a combination of active use and nonuse.

(c) Grazing permits or leases convey no right, title, or interest held by the United States in any lands or resources.

(d) (1) Grazing permits or leases authorizing livestock grazing on the public lands and other lands under BLM control shall be issued for a term of 10 years, unless: (i) The land is pending disposal; (ii) the land will be devoted to a public purpose which precludes grazing prior to the end of 10 years; or (iii) it will be in the best interest of sound land management to specify a shorter term.

(2) Exceptions to the issuance of a grazing permit or lease for a term of 10 years shall be made on a case-by-case basis. In determining whether the interest of sound land management warrants the issuance of a grazing permit or lease for less than 10 years, the following are elements that the authorized officer shall consider:

(i) Resource conditions;

(ii) Availability of resource and use data;

(iii) Use conflicts;

(iv) Availability of completed land use plans, except that the absence of a completed land use plan shall not be the sole basis for issuing a grazing permit or lease for a term of less than 10 years unless the authorized officer determines on a case-by-case basis that the information to be contained in such land use plan is necessary to determine whether a shorter term should be established;

(v) Whether significant adverse environmental impacts will result from issuance of a grazing permit or lease for a term of 10 years;

(vi) Expressed desire of applicant for a shorter term.

(3) Grazing permits or leases shall be modified, suspended, or canceled as required by land use planning decisions.

(4) Grazing permits or leases shall be subject to annual review and modification of terms and conditions as appropriate.

(e) Permittees or lessees holding expiring grazing permits or leases shall be given first priority for receipt of new permits or leases if:

(1) The lands remain available for livestock grazing in accordance with land use plans (see Subpart 4120);

(2) The permittee or lessee is in compliance with the regulations contained in this part and the terms and conditions of his grazing permit or lease;

(3) The permittee or lessee accepts the terms and conditions to be included in the new permit or lease by the authorized officer; and

(4) The base property offered by a grazing lessee is contiguous to the public lands to be grazed or, if noncontiguous, there are no conflicting applications submitted by those offering qualified base property which would be contiguous to the public lands to be grazed.

[43 FR 29067, July 5, 1978, as amended at 45 FR 47105, July 11, 1980; 46 FR 5790, Jan. 19, 1981; 46 FR 12496, Feb. 17, 1981]

§ 4130.3 Free-use grazing permits.

A free-use grazing permit shall be issued to any applicant whose residence is adjacent to public lands within grazing districts and who needs these public lands to support those domestic livestock owned by the applicant whose products or work are used directly and exclusively by the applicant and his family. The issuance of free-use grazing permits is subject to § 4110.5. These permits shall be issued on an annual basis. These permits cannot be transferred or assigned.

§ 4130.4 Other grazing authorizations.

Exchange-of-use grazing agreements, nonrenewable grazing permits, or leases, crossing permits, and special grazing permits or leases have no priority for renewal and cannot be transferred or assigned.

§ 4130.4-1 Exchange-of-use grazing agreements.

(a) An exchange-of-use grazing agreement may be issued to any applicant who owns or controls lands which are unfenced and intermingled with public lands when use under such an agreement would be in harmony with the management objectives for the allotment.

(b) The lands offered for exchange-of-use shall be within the exterior boundaries of the allotment to be used, except that lands outside such boundaries may be included where it would otherwise meet specific objectives identified in a land use plan or allotment management plan. Existing exchange-of-use grazing agreements involving lands outside the allotment to be used may be continued or renewed where a land use plan or allotment management plan has not been completed.

(c) An exchange-of-use grazing agreement may be issued to authorize use of public lands to the extent of the livestock grazing capacity of the lands offered in exchange-of-use. No fee shall be charged for this grazing use.

(d) The exchange-of-use grazing agreement may be issued for a term of not more than 10 years. The expiration date of the exchange-of-use agreement may coincide with the expiration date of any grazing permit or lease issued on the allotment in which the lands offered in exchange-of-use is located. If the lands offered in the exchange-of-use agreement are leased the expiration date of the exchange-of-use grazing agreement coincide with the expiration date of this lease not to exceed 10 years.

(e) During the term of the exchange-of-use grazing agreement, the Bureau of Land Management shall have management control for grazing purposes of such nonfederally owned or controlled lands under the provisions of this part and may authorize grazing use as deemed appropriate.

[45 FR 47105, July 11, 1980]

§ 4130.4-2 Nonrenewable grazing permits or leases.

Nonrenewable grazing permits of leases may be issued to qualified applicants when forage is temporarily available, provided this use does not interfere with existing livestock operations on the public lands and it is consistent with land use plans. This use shall be authorized on an annual basis only.

§ 4130.4-3 Crossing permits.

Any applicant showing the necessity for crossing the public land or other land under Bureau of Land Management control, or both, with livestock for proper and lawful purposes may be issued a crossing permit upon such terms and conditions deemed necessary by the authorized officer to achieve the objectives of this part.

§ 4130.4-4 Special grazing permits or leases.

Special grazing permits or leases authorizing grazing use by privately owned or controlled indigenous animals may be issued at the discretion of the authorized officer. This use shall be consistent with land use plans. These permits or leases shall be issued for a term deemed appropriate by the authorized officer not to exceed 10 years.

§ 4130.5 Fees.

§ 4130.5-1 Payment of fees.

(a) Grazing fees shall be established annually by the Secretary based upon the grazing fee formula in the Public Rangelands Improvement Act of 1978 (43 U.S.C. 1901).

$$\text{Economic Value (Grazing Fee)} = \$1.23\ [\text{FVI} + (\text{BCPI} - \text{PPI})]/100$$

The components of the formula are:

$1.23=fair market value for base period 1964-1968.
FVI=Forage Value Index
BCPI=Beef Cattle Price Index
PPI=Prices Paid Index

Grazing fees shall be adjusted annually to the computed economic value; subject only to the provision that adjustments, either increases or decreases, shall not be more than 25 percent of the previous year's grazing fee.

(b) The fees for each grazing fee year shall be published annually in the FEDERAL REGISTER.

(c) Fees shall be charged for livestock grazing upon or crossing the public lands and other lands under Bureau of Land Management control at a specified rate per animal unit month. For billing purposes, one cow, one horse, one burro, five sheep, or five goats shall be considered as one animal unit. A minimum annual fee of $10 shall be charged for livestock grazing upon these lands. A minimum fee of $10 shall be charged for each crossing permit issued on these lands. No fee shall be charged for livestock grazing authorized under free-use grazing permits or exchange-of-use grazing agreements. No fee shall be charged when authorizing total nonuse.

(d) The full fee shall be charged for each paying animal unit, which is defined as each animal six (6) months of age or over at the time of entering public lands, for all weaned animals regardless of age, and for such animals as will become twelve (12) months of age during the authorized period of use. No charge will be made for animals under six (6) months of age at the time of entering public lands, that are the natural progeny of animals upon which fees are paid, provided they will not become twelve (12) months of age during the authorized period of use, or for progeny born during that period.

(e) Fees are due upon issuance of the billing notice and must be paid in full prior to grazing use except where an allotment management plan providing for later payment has been incorporated in a grazing permit or lease. In such cases a billing notice based on actual use may be issued at the end of the grazing period or year, or a billing notice based on the normal operation may be issued prior to the grazing period or year followed by an adjusted billing notice based on actual use after grazing use has been completed. If an actual use report is not submitted, the amount due will be based on grazing use at the upper limit of flexibility specified in the allotment management plan. Actual use billing privileges shall be cancelled by the authorized officer where the permittee or lessee fails or refuses to—

(1) Submit a timely actual use report; or

(2) Make timely payment upon issuance of a billing notice based upon an actual use report or, if the actual use report has not been submitted, the upper level of flexibility specified in the allotment management plan.

The permittee or lessee, however, is not relieved of the responsibility for submitting an actual use report under § 4120.2-3(e).

(f) Fifty percent of the grazing fees collected for grazing livestock on public lands (other than ceded Indian lands) under the act shall be deposited in a separate account in the U.S. Treasury for the range improvement program (see § 4120.6).

(Taylor Grazing Act of 1934 as amended (43 U.S.C. 315); Federal Land Policy and Management Act of 1976 (43 U.S.C. 1751); Public Rangelands Improvement Act of 1978 (43 U.S.C. 1901))

[43 FR 29067, July 5, 1978, as amended at 44 FR 2173, Jan. 10, 1979; 46 FR 5790, Jan. 19, 1981; 46 FR 12496, Feb. 17, 1981]

§ 4130.5-2 Refunds.

(a) Grazing fees may be refunded at the discretion of the authorized officer where applications for change in grazing use and related refund are filed prior to the period of use for which the refund is requested.

(b) No refunds shall be made for failure to make grazing use, except during periods of range depletion due to drought, fire, or other natural causes, or in case of a general spread of disease among the livestock, that occurs during the term of a permit or lease. During these periods of range depletion the authorized officer may credit or refund fees in whole or in part, or fee payment may be postponed for as long as the emergency exists.

§ 4130.5-3 Service charge.

Except for actions initiated by the authorized officer, a service charge of $10 shall be made for each transfer of a grazing preference and for each replacement or supplemental billing notice issued under § 4130.6.

§ 4130.6 Changes in grazing use.

(a) Applications for changes in grazing use should be filed with the authorized officer before the billing notices for the affected grazing use have been issued. Applications for changes in grazing use filed after the billing notices for the affected grazing use have been issued and which require the issuance of replacement or supplemental billing notices shall be subject to a service charge under § 4130.5-3.

(b) Changes in grazing use may be granted at the discretion of the authorized officer if the changes applied for are compatible with existing operations and are consistent with the objectives for the affected allotments.

§ 4130.7 Pledge of permits or leases as security for loans.

Grazing permits or leases that have been pledged as security for loans from lending agencies shall be renewed by the authorized officer under the provisions of these regulations for a period of not to exceed 10 years if the loan is for the purpose of furthering the permittee's or lessee's livestock operation, *Provided,* That the permittee or lessee has complied with the rules and regulations of this part and that such renewal will be in accordance with other applicable laws and regulations. While grazing permits or leases may be pledged as security for loans from lending agencies, this does not exempt these permits or leases from the provisions of these regulations.

Subpart 4140—Prohibited Acts

§ 4140.1 Acts prohibited on public lands.

The following acts are prohibited on public lands and other lands under Bureau of Land Management control:

(a) Persons performing the following prohibited acts may be subject to civil penalties under § 4170.1:

(1) Violating special terms and conditions incorporated in permits or leases;

(2) Failing to make substantial grazing use as authorized for 2 consecutive fee years;

(3) Placing supplemental feed on these lands without authorization;

(4) Failing to comply with the terms, conditions, and stipulations of range improvement cooperative agreements or range improvement permits;

(5) Refusing to install, maintain, modify, or remove range improvements when so directed by the authorized officer.

(b) Persons performing the following prohibited acts may be subject to civil and criminal penalties under §§ 4170.1 and 4170.2:

(1) Allowing livestock on or driving livestock across these lands—

(i) Without a permit, lease or other grazing use authorization;

(ii) In violation of the terms and conditions of a permit, lease, or other grazing use authorization including, but not limited to, livestock in excess of the number authorized;

(iii) In an area or at a time different from that authorized; or

(iv) Failing to comply with a requirement under § 4120.4(d) of this title.

(2) Installing, using, maintaining, modifying, and/or removing range improvements without authorization;

(3) Cutting, burning, spraying, destroying, or removing vegetation without authorization;

(4) Damaging or removing U.S. property without authorization;

(5) Molesting livestock authorized to graze on these lands;

(6) Littering;

(7) Violating any provision of Part 4700 of subchapter concerning the protection and management of wild free-roaming horses and burros;

(8) Violating any Federal or State laws or regulations concerning conservation or protection of natural and cultural resources or the environment including, but not limited to, those relating to air and water quality, protection of fish and wildlife, plants, and the use of chemical toxicants;

(9) Interfering with lawful uses of users;

(10) Knowingly or willfully making a false statement or representation in base property certifications, grazing applications, range improvement permit applications, cooperative agreements, and/or amendments thereto;

(11) Violating State livestock requirements relating to branding of livestock; breed, grade, and number of bulls; and health and sanitation requirements;

(12) Allowing privately owned or controlled indigenous animals on or driving them across these lands—

(i) Without a permit, lease or other grazing use authorization;

(ii) In violation of the terms and conditions of a permit, lease, or other grazing use authorization including, but not limited to, animals in excess of the number authorized;

(iii) In an area or at a time different from that authorized; or

(iv) Failing to comply with a requirement under § 4120.4(d) of this title.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5790, Jan. 19, 1981]

Subpart 4150—Unauthorized Grazing Use

§ 4150.1 Violations.

Violation of § 4140.1(b)(1) constitutes unauthorized grazing use. Violators shall be liable in damages to the United States for the forage consumed by their livestock, for injury to Federal property caused by their unauthorized grazing use, and for expenses incurred in impoundment and disposal, and may be subject to civil penalities or criminal sanction for such unlawful acts. Violation of § 4140.1(b)(12) also constitutes unauthorized grazing use and violators are subject to the provisions of this subpart as deemed appropriate.

§ 4150.2 Notice and order to remove.

(a) Whenever it appears that a violation exists and the owner of the unauthorized livestock is known, written notice shall be served upon the alleged violator or his agent, or both, by certified mail or personal delivery and a copy of the notice shall be sent to any lien holder of record. The notice shall set forth the act or omission constituting the violation and refer to the specific terms, conditions, and provisions, of these regulations alleged to have been violated. It shall also order the alleged violator to remove the livestock within a specified time. The notice shall allow a specified time from receipt of notice for the alleged violator to show that there has been no violation or to make settlement under § 4150.3. If the alleged violator fails to comply with the notice, the authorized officer may proceed to impound the livestock under § 4150.5.

(b) When neither the owner of the unauthorized livestock nor his agent is known, the authorized officer may proceed to impound the livestock under § 4150.5.

(c) A notice alleging unauthorized horse or burro use in areas with wild free-roaming horses and burros shall specify that the unauthorized horses or burros can be claimed and gathered only in accordance with the procedures of Part 4700 of this subchapter.

§ 4150.3 Settlement.

The authorized officer shall analyze the facts and circumstances of the case and shall determine if the violation is nonwillful or willful and, if it is willful, whether it is a repeated violation. When violations are determined to be nonwillful, settlement shall be made under paragraphs (a)(1) and (a)(3) of this section. When violations are determined to be willful, or willfully repeated, settlement shall be made under paragraphs (a) (2), (3), and (4) of this section and the authorized officer shall take action under § 4170.1-1.

(a) The amount due the United States in settlement for unauthorized grazing use shall be determined by the authorized officer as follows:

(1) "Nonwillful violations." The value of forage consumed as determined by the average monthly rate for pasturing livestock on privately owned land (excluding irrigated land) for the 11 Western States as published annually by the Department of Agriculture.

(2) "Willful and repeated willful violations." Twice the value of the forage consumed as determined in paragraph (a)(1) of this section.

(3) The full value for all damages to the public lands and other property of the United States.

(4) All expenses incurred by the United States including those incurred in gathering, impounding, caring for, and disposing of livestock in cases which necessitate impoundment under § 4150.5.

(b) Payment made under this section does not relieve the alleged violator of any criminal liability under Federal or State law.

(c) Violators shall not be authorized to make grazing use on the public lands or other lands administered by the Bureau of Land Management until any amount found to be due the United States under this section has been paid. The authorized officer may take action under § 4160.1-2 or 4160.5, of this title, to cancel or suspend grazing authorizations or to deny approval of applications for grazing use until such amounts have been paid.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5791, Jan. 19, 1981]

§ 4150.4 Demand for payment.

Where the livestock have been removed, but satisfactory settlement has not been made within the time allowed under § 4150.2, a certified letter demanding payment will be sent or personally delivered to the owner or his agent, or both, and a copy of the letter shall be sent to any lienholder of record. This letter shall allow not more than 15 days from date of receipt to settle the obligation.

§ 4150.5 Impoundment and disposal.

Unauthorized livestock remaining on the public lands or other lands under Bureau of Land Management control, or both, after the date set forth in the notice and order to remove sent under § 4150.2 may be impounded and disposed of by the authorized officer as provided herein.

§ 4150.5-1 Notice of intent to impound.

(a) A written notice of intent to impound shall be sent by certified mail or personally delivered to the owner or his agent, or both, and a copy of the notice shall be sent to any lienholder of record. The written notice shall indicate that unauthorized livestock on the specified public lands or other lands under Bureau of Land Management control, or both, may be impounded any time after 5 days from delivery of the notice.

(b) Where the owner and his agent are unknown, or where both a known owner and his agent refuses to accept delivery, a notice of intent to impound shall be published in a local newspaper and posted at the county courthouse and a post office near the public land involved. The notice shall indicate that unauthorized livestock on the specified public lands or other lands under Bureau of Land Management control, or both, may be impounded any time after 5 days from publishing and posting the notice.

§ 4150.5-2 Impoundment.

(a) Any time after 5 days from delivery of the notice under § 4150.5-1(a) or any time after 5 days from publishing and posting the notice under § 4150.5-1(b), the unauthorized livestock may be impounded.

(b) Unauthorized livestock may be impounded without further notice any time within the 12-month period following the effective date of a notice given under § 4150.5-1 (a) or (b).

§ 4150.5-3 Notice of public sale.

Following the impoundment of livestock under this subpart the livestock may be disposed of by the authorized officer under these regulations or, if a suitable agreement is in effect, they may be turned over to the State for disposal. If the authorized officer disposes of the livestock, he shall publish a notice of sale in a local newspaper and post his notice at the county courthouse and at a post office near the land involved. The notice shall describe the livestock and specify the date, time, and place of sale. The sale date shall be at least 5 days after the publication and posting of the notice. Any known owners or agents, or both, and lienholders of record shall be notified in writing by certified mail or by personal delivery of the sale and the procedure by which the impounded livestock may be redeemed prior to the sale.

§ 4150.5-4 Redemption.

Any owner or his agent, or both, or lien-holder of record of the impounded livestock may redeem them under these regulations or, if a suitable agreement is in effect, in accordance with State law, prior to the time of sale upon settlement with the United States under § 4150.3 or adequate showing that there has been no violation.

§ 4150.5-5 Sale.

If the livestock are not redeemed on or before the date and time fixed for their sale, they shall be offered at public sale to the highest bidder by the authorized officer under these regulations or, if a suitable agreement is in effect, by the State. If a satisfactory bid is not received, the livestock may be reoffered for sale, condemned and destroyed, or otherwise disposed of under these regulations or, if a suitable agreement is in effect, in accordance with State law. When livestock are sold by the authorized officer under these regulations, he shall furnish the purchaser a bill of sale. If sold by the State, the Bureau of Land Management shall be reimbursed for the amount due under § 4150.3 up to the amount received for sale of the livestock.

§ 4150.6 Closure to control unauthorized grazing use.

To control unauthorized grazing use, the authorized officer may temporarily close allotments or portions of allotments to grazing by any kind or class of livestock different from those authorized to graze in the allotment, for a period not to exceed 12 months. The action taken by the authorized officer shall be specified in a written notice of closure which shall—

(a) State why the allotments, or portions of allotments, are being closed;

(b) Specify the kind or class of livestock to which the areas are closed;

(c) Specify the period for which the areas will be closed;

(d) Be published in the local newspaper(s);

(e) Be posted at the county courthouse and at a post office near the public land area involved;

(f) Be delivered personally or by certified mail to those who are authorized to graze livestock on the allotments affected;

(g) Be issued as a final decision in full force and effect under § 4160.3(c); and

(h) Require all owners of unauthorized livestock affected thereby to remove such livestock in accordance with provisions of the notice. The authorized officer may proceed to impound, remove, and dispose of any livestock found in violation of the closing notice after the closure date specified in the notice in accordance with § 4150.5-2 through § 4150.5-5 of this title.

[46 FR 5791, Jan. 19, 1981]

Subpart 4160—Administrative Remedies

§ 4160.1 Proposed decisions.

§ 4160.1-1 Proposed decisions on permits or leases.

The authorized officer shall serve a proposed decision on any applicant, permittee or lessee, or his agent, or both, who is affected by his/her proposed action on applications for permits (including range improvement permits) or leases or by his/her proposed action related to terms and conditions or permits (including range improvement permits) or leases, by certified mail or personal delivery, and shall notify any lienholder of record of the proposed decision. The authorized officer shall also send copies to those who have indicated in writing that their interests may be affected by the proposed decision. The proposed decision shall state that reasons for the action, including reference to the pertinent terms, conditions and/or provisions of these regulations, and shall provide for a period of 15 days after receipt for the filing of a protest.

(a) Following completion of each grazing environmental impact statement and land use plan, the authorized officer shall prepare and distribute for public information a rangeland program summary and appropriate updates for the area before issuing proposed decisions to grazing permittees or lessees which would adjust livestock grazing use under § 4110.3-1(b) or § 4110.3-2(b) of this title, unless a specific exception is approved by the State Director on a case-by-case basis because resource conditions require more immediate action.

(1) The rangeland program summary shall summarize the land use planning objectives and decisions for all rangeland uses and shall set forth those decisions that affect livestock grazing, including, for each allotment, the allocation of forage to livestock; the relationship of those planning decisions to the alternatives analyzed in the environmental impact statement; and the costs and benefits of the program. The rangeland program summary shall also describe the procedures and time available for all affected interests to express their views or take action on decisions set forth in the document.

(2) Rangeland program summary updates shall be prepared prior to the initial adjustment and each subsequent step of phased adjustments scheduled under §§ 4110.3-1(d) and 4110.3-2(d) of this title. The first rangeland program summary update shall summarize the actions being proposed to achieve the land use planning objectives and to implement the land use planning decisions and the monitoring program for the area. Subsequent updates shall summarize, by allotment, the progress toward achieving these objectives and implementing these decisions and shall identify any proposals by the authorized officer to modify scheduled adjustments in livestock grazing use.

(b) The authorized officer shall include in proposed decisions which would adjust livestock grazing use under § 4110.3-1(b) or § 4110.3-2(b) of this title the recognized grazing preference, the allocation of forage to livestock, the specific schedule for implementing the adjustments, the specific management objectives for the allotment, the resource values to be evaluated to determine progress in meeting these objectives, the changes in these values that would warrant a modification of the scheduled adjustments and other information necessary to set forth actions required to achieve the required management objectives for the allotment.

[46 FR 5791, Jan. 19, 1981]

§ 4160.1-2 Proposed decisions on alleged violations.

If the authorized officer determines that a permittee or lessee appears to have violated any provision of this part he shall serve a proposed decision on the permittee or lessee, or his agent, or both, by certified mail or personal delivery, and shall notify any lienholder of record of the proposed decision. The proposed decision shall state the alleged violation and refer to the specific terms, conditions, and/or provisions of these regulations alleged to have been violated and the reasons for the proposed decision. As applicable, the proposed decision shall state the amount due under § 4130.5-1 or § 4150.3 and the action to be taken under § 4170.1. The proposed decision shall provide for a period of 15 days after receipt for the filing of a protest.

§ 4160.2 Protests.

Any applicant, permittee, lessee, or any other person adversely affected by a proposed decision of the authorized officer may protest the proposed decision in person or in writing to the authorized officer within 15 days after receipt of the proposed decision.

§ 4160.3 Final decisions.

(a) In the absence of a protest, the proposed decision shall become the final decision of the authorized officer without further notice.

(b) Upon the timely filing of a protest, the authorized officer shall reconsider his proposed decision in light of the protestant's statement of reasons for protest and in light of other information pertinent to the case. At the conclusion to his review of the protest, the authorized officer shall serve his final decision on the protestant or his agent, or both, and on any other known interested individual, and shall notify any lienholder of record of the final decision.

(c) A period of 30 days after receipt of the final decision is provided for filing an appeal. Decisions that are appealed shall be suspended pending final action except as otherwise provided in this section. Except where grazing use the preceding year was authorized on a temporary basis under § 4110.3-1(a) of this title, an applicant who was granted grazing use in the preceding year may continue at that level of authorized active use pending final action on the appeal except as further provided in paragraphs (e) and (f) of this section. However, if the authorized officer places the final decision in full force and effect, as provided in paragraph (d) of this section, it shall take effect on the date specified, regardless of appeal.

(d) A decision shall be placed in full force and effect on the date specified by the authorized officer, either a specific calendar date or the date at which a specific event occurs such as the date a decision is rendered on an appeal, if it would—

(1) Make a temporary modification in livestock use or close an area to livestock use under § 4120.3 of this title;

(2) Close an area to unauthorized grazing use under § 4150.6 of this title;

(3) Modify the terms and conditions of a permit or lease under § 4120.2-1(b) of this title; or

(4) Be required for the orderly administration of the range or the protection of resource values.

(i) Orderly administration of the range could, for example, include situations where—

(A) All members of a group of operators should be treated alike, e.g., in common use allotments where all but one operator are agreeable to a management program;

(B) Rangelands are managed as ephemeral or annual rangeland with no predetermined stocking level and grazing is allowed only when growth of forage plants occurs or utilization levels are used to determine when grazing use of such ranges should be extended or terminated;

(C) Range improvements shall be completed in a specific sequence in several allotments, e.g., a water pipeline servicing several allotments, and the level of grazing use or existing patterns of use in one or more of the allotments would not permit prudent investment in the improvement;

(D) Special project funding is directed by Congress; or

(E) Forage or water is not available due to fire, drought, insects, floods and other disasters.

(ii) The protection of resource values could, for example, necessitate a full force and effect decision where—

(A) Utilization of key forage species by grazing animals significantly exceeds the biological limit to sustain these species and long-term damage or loss of the forage plans would result if prompt action is not taken to modify grazing use;

(B) The trend in range condition is significantly declining in relation to management objectives with no probable change in trend unless prompt action is taken;

(C) Prompt action is needed to arrest accelerated erosion resulting from grazing which is causing a continual decline in site productivity and/or is causing measurable deterioration of water quality or other serious resource damage, either on- or off-site; or

(D) Livestock grazing use is threatening other significant resources, such as the habitat of threatened or endangered species, significant cultural properties or critical habitat for wildlife.

(e) As appeal of the fifth-year increment of a final decision, or of a decision on an application for grazing use in any year, shall not suspend implementation of the decision. An appeal of a decision which concerns grazing use to be made in the third year of a scheduled 5-year phase-in period shall suspend implementation of the decision and grazing use shall be authorized at the level scheduled for the first year of the phase-in period.

(f) Where a decision that provides for implementation of an action within a specified period of time is appealed and the decision is upheld, the final date for completing implementation shall remain as specified in the decision or 30 days from the effective date of the decision on the appeal, whichever is later.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5791, Jan. 19, 1981]

§ 4160.4 Appeals.

Any applicant, permittee, lessee, or any other person whose interest is adversely affected by a final decision of the authorized officer may appeal the decision for the purpose of a hearing before an administrative law judge under § 4.470 of this title by filing his notice of appeal in the office of the authorized officer within 30 days after the receipt of the decision.

§ 4160.5 Show cause.

Whenever it appears to the authorized officer that disciplinary action is advisable because a permittee or lessee has willfully or repeatedly violated provisions of this part, the authorized officer may serve a show cause notice on the permittee or lessee, or the operator's agent, or both, by certified mail or personal delivery and shall notify any lienholder of record. The show cause notice shall state the alleged violation and refer to the specific terms, conditions, and/or provisions of these regulations alleged to have been violated. As applicable, the notice shall state the amount due under § 4130.5-1 or § 4150.3 of this title. The show cause notice shall cite the permittee or lessee to appear before an administrative law judge at a designated time and place, in accordance with § 4.470 of this title, to show cause why the grazing use authorized under his/her grazing permit or grazing lease should not be suspended in whole or in part or why his/her grazing permit or grazing lease and grazing preference should not be canceled in whole or in part under § 4170.1-1 of this title.

[46 FR 5792, Jan. 19, 1981]

Subpart 4170—Penalties

§ 4170.1 Civil penalties.

§ 4170.1-1 Penalty for violations.

(a) The authorized officer may withhold issuance of a grazing permit or lease, or suspend the grazing use authorized under a grazing permit or lease, in whole or in part, or cancel a grazing permit or lease and grazing preference, or a free use grazing permit or other grazing authorization, in whole or in part, under Subpart 4160 of this title, for violation by a permittee or lessee of any of the provisions of this part.

(b) The authorized officer shall suspend the grazing use authorized under a grazing permit, in whole or in part, or shall cancel a grazing permit or lease and grazing preference, in whole or in part, under Subpart 4160 of this title for repeated willful violation by a permittee or lessee of § 4140.1(b)(1) of this title.

(c) Whenever a nonpermittee or nonlessee violates § 4140.1(b) of this title and has not made satisfactory settlement under § 4150.3 of this title the authorized officer shall refer the matter to proper authorities for appropriate legal action by the United States against the violator.

[46 FR 5792, Jan. 19, 1981]

§ 4170.1-2 Failure to use.

Failing to make substantial grazing use as authorized for 2 consecutive fee years may result in the cancellation of the grazing preference only to the extent of failure to use (see § 4140.1(a)(2)).

§ 4170.1-3 Federal or State laws or regulations.

Violation of § 4140.1(b)(8) may result in a penalty under § 4170.1-1 where:

(a) Public land administered by the Bureau of Land Management is involved or affected;

(b) Such violation is related to grazing use authorized by permit or lease; and

(c) The permittee or lessee has been convicted of or otherwise found to be in violation of any of these laws or regulations by a court or by final determination of any agency charged with the administration of the conservation or environmental laws where no further appeals are outstanding.

[43 FR 29067, July 5, 1978, as amended at 46 FR 5792, Jan. 19, 1981]

§ 4170.2 Penal provisions.

§ 4170.2-1 Penal provisions under the Taylor-Grazing Act.

Under section 2 of the Act any person who willfully violates the provisions of § 4140.1(b) or of approved special rules and regulations is punishable by a fine of not more than $500.

§ 4170.2-2 Penal provisions under the Federal Land Policy and Management Act.

Under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.), any person who knowingly and willfully violates the provisions of § 4140.1(b) or of approved special rules and regulations may be brought before a designated U.S. magistrate and is punishable by a fine of not more than $1,000 or imprisonment for no more than 12 months or both.

AUTHORITY: Taylor Grazing Act of 1934, as amended (43 U.S.C. 315, 315(a)-315(r)), section 4 of the act of August 28, 1937 (43 U.S.C. 1181(d)), and the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.).

SOURCE: 43 FR 29062, July 5, 1978, unless otherwise noted.

Subpart 4200—Grazing Administration; Alaska; Livestock; General

§ 4200.0-2 Objectives.

The beneficial utilization of the public lands in Alaska for the purpose of livestock grazing shall be conducted in such manner as may be considered necessary and consistent with the purposes of the act but shall be subordinated to the development of their mineral resources, to their use for agriculture, to the protection, development, and utilization of their forests and to the protection, development, and utilization of such other resources as may be of greater benefit to the public.

§ 4200.0-3 Authority.

The Act of March 4, 1927, as amended (43 U.S.C. 316, 316a-316o), authorizes the Secretary of the Interior to establish grazing districts upon any public lands in Alaska, surveyed or unsurveyed, outside of the Aleutian Islands Reservation, outside of national forests and other reservations administered by the Secretary of Agriculture and outside of national parks and monuments, and to lease such lands for the grazing of livestock thereon. Section 316f provides that a lease may be made for such term as the Secretary deems reasonable, but not to exceed 55 years, taking into consideration all factors that are relevant to the exercise of the grazing privileges.

§ 4200.0-5 Definitions.

As used in this subpart:

(a) "Secretary" means Secretary of the Interior;

(b) "Director" means Director, Bureau of Land Management;

(c) "Authorized officer" or "manager" means the designated official of the Bureau of Land Management, in whose district the lands involved are situated, who has been delegated the authority to issue grazing leases;

(d) "The Act" means the Act of March 4, 1927, as amended (43 U.S.C. 316, 316a-316o);

(e) "Person" means individual, partnership, corporation, or association;

(f) "Native" means any member of the aboriginal races inhabiting Alaska, of whole or not less than half blood;

(g) "District" means any grazing district established under the act;

(h) "Animal unit month" means the forage consumed or grazing privileges represented by the grazing of one cow or its equivalent for 1 month. For the purpose of this definition, one cow shall be considered the equivalent of one horse, or five sheep or five goats.

Subpart 4210—Conditions

§ 4210.1 Grazing districts.

(a) *Establishment.* Pursuant to the act, grazing districts are hereby established, the boundaries of which shall be coextensive with the boundaries of the public land districts in Alaska.

(b) *Leases on acreage basis.* Grazing leases will be granted only for such areas as may be deemed adequate and usable according to the needs of the lessee. Leases will provide for grazing on a definite area, and on an acreage basis, except where peculiar local conditions or the difficulties of administration make more practicable a lease based on the number of livestock to be grazed.

§ 4210.2 Lands subject to lease.

Vacant, unreserved, and unappropriated public lands are subject to lease. Where these lands are embraced within the natural grazing grounds or routes of migration of animals such as caribou or moose, or have other important values for wildlife, the lands may be leased, in the discretion of the manager, subject to such special terms and conditions as may be determined. Except as to those reservations described in § 4200.0-3 public lands within the boundaries of a grazing district which have been withdrawn for any purpose may be leased with the prior consent of the Department or agency having administrative jurisidiction thereof and subject to such additional terms and conditions as such Department or agency may impose.

§ 4210.3 Qualifications of applicants.

An applicant for a grazing lease is qualified if the applicant:

(a) Is a citizen of the United States, or

(b) Has on file before a court of competent jurisdiction a valid declaration of intention to become a citizen, or a valid petition for naturalization, or

(c) Is a group, association, or corporation organized under the laws of the United States or of any State or Territory thereof, authorized to conduct business in Alaska, and the controlling interest in which is vested in persons who would be qualified under either paragraph (a) or (b) of this section.

§ 4210.4 No right acquired by applicant prior to lease.

The filing of an application will not segregate the land applied for from application by other persons for a grazing lease, or from other disposition under the public land laws. As the issuance of a lease is discretionary, the filing of an application for the lease will not in any way create any right in the applicant to a lease, or to the use of the lands applied for pending the issuance of a lease. Any such unauthorized use constitutes a trespass.[1]

Subpart 4220—Procedures

§ 4220.1 Applicants.

(a) *Classes of applicants and preference.* Applicants for grazing leases shall be given preference in the following order:

(1) Natives.

(2) Bona fide settlers.

(3) Other qualified applicants.

(b) *Assertion of preference rights.* Any person claiming a preference right to a lease under paragraph (a) of this section must furnish with the application required under § 4220.2(a) a statement setting forth the facts on which such claim is made.

§ 4220.2 Application for lease.

(a) *Form used.* An application for grazing lease must be executed in duplicate on a form approved by the Director, and filed with the manager.

(b) *Schedule of operations.* The application must be accompanied by a schedule of the applicant's proposed annual program to develop and increase the number of livestock which will be grazed on the land, and showing the applicant's need for all the land applied for, to provide forage for the maximum number of livestock which the applicant intends to graze thereon.

(c) *Financial responsibility.* The applicant, upon request by the manager, must also furnish evidence of his financial responsibility consisting of a showing that he has the financial means or has made arrangements with an established financial institution to provide the capital necessary to commence and maintain his proposed schedule of operations.

§ 4220.3 Maximum number of stock.

The lease will indicate the maximum number of stock which may be grazed on the leased area, based on the condition of the range and its accessibility for summer and winter feeding. The manager may adjust the maximum number from time to time as the condition of the range may warrant.

---

[1] It is unlawful for any person to graze any class of livestock on the public lands in grazing districts in Alaska, except under authority of a lease or permit granted under the act. Any person who willfully grazes livestock in such areas without such authority shall, upon conviction, be punished by a fine of not more than $500. (Sec. 12, Act of March 4, 1927; 43 U.S.C. 316k and notice approved March 7, 1929.)

§ 4220.4 Annual rental.

(a) *Amount.* Unless otherwise provided, each lessee shall pay to the Bureau of Land Management such rental per acre, per head, or per animal unit month, as may be determined to be a fair charge for grazing of livestock on the leased land. The rental under any grazing lease may be adjusted every 3 years. The date for making the annual payment will be specified in the lease. If the rental is to be paid according to the number of animals grazed, no charge will be made for the natural increase of grazing animals until the beginning of the following lease year.

(b) *Adjustment or waiver.* The manager, if he determines such action to be in the public interest by reason of: (1) Depletion or destruction of the range by any cause beyond the control of the lessee, or (2) calamity or disease causing wholesale destruction of or injury to livestock, may grant an extension of time for making payment, or reduce or waive the grazing fee under a lease so affected. An application for the desired relief should be filed with the manager and should state all pertinent details and itemize the losses sustained.

(c) *Payment.* The first rental payment required and the return of the proposed lease duly executed by the prospective lessee shall be made within 30 days of receipt of the lease form by the prospective lessee; if the rental is not paid or the lease is not returned within the prescribed time, the offer shall be null and void and of no effect, and all rights of the prospective lessee thereunder or under the application upon which it is based shall be considered as terminated. Subsequent rental payments for succeeding lease periods are payable in advance. In the event such payment is not received in the proper office by the last day of the current lease period or within the time prescribed in the billing notice whichever is the later, the case shall be considered canceled and all rights terminated thereunder as of the end of such current lease period; except the lease shall not terminate if the lessee submits payment to the proper office within a grace period of 60 days following the last day of the current lease period together with a showing satisfactory to the authorized office that the delay in rental payment was for unavoidable reasons and that termination of the lease would cause undue hardship to the lessee.

§ 4220.5 Reduction in excessive leased area.

Whenever, in the opinion of the manager, the leased land is excessive for the number of livestock to be grazed by the lessee, the manager may, after 30 days' notice to the lessee, reduce the lease area to the extent necessary, and the annual rental, if on an acreage basis, shall be reduced proportionately, effective at the beginning of the next lease year.

§ 4220.6 Free grazing permits.

Any person may file application in duplicate on a form approved by the Director, for a permit to graze, free of charge, not to exceed the number of livestock whose products are consumed or whose work is directly and exclusively used by the applicant or his family, for a term of not more than 1 year.

§ 4220.7 Leases.

(a) *Issuance of lease.* If the application is complete and it is determined that a lease should be issued, the manager will prepare a proposed lease, with necessary copies, on a form approved by the Director, for execution by the applicant. The forms, signed by the applicant, must be forwarded promptly to the manager, together with any required rental payment. The lease will be dated as of January 1 of the year in which it is issued, and the required rental for the first year will be adjusted on a pro rata monthly basis to cover that portion of the year subsequent to the lease issuance.

(b) *Report of grazing operations.* Before April 1 of the second lease year and each lease year thereafter, the lessee shall file with the manager a report, in duplicate, on a form approved by the Director, of his grazing operations during the preceding year.

(c) *Assignments.* No part of the leased land may be subleased. Any proposed assignment of a lease, in whole or in part, must be filed in duplicate with the authorized officer within 90 days of its execution. Assignments will be executed on a form approved by the Director and must be accompanied by the application on a form approved by the Director, executed in duplicate, together with the same showing by the assignee as to qualifications and stock development schedule as would be required of applicants for a new lease, including financial responsibility when specifically requested by the manager. The assignee's acceptance of the lease offered pursuant to the grazing lease assignment shall constitute his acceptance of the lease terms. No assignment will be recognized nor will it confer on the assignee any rights to the leased area until a lease therefor is issued to him.

(d) *Renewals.* An application for renewal of a grazing lease should be executed and filed in duplicate on a form approved by the Director not less than 4 months but not more than 8 months before the expiration date of the lease term. The renewal lease, if issued, will contain such terms and conditions as the manager may determine.

(e) *Rights reserved.* Grazing leases under this part shall be subordinated to and shall be subject to modification or reduction by the manager to the extent necessary to permit:

(1) The protection, development, and utilization, under applicable laws and regulations, of the mineral, timber, water, and other resources on or in the leased lands, including their use for agriculture.

(2) The allowance of applications for and the acquisition of homesites, easements, permits, leases, or other rights and uses, pursuant to applicable public land laws, where the same are in the public interest or will not unduly interfere with the use of the area for grazing purposes.

(3) The temporary closing of portions of the leased area to grazing whenever, because of improper handling of the stock, overgrazing, fire or other cause, such action is deemed necessary to restore the range to its normal condition.

(f) *Restrictions.* No lessee may so enclose roads, trails, or other highways as to disturb public travel thereon, nor interfere with existing communication lines or other improvements on the leased area; he shall not prevent legal hunting, fishing, or trapping on the land, or the ingress of miners, mineral prospectors, and other persons entitled to enter the area for lawful purposes.

(g) *Termination.* A lease may be surrendered by the lessee upon prior written notice filed with the manager, effective upon the date indicated in such notice but no less than 30 days from the date of filing, provided the lessee has complied with the terms and conditions of the lease and has paid all charges due thereunder.

(h) *Cancellation.* A lease may be canceled by the manager if the lease was issued improperly through error with respect to a material fact or facts, or if the lessee shall fail to comply with any of the provisions of the lease or of this part. No lease will be canceled for default in complying with the provisions of the lease or of this part until the lessee has been notified in writing of the nature of the default and has been afforded an opportunity to show why the lease should not be canceled.

§ 4220.8 Stock driveways; crossing permits; quarantine regulations.

(a) *Stock driveways.* The manager may establish stock driveways for the regular crossing of livestock across public lands, in such form and manner as he may determine.

(b) *Crossing permits.* A permit for the crossing of livestock on a stock driveway or other public lands, including lands under grazing lease, may be issued free of charge, upon the filing of an application on a form approved by the Director, in duplicate, with the authorized officer at least 30 days prior to the date the crossing is to begin.

(c) *Quarantine regulations.* Persons driving or transporting stock across any public lands must comply with the quarantine and other sanitary laws prescribed by the Territorial or other proper authorities.

§ 4220.9 Range improvements.

(a) *Permits for construction and maintenance.* Application for a permit to construct and maintain range improvements should be filed with the authorized officer in duplicate on a form approved by the Director. The lessee, upon obtaining an executed permit from the authorized officer, may construct, maintain, and utilize authorized fences, buildings, corrals, reservoirs, wells, or other improvements needed for the exercise of the grazing privileges under the lease. The lessee will be required to comply with the laws of the State of Alaska with respect to the construction and maintenance of fences, but any such fence shall be constructed to permit the ingress and egress of miners, prospectors for minerals, and other persons entitled to enter such area for lawful purposes. The lessee, upon written approval by the authorized officer, may improve by seeding or reseeding within the lease area and may harvest hay or ensilage from such seeded or reseeded areas provided that the forage so produced is used primarily as feed for the lessee's livestock. The authorized officer may approve the assignment of range improvements upon receipt of an application for such assignment on a form approved by the Director.

(b) *Removal of improvements and personal property.* (1) Improvements, fixtures, or personal property (other than livestock) may not be removed from the lands unless all moneys due the United States under the lease have been paid.

(2) If all moneys due have been paid and the lessee, on or before the termination of his lease in whole or in part for any reason, notifies the manager of his determination to leave on the land involved in such termination improvements, the construction or maintenance of which has been authorized, no other person shall use or occupy, under any permit, lease, or entry under any public land law, the land on which such improvements are located, until there has been paid to the person entitled thereto the value of such improvements. If the interested parties are unable to reach an agreement as to such value, the amount may be fixed by the manager. All such agreements, to be effective, must be approved by the manager. The failure of the subsequent permittee, lessee, or entryman to pay the former lessee in accordance with such agreement will be just cause for the cancellation of the permit, lease, or entry.

(3) In the absence of a notice by the lessee in accordance with paragraph (b)(2) of this section, the lessee shall, within 90 days from the date of expiration or termination of the lease, and if all charges due thereunder have been paid, remove all personal property belonging to him, together with any fence, building, corral, or other removable range improvements owned by him. All such property which is not removed with the time allowed shall thereupon become the property of the United States.

Subpart 4230—Disposition of Leased Lands

§ 4230.1 Settlement, location, and acquisition.

Lands leased under the act are not subject to settlement, location, and acquisition under the nonmineral public land laws applicable to Alaska unless and until the authorized officer of the Bureau of Land Management determines that the grazing lease should be canceled or reduced in order to permit, in the public interest and without undue interference with the grazing operations, the appropriate development and utilization of the lands (see § 4220.7(e)) and that the lands are suitable for and otherwise subject to the intended settlement, location, entry, or acquisition. An application on the appropriate form or a notice on a form approved by the Director if applicable to the class of entry contemplated, will be accepted and treated as a petition for determination. Upon such determination and after not less than 30 days' notice thereof to the lessee, the grazing lease may be canceled or reduced to permit the settlement, location, entry or other acquisition of the lands so eliminated from the lease, and the petitioner will be accorded a preference right to settle upon or enter the lands in accordance with the determination.

§ 4230.2 Mineral prospecting, location, and purchase.

Unless otherwise withdrawn therefrom, lands leased under the act are subject to disposition under the mineral leasing laws and to mineral prospecting, location, and purchase under the mining laws, in accordance with the applicable regulations of Group 3800 of this chapter.

Subpart 4240—Protests, Hearings, and Appeals

§ 4240.1 Protests.

Protests against an application for a lease should be filed in duplicate, with the manager, contain a complete disclosure of all facts upon which the protests is based, and describe the lands involved in such protest; and should be accompanied by evidence of service of a copy of the protest upon the applicant. If the protestant desires to lease all or part of the land embraced in the application against which the protest is filed, the protest should be accompanied by an application for a grazing lease.

§ 4240.2 Hearings.

Any lessee of or applicant for grazing privileges may procure a review of any action or decision of the authorized officer by filing with such officer an application for a hearing, stating the nature of the action or decision complained of and the grounds of complaint. The filing of any such application and the conduct of the proceedings before an administrative law judge shall be governed by § 4.450 of this title.

SOURCE: 43 FR 29065, July 5, 1978, unless otherwise noted.

Subpart 4300—Grazing Administration; Alaska; Reindeer; General

§ 4300.0-3 Authority.

Section 12 of the Act of September 1, 1937 (50 Stat. 902), authorizes the Secretary of the Interior to promulgate such rules and regulations as, in his judgment, are necessary to carry into effect the provisions of this act.

§ 4300.0-5 Definitions.

(a) "Reindeer" includes reindeer and such caribou as have been introduced into animal husbandry or have actually joined reindeer herds and the increase thereof.

(b) "Natives" include the native Indians; Eskimos, and Aleuts of whole or part blood inhabiting Alaska at the time of the Treaty of Cession of Alaska to the United States and their descendants of whole or part blood, together with the Indians and Eskimos who, since the year 1867 and prior to September 1, 1937, have migrated into Alaska from the Dominion of Canada, and their descendants of whole or part blood.

(c) "Bureau" means Bureau of Land Management.

(d) "Director" means Director, Bureau of Land Management.

(e) "Authorized Officer" means the Bureau official who has been authorized to issue a reindeer grazing permit.

(f) "The Act" means the Act of September 1, 1937 (50 Stat. 902).

Subpart 4310—Conditions

§ 4310.1 Lands subject to grazing permit.

Vacant and unreserved and unappropriated public lands are subject to inclusion in a reindeer grazing permit. Where these lands are within the natural migration routes of caribou, or when they have other important wildlife values, the lands may be included in a permit, at the discretion of the authorized officer after consultation with the Alaska Department of Fish and Game, subject to such special terms and conditions as may be jointly agreed upon. Public lands which have been withdrawn for any purpose may also be included in a grazing permit with the prior consent of the Department or agency having administrative jurisdiction thereof, and subject to such additional terms and conditions as such Department or agency may impose.

§ 4310.2 Qualifications of applicants.

An applicant is qualified if he is a native or group, association or corporation of natives as defined by the act of September 1, 1937, organized under the laws of the United States or the State of Alaska, or if the applicant is a native corporation under the provisions of the Alaska Native Claims Settlement Act.

§ 4310.3 No rights acquired by applicant prior to issuance of grazing permit.

The filing of an application will not segregate the land applied for from application by other persons for a grazing permit, or from other disposition under the public land laws. As the issuance of a grazing permit is discretionary, the filing of an application will not create a right for such a permit, or to the use of the lands applied for pending the issuance of a grazing permit.

§ 4310.4 Rights reserved; public land laws applicable.

(a) Grazing permits under this part shall be subordinated to higher uses and subject to modification or reduction by the authorized officer to the extent necessary to allow:

(1) The protection, development and utilization, under applicable laws and regulations, of the mineral, timber, water, and other resources on or in the lands included in the grazing permit, including their use for agriculture.

(2) The allowance of applications for and the acquisition of homesites, easements, permits, leases, or other rights and uses pursuant to applicable public land laws.

(3) The temporary closing of portions of the permitted area to grazing whenever, because of improper handling of the reindeer, overgrazing, fire, or other cause, such action is deemed necessary to restore the range to its normal condition.

(b) No permittee may so enclose roads, trails, or highways as to disturb public travel thereon, nor interfere with existing communication lines or other improvements on the permitted area; he shall not prevent legal hunting, fishing or trapping on the land, or ingress of miners, mineral prospectors, and other persons entitled to enter the area for lawful purposes.

(c) Persons using public lands for grazing of reindeer or for driving of reindeer across such lands must comply with applicable State and Federal laws relative to livestock quarantine and sanitation.

§ 4310.5 Location, settlement, entry, and other disposition of lands included in grazing permit; notice to permittee of disposition and reduction of permitted area.

(a) Lands included in grazing permits under the act are subject to settlement, location, and acquisition under the non-mineral public land laws applicable to the State of Alaska.

(b) Upon settlement location, or entry of any lands included within a reindeer grazing permit, the permittee shall be notified of the settlement, location, or entry, and the permitted area shall be reduced by the area involved in the settlement, location, or entry.

(c) Unless otherwise withdrawn therefrom lands included in grazing permits under the act are subject to disposition under the mineral leasing laws and to mineral prospecting, location, and purchase under the mining laws, in accordance with the applicable regulations of Group 3800 of this chapter.

Subpart 4320—Procedures

§ 4320.1 Application for grazing permit.

(a) *Form used.* An application for a grazing permit must be executed in duplicate on a form approved by the Director and filed in the Bureau office which has jurisdiction over lands applied for.

(b) *Bureau of Indian Affairs certification.* A certification of reindeer allotment to the applicant, signed by the authorized Bureau of Indian Affairs officer, must accompany the application if the applicant is to receive a herd from the Government.

(c) *Source of reindeer other than Government.* If reindeer are to be obtained from a source other than the Government, the applicant should state the source and show evidence of his purchase or option to purchase.

(d) *Listing of improvements.* With the initial application for any grazing permit issued under this part, the applicant must list by location and description the improvements found in the area under application which are owned by the applicant. Such statement of ownership will be verified by a Bureau of Indian Affairs official prior to submitting it to the Bureau of Land Management. Such existing improvements will be permitted by the terms of the initial grazing permit. Improvements to be constructed subsequent to the issuance of the initial grazing permit must be under permit in accordance with § 4320.9.

§ 4320.2 Filing fee; grazing fee.

A filing fee of $10 must accompany each application for a reindeer grazing permit or application for renewal thereof. No grazing fee will be charged.

§ 4320.3 Term of grazing permit; renewals.

(a) Reindeer grazing permits shall be issued for a maximum term of 10 years, except where the applicant desires a shorter term, or where the authorized officer determines that a shorter period will be in the public interest.

(b) Application for renewal of a grazing permit shall be made not less than 4 months or more than 8 months before the expiration date of the permit. The authorized officer may at his discretion offer the permittee a renewed grazing permit containing such terms, conditions, and of such duration as he determines to be in the public interest.

§ 4320.4 Area of use and maximum number of reindeer.

(a) Permits will restrict grazing use to a definitely described area. Grazing permits will be granted only for such areas as may be deemed adequate and usable according to the needs of the permittee.

(b) The grazing permit will indicate the maximum number of reindeer which may be grazed on the permitted area, based on range conditions, and will be subject to adjustment as the condition of the range indicates.

§ 4320.5 Adjustment of grazing permit area.

The permitted area may be reduced at any time, after not less than 30 days notice to the permittee, when in the opinion of the authorized officer the area is excessive for the number of reindeer grazed thereon. The permit may be increased by the authorized officer on his own motion or upon request of the permittee, when in the opinion of the authorized officer the area is insufficient for the number of reindeer grazed thereon. The permittee shall have opportunity within such notice period to show cause why the area included in the grazing permit should not be adjusted.

§ 4320.6 Report of grazing operations; assignments allowed.

(a) Before April 1 of this second permit year and each year thereafter, the permittee shall file with the authorized officer a report in duplicate of his grazing operations during the preceding year on an approved form.

(b) No part of the land included in the permit may be subleased. Proposed assignments of a permit, in whole or in part, must be filed in duplicate with the authorized officer within 90 days from the date of its execution. Such assignments must contain all of the terms and conditions agreed upon by the parties thereto, accompanied by the same showing by the assignee as to qualifications and a reindeer allotment as is required of applicants for a permit, and by the assignee's statement agreeing to be bound by the provisions of the permit. No assignment shall be effective until approved by the authorized officer.

§ 4320.7 Termination of grazing permit; cancellation.

(a) A grazing permit may be surrendered by the permittee upon prior written notice filed with the authorized officer, effective upon the date indicated in such notice, but not less than 30 days from the date of filing.

(b) A grazing permit may be canceled by the authorized officer if the permit was issued improperly through error with respect to a material fact or facts, or if the permittee shall fail to comply with any of the provisions of the permit or of this part. No permit shall be canceled for default in complying with the provisions of the permit or of this part until the permittee has been notified in writing of the nature of the default and has been afforded an opportunity of not less than 30 days to show why the permit should not be canceled.

§ 4320.8 Crossing permits.

A permit for the crossing of reindeer over public lands, including lands under grazing permit, may be issued free of charge, upon application filed with the authorized officer at least 30 days prior to the date the crossing is to begin. The application must show the number of reindeer to be driven, date of starting, approximate period of time required, and the land to be traversed.

§ 4320.9 Permits for construction and maintenance of improvements; removal.

(a) Application for a permit to construct and maintain range improvements should be filed, in duplicate, with the authorized officer on an approved form. The grazing permittee, upon obtaining a permit from the authorized officer, may construct, maintain and utilize any fence, building, corral, reservoir, well, or other improvement needed for the exercise of the grazing privileges under the grazing permit. The permittee will be required to comply with the laws of the State of Alaska with respect to the construction and maintenance of fences, but any such fence shall be constructed to permit the ingress and egress of miners, prospectors for minerals, and other persons entitled to enter such area for lawful purposes.

(b) The permittee, within 90 days from the date of expiration or termination of the grazing permit, or within any extension of such period, shall be allowed to remove all personal property belonging to him, together with any fence, building, corral, or other removable range improvements owned by him. All such property which is not removed within the time allowed shall thereupon become the property of the United States.

Subpart 4330—Protests

§ 4330.1 Protests.

Protests against an application for a grazing permit shall be filed in duplicate, with the authorized officer; contain a complete disclosure of all facts upon which the protest is based; and describe the lands involved in such protests. It shall be accompanied by evidence of service of a copy of the protest upon the applicant. If the protestant desires to obtain a grazing permit for all or part of the land embraced in the application against which the protest is filed, the protest shall be accompanied by an application for a grazing permit.

Subpart 4340—Trespass

§ 4340.1 Trespass.

(a) Any use of the Federal lands for reindeer grazing purposes, unless authorized by a valid permit issued in accordance with the regulations in this part is unlawful and is prohibited.

(b) Any person who willfully violates any of the rules and regulations in this part shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by imprisonment for not more than 1 year, or by a fine of not more than $500.

Sec.
4760.1 Arrest.
4760.2 Penalties.

AUTHORITY: Act of Dec. 15, 1971 (16 U.S.C. 1331-1340), Act of June 28, 1934 (43 U.S.C. 315-315r).

SOURCE: 41 FR 9879, Mar. 8, 1976, unless otherwise noted.

Subpart 4700—Purpose; Objectives; Authority; Definitions; Policy

§ 4700.0-1 Purpose.

To implement the laws relating to wild free-roaming horses and burros on public lands.

§ 4700.0-2 Objectives.

The objective of these regulations is to provide criteria and procedures for protecting, managing, and controlling wild free-roaming horses and burros as a recognized component of the public land environment.

§ 4700.0-3 Authority.

The Act of December 15, 1971 (16 U.S.C. 1331-1340), as amended, and the Act of June 28, 1934 (43 U.S.C. 315-315r).

[42 FR 26654, May 25, 1977]

§ 4700.0-5 Definitions.

(a) "Authorized officer" means any employee of the Bureau of Land Management to whom has been delegated the authority to perform the duties described herein.

(b) "Wild free-roaming horses and burros" means all unbranded and unclaimed horses and burros and their progeny that have used public lands on or after December 15, 1971, or that do use these lands as all or part of their habitat, including those animals given an identifying mark upon capture for live disposal by the authorized officer. Unbranded, claimed horses and burros where the claim is found to be erroneous are also considered as wild and free-roaming if they meet the criteria above. However, this definition shall not include any horse or burro which entered or was introduced onto public lands after December 15, 1971, by accident, negligence, or willful disregard of ownership.

(c) "Herd" means one or more stallions and their mares or jacks and their jennies.

(d) "Excess animals" means wild free-roaming horses or burros (1) which have been removed from an area by the authorized officer pursuant to applicable law or, (2) which must be removed from an area in order to preserve and maintain a thriving natural ecological balance and multiple-use relationship in that area.

(e) "Problem animal" means a wild free-roaming horse or burro whose demonstrated individual habits or traits pose an undue threat to the safety or welfare of persons, wildlife, livestock, or property; or a wild free-roaming horse or burro infected by a contagious disease or suspected of being diseased or seriously ill.

(f) "Public lands" means any lands administered by the Secretary of the Interior through the Bureau of Land Management.

(g) "Wild horse or burro range" means a specifically designated area of land needed to sustain a herd or herds of wild free-roaming horses or burros, and which is devoted principally but not necessarily exclusively to their welfare in keeping with the multiple use management of the public lands.

(h) "Management plan" means a written program of action designed to protect, manage, and control wild free-roaming horses and burros and maintain a natural ecological balance on the public lands.

(i) "Act" means the Act of December 15, 1971 (16 U.S.C. 1331-1340); as amended.

(j) "Advisory Board" means the joint advisory board established by the Secretary of the Interior and the Secretary of Agriculture pursuant to section 7 of the Act.

(k) "Malicious harassment" means any intentional act which demonstrates a deliberate disregard for the well-being of wild free-roaming horses and burros and which creates the likelihood of injury, or is detrimental to normal behavior patterns of wild free-roaming horses and burros including feeding, watering, resting, and breed-ing. Such acts include, but are not limited to, unauthorized chasing, pursuing, herding, roping, or attempting to gather or catch wild free-roaming horses and burros. It does not apply to lawfully conducted activities by or on behalf of the Bureau of Land Management or the Forest Service in implementation or performance of duties and responsibilities under this Act.

(l) "Captured animal" means a wild free-roaming horse or burro taken and held in the custody of the authorized officer. This term does not apply to an animal placed in private custody through a cooperative agreement under § 4740.2(b) or § 4750.2.

(m) "Humane procedure" means kind and merciful treatment, without causing unnecessary stress or suffering to the animal.

(n) "Commercial exploitation" means using a wild free-roaming horse or burro, because of its characteristics of wildness, for direct or indirect financial gain. Characteristics of wildness include the rebellious and feisty nature of such animals and their defiance of man as exhibited in their undomesticated and untamed state. Uses such as saddle or pack stock or other uses that require domestication of the animal are not commercial exploitation of the animals because of their characteristics of wildness.

(o) "Inhumane treatment" means causing physical stress to an animal through any harmful action or omission that is not compatible with standard animal husbandry practices; causing or allowing an animal to suffer from a lack of necessary food, water or shelter; using any equipment, apparatus, or technique during transportation, domestication or handling that causes undue injury to an animal; or failing to treat or care for a sick or injured animal.

(p) "Old" means a wild free-roaming horse or burro characterized by its inability to fend for itself because of age, physical deterioration, suffering or closeness to death.

(q) "Sick" means a wild free-roaming horse or burro with failing health, infirmness or disease from which there is little chance of recovery.

(r) "Lame" means a wild free-roaming horse or burro with malfunctioning muscles, ligaments or limbs that impair its freedom of movement.

[41 FR 9879, Mar. 8, 1976, as amended at 42 FR 26654, May 25, 1977; 44 FR 76985, Dec. 28, 1979]

§ 4700.0-6 Policy.

(a) Wild free-roaming horses and burros are under the jurisdiction of the Secretary of the Interior and will be managed as an integral part of the natural systems of the public lands. They will be protected from unauthorized capture, branding, undue disturbance, and destruction. They and their habitat will be managed and controlled in a manner designed to achieve and maintain a thriving ecological balance on the public lands and a thriving population of sound, healthy individuals, all in accordance with the basic program policies for public land management set forth in Subpart 1725 of this chapter.

(b) Wild free-roaming horses and burros on the public lands will be managed by the authorized officer, with full public participation and such cooperative arrangements as he may find helpful. Management on public lands will not be assigned to any private individual or association through a grazing license, lease, or permit.

(c) Wild free-roaming horses and burros where found on public lands shall be considered comparably with other resource values in the development of resource management plans under the Bureau's planning system including allocation of appropriate portions of the available forage.

(d) Where wild free-roaming horses and burros use, as part of their habitat, public lands administered by the Bureau of Land Management and lands in the National Forest system, the Bureau of Land Management shall cooperate to the fullest extent with the Forest Service in the management of these animals.

[41 FR 9879, Mar. 8, 1976, as amended at 44 FR 76985, Dec. 28, 1979]

Subpart 4710—Coordination

§ 4710.1 Joint National Advisory Board.

Policies and guidelines relative to proposals for establishment of ranges, proposed management plans, adjustments in number, relocation and disposal of animals, and other matters relating generally to the protection, management, and control of wild free-roaming horses and burros shall be presented to the Advisory Board for recommendations.

§ 4710.2 State agencies.

(a) All management activities including, but not limited to, establishment of ranges and adjustments in forage allocation shall be planned and executed in consultation with the appropriate State agency to further consider the needs of all wildlife, particularly endangered species.

(b) All actions taken in connection with private ownership claims to unbranded horses and burros shall be coordinated to the fullest extent possible with the appropriate State agency.

§ 4710.3 Cooperative agreements.

The authorized officer may enter into cooperative agreements with other landowners, private citizens, nonprofit organizations, and with Federal, State, and local governmental agencies as he deems necessary for purposes of protecting, managing and controlling wild free-roaming horses and burros. Where the grazing patterns of the animals require utilization of lands in other ownerships or administration, the authorized officer shall seek cooperative agreements to insure continuance of such use.

§ 4710.4 Research.

Research activities in the management of wild free-roaming horses and burros shall be conducted pursuant to a contract entered into between authorized individuals or organizations and the authorized officer.

[41 FR 9879, Mar. 8, 1976, as amended at 45 FR 47842, July 17, 1980]

Subpart 4720—Removal of Claimed Trespass Horses and Burros

§ 4720.1 Unauthorized and unbranded animals.

(a) All unauthorized and unbranded horses and burros on the public lands, except those which entered or were introduced onto the public lands after December 15, 1971, by accident, negligence, or willful disregard of ownership are presumed for the purpose of management to be wild free-roaming horses or burros.

(b) The gathering or rounding up of unbranded horses or burros on the public lands where any of such animals are not in fact authorized to be on the public lands pursuant to a grazing license, permit, lease, or other authorization, is prohibited without written authorization from the authorized officer. Also prohibited without written authorization from the authorized officer is the gathering or rounding up of unauthorized branded horses or burros where the branded animals are, or may become, intermingled with wild free-roaming horses or burros, or where the gathering or roundup is likely to involve or affect wild free-roaming horses or burros.

§ 4720.2 Claimed animals.

(a) Any person claiming ownership under State branding and estray laws of unbranded or branded horses or burros on public land where such animals are not authorized must present evidence of ownership to justify a roundup before permission will be granted to gather such animals. Claims of ownership with supporting evidence were required to be filed during a 90-day claiming period which expired November 15, 1973. Unauthorized privately owned horses or burros entering onto the public lands after November 15, 1973, may be claimed by filing an application with the District Manager. All written authorizations to gather claimed animals shall be on a form approved by the Director and shall provide for compliance with appropriate provisions of Subpart 4720. After such public notice as the authorized officer deems appropriate to inform interested parties, he may authorize the gathering or roundup. The authorized officer shall provide in the authorization that the gathering or roundup shall be consistent with these regulations; shall establish in the authorization a reasonable period of time to allow the gathering of the claimed animals; and shall provide such other conditions in the authorization which he deems necessary to minimize stress on any associated wild free-roaming horses or burros and to protect other resources.

(b) Animals captured in Bureau of Land Management conducted roundups and determined to be privately owned may be secured by the appropriate claimant upon payment of trespass charges in accordance with § 4720.3, and a per head share of helicopter rental and other associated costs determined appropriate by the authorized officer.

[42 FR 26655, May 25, 1977]

§ 4720.3 Trespass animals.

Unauthorized horses or burros which have been claimed and have been determined to be privately owned in accordance with the provisions of this section will be considered to have been in trespass and may not be released until a proper trespass charge has been determined by the authorized officer in accordance with the provisions of Subpart 4150 of this subchapter.

[43 FR 29076, July 5, 1978]

Subpart 4730—Management Considerations

§ 4730.1 Inventory and planning.

(a) A current inventory of wild free-roaming horses and burros shall be maintained by the authorized officer for each area where a herd exists for the purpose of evaluating population dynamics including whether and where excess animals exist as a basis for making management decisions. Such inventory will be designed to estimate animal numbers, productivity, sex ratio and age structure for each herd.

(b) In planning for management, protection, and control of wild free-roaming horses and burros, including determination of desirable numbers and other management requirements of these regulations, the authorized officer will utilize the Bureau's multiple-use planning system.

(c) Using the information developed from inventory data and planning the authorized officer shall determine—

(1) Appropriate protection and management for wild free-roaming horses and burros on the management areas under consideration; and

(2) The appropriate actions needed to achieve proper population levels.

(d) In making these determinations, the authorized officer shall consult with the U.S. Fish and Wildlife Service, State wildlife agencies, individuals independent of Federal or State government recommended by the National Academy of Sciences, and any other individuals who he determines have scientific expertise or special knowledge of wild horse and burro protection, wildlife management and animal husbandry as related to rangeland management.

[44 FR 76985, Dec. 28, 1979]

§ 4730.2 Intensity of management.

Wild free-roaming horse or burro herds may be managed either as one of the components of public land use or on a specifically designated wild horse or burro range. Management practices shall be at the minimal feasible level and shall be consistent to the extent possible and practical with the maintenance of their free-roaming behavior. Management facilities should be designed and constructed to the extent possible to maintain the free-roaming behavior of the herds.

§ 4730.3 Habitat reservation and allocation.

The biological requirements of wild free-roaming horses and burros will be determined based upon appropriate studies or other available information. The needs for soil and watershed protection, domestic livestock, maintenance of environmental quality, wildlife, and other factors will be considered along with wild free-roaming horse and burro requirements. After determining the optimum number of such horses and burros to be maintained on an area, the authorized officer shall reserve adequate forage and satisfy other biological requirements of such horses and burros and, when necessary, adjust or exclude domestic livestock use accordingly. See §§ 4110.2-2 and 4110.3-2 of this subchapter.

[43 FR 29076, July 5, 1978]

§ 4730.4 Closure to livestock grazing.

The authorized officer may close public lands to use by all or a particular kind of domestic livestock where it is necessary to allocate all available forage to, or to satisfy other biological requirements of wild free-roaming horses or burros. Such closures may be made only after appropriate public notice and in accordance with the procedures for reduction or cancellation of grazing privileges provided for under provisions in this subchapter. See §§ 4110.2-2 and 4110.3-2 of this subchapter.

[43 FR 29076, July 5, 1978]

§ 4730.5 Designation of specific ranges.

The authorized officer may designate and maintain specifically designated ranges principally for the protection and preservation of wild free-roaming horses and burros. In designating specific ranges and herd management areas, the authorized officer, in addition to any other provisions of these regulations, shall:

(a) Consider only those areas utilized by wild free-roaming horses or burros as all or part of their habitat on December 15, 1971.

(b) Consider only those areas where self-sustaining herds can maintain themselves within their established utilization and migratory patterns.

(c) Consider only those areas which are capable of being managed as a unit to ensure a sustained yield of forage without jeopardy to the resources.

(d) Develop a wild free-roaming horse or burro management plan in accordance with § 4730.6.

§ 4730.6 Herd management plan.

The authorized officer shall, in connection with the designation of a specific range, develop a proposed wild free-roaming horse or burro management plan designed to protect, manage, and control wild free-roaming horses and burros on the area on a continuing basis. The authorized officer may also develop herd management plans as part of the multiple use management on areas outside of specifically designated wild horse or burro ranges. All management plans shall be developed in accordance with the Bureau's planning system and shall govern management of the area.

§ 4730.7 Aircraft and motor vehicles.

§ 4730.7-1 Fixed-wing aircraft.

Fixed-wing aircraft may be used for inventory, observation, and surveillance purposes required for the administration of the Act. Such aircraft use shall be consistent with the Act of September 8, 1959, as amended (18 U.S.C. 41 et seq.). Fixed-wing aircraft shall not be used in connection with capture operations except as support vehicles.

[42 FR 26655, May 25, 1977]

§ 4730.7-2 Helicopters.

Only the authorized officer may use or contract for the use of helicopters in the administration of the Act. Helicopters may be used in all phases of the administration of the Act including, but not limited to, inventory, observation, surveillance, and capture operations (see § 4740.4). Helicopters may be used in areas where all animals are claimed, only if forage, habitat, or watershed resources are being adversely affected by horses and burros and helicopters are the only feasible method available to capture and remove the animals. The authorized officer shall supervise all helicopter use as follows:

(a) The authorized officer shall have the means to communicate with the pilot and be able to direct the use of the helicopter.

(b) The authorized officer shall be able to observe the effects of the use of the helicopter on the well-being of the animals.

(c) Notwithstanding any provision of this section, researchers who have entered into contracts with the Bureau of Land Management under the authority of the act may use helicopters in the performance of such research activities without the supervision of the authorized officer; *Provided that:* helicopters permitted for research shall not—

(1) Be used to kill or remove from the public lands wild free-roaming horses or burros; or

(2) Create undue or needless stress in wild free-roaming horses or burros.

[42 FR 26655, May 25, 1977, as amended at 45 FR 47843, July 17, 1980]

§ 4730.7-3 Motor vehicles.

Motor vehicles may be used in the administration of the Act except that such vehicles shall not be used in connection with capture operations for driving or chasing the animals. The use of motor vehicles for the purpose of transporting captured animals is subject to the provisions of § 4740.4(b).

[42 FR 26655, May 25, 1977]

Subpart 4740—Removal and Relocation of Excess or Problem Animals

SOURCE: 44 FR 76985, Dec. 28, 1979, unless otherwise noted.

§ 4740.1 Capture.

Under the supervision of the authorized officer, where it has been determined necessary, wild free-roaming horses and burros may be captured, corralled and held in a humane manner. All excess or problem animals will be held under humane conditions pending disposal under the provisions of this subpart.

§ 4740.2 Humane use of helicopters and motor vehicles.

(a) The use of helicopters is authorized to locate the animals involved and for related purposes such as to transport personnel and equipment. The condition of the animals shall be continuously observed by the authorized officer and should signs of unnecessary stress be noted, the source of stress shall be removed so as to allow for recovery. Helicopters may be used in roundups or other capture operations subject to the following humane procedures:

(1) Helicopters shall be used in such a manner that bands or herds will tend to remain together.

(2) The rate of movement shall not exceed limitations set by the authorized officer who shall consider terrain, weather, distance to be traveled, and condition of animals.

(3) The helicopter shall be used to enable the authorized officer to look for the presence of dangerous areas and move the animals away from hazards during the capture operation.

(4) During capture operations, animals shall be moved in such a way as to prevent unnecessary stress or injury.

(b) Motor vehicles may be used for the purposes of transporting captured animals, subject to the following humane procedures:

(1) All such transportation shall be in compliance with appropriate State and Federal laws and regulations applicable to the humane transportation of horses and burros.

(2) Vehicles shall be in good repair, of adequate rated capacity, and carefully operated so as to insure that captured animals are transported without undue risk of injury.

(3) Vehicles shall be inspected and approved by an authorized officer prior to use.

(4) Where necessary and practical, animals shall be sorted as to age, size, temperament, sex, and condition when transporting them so as to minimize, to the extent possible, injury due to fighting and trampling.

(5) The authorized officer shall consider the condition of the animals, weather conditions, type of vehicles, and distance to be transported when planning for the movement of captured animals.

(c) The transportation of wild free-roaming horses and burros shall be under humane conditions. Unless otherwise approved by the authorized officer, transportation shall be limited, in sequence, to a maximum of 24 hours followed by a minimum of 5 hours of on-the-ground rest with adequate feed and water.

§ 4740.3 Removal.

(a) The authorized officer, after making a determination that there are excess animals in an area shall immediately take action to remove those animals from the public lands. Such action shall be taken in the following order and priority, until all excess animals have been removed so as to restore a thriving natural ecological balance to the range, and protect the range from deterioration associated with overpopulation:

(1) Old, sick, or lame animals shall be destroyed in the most humane manner possible. If there are equally humane methods, the most cost efficient may be selected.

(2) Any additional excess animals shall be humanely captured and removed for maintenance and care for which the authorized officer determines an adoption demand exists by qualified persons, organizations, or agencies and for which he determines he can assure humane treatment and care (including proper transportation, feeding, and handling).

(3) Additional excess animals for which an adoption demand by qualified individuals does not exist shall be destroyed in the most humane manner possible. If there are equally humane methods, the most cost efficient may be selected.

(b) Where the authorized officer finds it necessary to remove excess animals from areas of the public lands, and he determines that it is not practical to relocate them on public lands or capture and remove them for maintenance, he may destroy such animals in the most humane manner possible. No person, except the authorized officer or his authorized representative, shall destroy wild free-roaming horses and burros.

(c) The authorized officer, after making a determination that there are problem animals in an area and that action is required, shall humanely remove the animals and may dispose of them in the same manner as excess animals including the relocation or return to the public lands.

§ 4740.3-1 Acts of mercy.

Any severely injured or seriously sick animals will be destroyed in the most humane manner possible as an act of mercy.

§ 4740.3-2 Loss of status.

Wild free-roaming horses and borros or their remains shall lose their status as such—

(a) Upon passage of title under § 4740.5 of this part;

(b) If they have been transferred for private maintenance or adoption pursuant to this Act and die of natural causes before passage of title;

(c) Upon destruction by the authorized officer or his designee pursuant to section 3(b) of the Act;

(d) If they die of natural causes on the public lands or on private lands where maintained thereon pursuant to section 4 of the Act and disposal is authorized by the authorized officer or his designee; or

(e) Upon destruction or death for purposes of or incident to the program authorized in section 3 of the Act.

§ 4740.3-3 Disposal of carcasses.

Carcasses of animals that have lost their status as wild free-roaming horses and burros may be disposed of in any customary manner. However, no consideration of any kind shall be received by any person who transfers the remains of a wild free-roaming horse or burro, that has not lost its status as such, to a rendering plant or other facility for disposal.

§ 4740.4 Relocation.

Wild free-roaming horses and burros may be relocated when:

(1) The authorized officer determines there are excess animals in an area;

(2) They have been removed from private lands under § 4750.3 of this title;

(3) They are problem animals; or

(4) The authorized officer determines that proper resource and herd management requires such action.

§ 4740.4-1 Relocation on public lands.

(a) Wild free-roaming horses and burros shall not be introduced by relocation to areas of public land that were not being used by wild free-roaming horses or burros as all or part of their habitat on December 15, 1971.

(b) Before wild free-roaming horses and burros are relocated to a different area of the public lands a written determination shall be made by the authorized officer that the action meets the requirements of the Bureau of Land Management's resource management plans and that the area has an adequate allocation of forage for the animals relocated.

§ 4740.4-2 Custodial arrangements.

(a) The authorized officer may transfer for private maintenance or adoption up to 4 wild free-roaming horses or burros per year to any qualified person, organization, or government agency.

(b) Wild free-roaming horses and burros shall be transferred only to an applicant of a legal age in the State in which the applicant resides.

(c) Notwithstanding the provision of paragraph (a) of this section, more than four animals per year may be transferred to any qualified person, organization, or agency for adoption if the authorized officer determines in writing that the applicant is capable of humanely transporting and caring for the additional animals.

(d) Before wild free-roaming horses and burros are transferred, the applicant shall sign a cooperative agreement that incorporates provisions for custodial maintenance including but not limited to provisions for proper maintenance of the animals and protection from inhumane treatment and commercial exploitation.

(e) If the authorized officer determines that an adopted wild free-roaming horse or burro is being commercially exploited, inhumanely treated, or treated in a manner that violates a provision of the cooperative agreement, he may take immediate possession of the animal.

(f) If a wild free-roaming horse or burro that has been transferred for private maintenance or adoption dies, the transferee shall, within 7 days of the death, furnish the authorized officer with a veterinarian's written statement of the apparent cause of death.

(g) Persons, organizations, or agencies who receive wild free-roaming horses or burros that have been previously transferred for private maintenance or adoption shall be subject to all the provisions of these regulations. No wild free-roaming horse or burro shall be transferred without the approval of the authorized officer.

(h) At the request of the transferee, the authorized officer may transfer custody of wild free-roaming horses and burros to another qualified applicant.

§ 4740.5 Granting of title.

(a) The authorized officer may grant title to not more than four wild free-roaming horses and burros in any one year upon application of any qualified person, organization, or agency to whom these animals have been transferred for adoption. Applicants for granting of title must be of legal age in the State in which they reside.

(b) Persons, organizations, or agencies who have provided humane conditions, treatment, and care for the animals they have adopted after December 15, 1971, for at least one year under a cooperative agreement with the Bureau of Land Management are qualified to apply for title to the animals. The applicaticn for a title shall include a written statement of a licensed veterinarian attesting to the best of his knowledge that the animals have been given humane treatment and care preceding the filing of the application.

(c) The application for title shall be on a form prescribed by the Director, Bureau of Land Management, and shall be filed at the office specified on the form.

Subpart 4750—Management on Private Lands

§ 4750.1 Criteria for animals on private lands.

Nothing in these regulations shall preclude a private landowner from allowing wild free-roaming horses and burros to remain on his private lands so long as the animals were not willfully removed, enticed, or retained by him or his agent from the public lands.

§ 4750.2 Maintenance.

Any individual who actively maintains wild free-roaming horses and burros on his private lands shall notify the authorized officer and supply him with a reasonable approximation of their number and location and, when required by the authorized officer, a description of the animals. Thereafter, he shall furnish an annual report updating the information during the month of January. An individual will be considered to be actively maintaining wild free-roaming horses or burros if he takes measures of any kind designed to protect or enhance the welfare of the animals. No person shall maintain such animals except under cooperative agreement between the private landowner and the authorized officer setting forth the management and maintenance requirements including provisions for regulating disposal of excess animals.

§ 4750.3 Removal.

The authorized officer shall remove, as soon as he can make the necessary arrangements, wild free-roaming horses and burros, from private land at the request of the landowner where the private land is enclosed in a "legal fence." A "legal fence" for this purpose is one which complies with State standards and specifications. In "no fence districts" or other areas where the private landowner is not required by State statute to fence the private land to protect it from trespass by domestic livestock, the authorized officer shall, as soon as he can make the necessary arrangements, remove wild free-roaming horses or burros from such private land at the request of the landowner.

Subpart 4760—Enforcement Provisions

§ 4760.1 Arrest.

The Director of the Bureau of Land Management may authorize such employees as he deems necessary to arrest without warrant, any person committing in the presence of the employee a violation of the Act or of these regulations and to take such person immediately for examination or trial before an officer or court of competent jurisdiction. Any employee so designated shall have power to execute any warrant or other process issued by an officer or court of competent jurisdiction to enforce the provisions of the Act or these regulations.

§ 4760.2 Penalties.

In accordance with section 8 of the Act (16 U.S.C. 1338), any person who:

(a) Willfully removes or attempts to remove a wild free-roaming horse or burro from the public lands, without authority from the authorized officer, or

(b) Converts a wild free-roaming horse or burro to private use, without authority from the authorized officer, or

(c) Maliciously causes the death or harassment of any wild free-roaming horse or burro, or

(d) Processes or permits to be processed into commercial products the remains of a wild free-roaming horse or burro, or

(e) Sells, directly or indirectly, a wild free-roaming horse or burro, or the remains thereof which have not lost their status as a wild free-roaming horse or burro, or

(f) Uses a wild free-roaming horse or burro for commercial exploitation, or

(g) Causes or is responsible for the inhumane treatment of a wild free-roaming horse or burro, or

(h) Uses a wild free-roaming horse or burro for bucking stock, or

(i) Fails, upon written notice, to produce for inspection by an authorized officer those animals assigned to him for private maintenance under a cooperative agreement, or

(j) Fails to notify the authorized officer of the death of a wild free-roaming horse or burro within 7 days of death pursuant to § 4740.4-2(f) of this title, or

(k) Removes or attempts to remove, alters or destroys any official mark identifying a wild horse or burro, or its remains, or

(l) Being the assignee of a wild free-roaming horse or burro, or having charge or custody of the animal, abandons the animal without making arrangements for necessary food, water and shelter, or

(m) Being the assignee of a wild free-roaming horse or burro, or having charge or custody of the animal, fails to diligently pursue in an attempt to capture the escaped animal, or

(n) Accepts for slaughter or destruction a horse or burro bearing an official Bureau of Land Management identification mark, and which is not accompanied by a certificate that title to the animal has been transferred, or

(o) After acceptance of an animal for slaughter or destruction, fails to retain for one year the certificate of title to a horse or burro bearing an official Bureau of Land Management identification mark, or

(p) Willfully violates any provisions of the regulations under Group 4700, shall be subject to a fine of not more than $2,000 or imprisonment for not more than 1 year, or both. Any person so charged with such violation by the authorized officer may be tried and sentenced by a U.S. commissioner or magistrate, designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions as provided in section 3401, Title 18, U.S.C.

Subpart 5045—Exchanges

5045.1 O. and C. timber lands.

AUTHORITY: Sec. 5, 50 Stat. 875; 43 U.S.C. 1181e.

Subpart 5040—Sustained Yield Unit and Cooperative Agreements; General

§ 5040.0-3 Authority.

(a) The Act of August 28, 1937 (50 Stat. 874), relates to the administration of the revested Oregon and California Railroad and the reconveyed Coos Bay Wagon Road grant lands in Oregon, both of which are hereinafter referred to as O. and C. lands. It provides that such portions of those lands now or hereafter under the jurisdiction of the Department of the Interior, which have heretofore or may hereafter be classified as timber lands, and powersite lands valuable for timber, shall be managed, except as provided in section 3 of the Act, for permanent forest production, and the timber thereon shall be sold, cut and removed in conformity with the principle of sustained yield for the purpose of providing a permanent source of timber supply, protecting watersheds, regulating stream flow, and contributing to the economic stability of local communities and industries, and providing recreational facilities. Nothing contained in the act shall be construed to interfere with the use and development of power sites as may be authorized by law.

(b) Section 1 of the Act authorizes the Secretary of the Interior, if he determines that such action will facilitate sustained-yield management, to subdivide the revested lands into sustained-yield forest units, the boundary lines of which shall be so established that each will provide, so far as practicable, a permanent source of raw materials for the support of dependent communities and local industries of the region. The boundaries of such forest units may be established only after hearings are conducted in the vicinity of such lands.

(c) Section 2 of the Act authorizes the Secretary to make cooperative agreements with other Federal or State administrative agencies or with private forest owners or operators for the coordinated management, with respect to time, rate, and method of cutting, and sustained yield, of forest units comprising parts of revested or reconveyed lands, together with lands in private ownership or under the administration of other public agencies, when by such agreements he may be aided in accomplishing the purposes of the Act.

[35 FR 9781, June 13, 1970]

Subpart 5041—Annual Productive Capacity

§ 5041.1 Determination of annual productive capacity.

The authorized officer of the Bureau of Land Management shall determine and declare the annual productive capacity of the O. and C. lands under the principle of sustained yield. The lands shall be treated as a single unit for the purpose of applying the principle of sustained yield, except that upon the establishment of one or more sustained-yield forest units in accordance with § 5043.1, each such unit shall be treated separately in the determination of its annual productive capacity and the average annual cut of timber.

[35 FR 9782, June 13, 1970]

Subpart 5042—Master Units

Source: 35 FR 9782, June 13, 1970, unless otherwise noted.

§ 5042.1 Master units and appurtenant marketing areas.

As a basis for studies leading to the formulation of plans for the sustained-yield forest units and cooperative agreements authorized by the Act, and in order to facilitate administration under the act, the authorized officer, after the determination and declaration of the annual sustained-yield productive capacity of the O. and C. lands, will divide the entire area of the O. and C., intermingled and contiguous lands into master units, on the basis of natural groupings of such lands related to each other by physical and economic factors, and will declare an appurtenant marketing area for each such master unit.

§ 5042.2 Hearings concerning master units.

(a) In order that the Director may obtain the aid and advice of interested persons and agencies, and the public may be informed as to contemplated plans, a public hearing will be held in connection with each proposed master unit. Such hearing will be held in the vicinity of the lands involved and will be open to the attendance of all interested persons, including State and local officers and representatives of dependent industries and labor. The hearing will be conducted by a representative or representatives of the Department of the Interior.

(b) At the conclusion of the hearing, the minutes thereof, together with appropriate recommendations, shall be forwarded to the Director. The Director will thereafter take such action as he deems appropriate and due notice thereof will be given to the public.

§ 5042.3 Notice of hearings concerning master units.

(a) Before any hearing is held in connection with a master unit, notice thereof will be published, once a week for four consecutive weeks in a newspaper of general circulation in the county or counties in which the proposed master unit and the appurtenant marketing area are situated, and once in the Federal Register. The notice may also be published in a trade paper, if such publication is desirable.

(b) Such notice shall be approved by the Director.

Subpart 5043—Sustained-Yield Forest Units

Source: 35 FR 9782, June 13, 1970, unless otherwise noted.

§ 5043.1 Establishment of units.

Sustained-yield forest units will be established by the Director within the boundaries of each master unit in such manner that each forest unit will contain sufficient forest land to furnish a sustained supply of timber to forest industries upon which a local community depends and to constitute a suitable basis for a cooperative agreement. Due consideration shall be given to establish lumbering operations for the purpose of protecting dependent communities against adverse economic effects. Each forest unit shall be established so as to promote the widest distribution of the benefits of sustained-yield management to all forest owners, operators, workers and dependent communities affected thereby.

§ 5043.2 Hearings concerning sustained-yield forest units and cooperative agreements.

Prior to the establishment of a sustained-yield forest unit, a public hearing shall be held in the vicinity of the lands involved, in accordance with section 1 of the Act. Plans for the establishment of the unit and the execution of a cooperative agreement shall be considered at such hearing. The hearing will be conducted in the same manner as hearings concerning master units, as set forth in § 5042.2. The representative or representatives of the Department of the Interior who conduct the hearing will upon its conclusion make appropriate recommendations to the Director concerning the establishment of the forest unit and the execution of the cooperative agreement, forwarding at the same time a copy of the minutes of the hearing. The Director thereafter will take such action as he deems appropriate and due notice thereof will be given to the public.

§ 5043.3 Notice of hearings concerning forest units and cooperative agreements.

The provisions of § 5042.3 relative to notice of hearings concerning a master unit shall be applicable to the hearing in connection with the establishment of a sustained-yield forest unit and the execution of a cooperative agreement.

Subpart 5044—Cooperative Sustained-Yield Agreements

SOURCE: 35 FR 9782, June 13, 1970, unless otherwise noted.

§ 5044.1 General items of agreements.

(a) The formulation and administration of cooperative agreements shall be guided by a policy of promoting the widest distribution of the benefits obtainable under sustained-yield management, and of preventing monopoly.

(b) A prerequisite to participation in the cooperative agreement covering a sustained-yield forest unit will be either (1) ownership of land therein upon which timber is growing in commercial quantities, or of cutover and other lands which have been restocked or are suitable primarily for the production of timber in commercial quantities, or (2) sufficient rights or interests in the timber within the unit to enable the holder of such rights or interests to fulfill the obligations involved in commitment to the agreement.

(c) In each cooperative agreement the parties shall agree, in consideration of the benefits conferred by such agreement, that the forest management of their lands shall be conducted in such manner as may be necessary to effectuate the purposes of the Act. Each such cooperative agreement shall provide for:

(1) The disposition of timber from the Federal land in the forest unit to cooperating parties without competitive bidding at appraised prices, in accordance with sustained-yield management plans formulated or approved by the Director;

(2) The time, rate, and method of cutting timber from any lands committed to such agreement;

(3) The terms and conditions, but not the price, upon which private cooperating parties may sell to any person timber from their lands;

(4) The terms and conditions upon which additional lands, timber, or parties may be admitted to the agreement subsequent to its original execution;

(5) The protection of the reasonable interests of other owners or operators within the unit, of workers and others affected by the execution of such cooperative agreement, and of communities dependent upon the timber within such unit; and

(6) Such other matters as the Director shall determine are necessary or proper to achieve the objectives of the Act.

(d) The provisions of a cooperative agreement, except as therein otherwise provided, shall prevail, in the administration and disposal of O. and C. timber included in such agreement, over the regulations of the Secretary of the Interior theretofore applicable to such timber.

§ 5044.2 Qualifications for agreement.

Any individual who wishes to obtain the rights of a producer under a cooperative agreement will be required to furnish satisfactory proof, prior to the execution of the agreement, that he is a citizen of the United States, or, if a partnership or association, that each member thereof is such a citizen. A corporation which wishes to become a party to such an agreement must file a certified copy of its articles of incorporation to show that it was organized under the laws of the United States or of some state territory, or possession thereof, as well as a statement setting forth the name, residence, citizenship, and amount oi stock held by each of its stockholders, separately listing those of alien citizenship, A corporation organized outside of the State of Oregon must also file a certificate by the proper state official that it is authorized to do business within the State of Oregon. The Director, in his discretion, may require a corporate party to a cooperative agreement to furnish additional information as to the ownership of its stock and may deny participation in a cooperative agreement to a corporation, any of whose stock is owned, held, or controlled by citizens of another country.

§ 5044.3 Forms of agreement.

The standard form for cooperative agreements between the United States and owners and operators of non-federal lands, heretofore approved by the Secretary of the Interior, will be made available through the State Director, Portland, Oregon. Changes in the form of agreement may be made by the Director, from time to time when such changes are warranted by peculiar circumstances in a forest unit, or to reflect the experience gained from the operation of previous agreements. All such changes shall be consistent with the retention by the Director, of the authority necessary to accomplish the objectives of the Act. Where Federal lands not under the jurisdiction of the Secretary of the Interior are involved, different forms will likewise be adopted.

§ 5044.4 Execution of agreement.

The Director of the Bureau of Land Management, after consideration of the minutes of the hearing and the recommendation of the hearing officer, will execute the agreement if he is of the opinion that it will promote the achievement of the objectives of the Act and is otherwise in the public interest. No rights shall accrue to a party under a cooperative agreement until the Director has executed the agreement on behalf of the United States.

Subpart 5045—Exchanges

§ 5045.1 O. and C. timber lands.

Exchanges for the purpose of consolidating and segregating O. and C. timber lands, or which otherwise are in furtherance of the O. and C. timber management program are authorized by the Act of July 31, 1939 (53 Stat. 1144), and the regulations thereunder. (See Subpart 2200 of this chapter.)

5400.0-7 Public hearings to determine surplus quantities and species of unprocessed timber.

Subpart 5401—Advertised Sales; General

5401.0-6 Policy.

Subpart 5402—Other Than Advertised Sales; General

5402.0-6 Policy.
5402.1 Report requirements.

Authority: 61 Stat. 681, as amended, 69 Stat. 367, 48 Stat. 1269, sec. 11, 30 Stat. 414, as amended, sec. 5, 50 Stat. 875; 30 U.S.C. 601 et seq., 43 U.S.C. 315, 423, 1181a, unless otherwise noted.

Subpart 5400—Sales of Forest Products; General

§ 5400.0-3 Authority.

(a) The Act of August 28, 1937 (43 U.S.C. 1181a) authorizes the sale of timber from the Revested Oregon and California Railroad and Reconveyed Coos Bay Wagon Road Grant Lands and directs that such lands shall be managed for permanent forest production and the timber thereon sold, cut and removed in conformity with the principle of sustained yield for the purpose of providing a permanent source of timber supply, protecting watersheds, regulating streamflow and contributing to the economic stability of local communities and industries, and providing recreational facilities.

(b) The Act of July 31, 1947, as amended (30 U.S.C. 601 et seq.) authorizes the disposal of timber and other vegetative resources on public lands of the United States including lands embraced within an unpatented mining claim located after July 23, 1955, if the disposal of such resources is not otherwise expressly authorized by law including, but not limited to, the Act of June 28, 1934, as amended (43 U.S.C. 315-315o-1) and the U.S. mining laws; is not expressly prohibited by laws of the United States; and would not be detrimental to the public interest.

(1) The Act also authorizes the United States, its permittees, and licensees to use so much of the surface of any unpatented mining claim located under the mining law of the United States after July 23, 1955, as may be necessary for access to adjacent land for the purposes of such permittees or licensees. Any authorized use of the surface of any such mining claim shall be such as not to endanger or materially interfere with prospecting, mining, or processing operations or uses reasonably incident thereto.

(2) Where the lands have been withdrawn in aid of a function of a Federal department or agency other than the Department of the Interior, or of a State county, municipality, water district, or other local governmental subdivision or agency, the Secretary of the Interior may make disposals under the regulations in this subpart only with the consent of such other Federal department or agency or of such State, or local governmental unit. The act provides, however, that the Secretary of Agriculture shall dispose of materials if such materials are on lands administered by the Secretary of Agriculture for national forest purposes or for purposes of Title III of the Bankhead-Jones Farm Tenant Act or where withdrawn for the purpose of any other function of the Department of Agriculture.

(3) The provisions of the Act in disposal of vegetative or mineral materials do not apply to lands in any national park, or national monument or to any Indian lands or lands set aside or held for the use or benefit of Indians including lands over which jurisdiction has been transferred to the Department of the Interior by Executive order for the use of Indians.

(c) The Department of the Interior and Related Agencies Appropriation Act, 1976 (Pub. L. 94-165) prohibits the use of funds appropriated thereunder for sale of unprocessed timber from Federal lands west of the 100th meridian in the contiguous 48 States which will be exported from the United States, or which will be used as a substitute for timber from private lands which is exported by the purchaser. The law also provides that the export restriction shall not apply to specific quantities of grades and species of timber which the Secretary of the Interior determines to be surplus to domestic lumber and plywood manufacturing needs.

(d) Authority for small sales of timber for use in Alaska is contained in the Act of May 14, 1898, as amended (16 U.S.C. 615a).

[37 FR 22797, Oct. 25, 1972, as amended at 41 FR 12659, Mar. 26, 1976]

§ 5400.0-5 Definitions.

Except as the context may otherwise indicate, as the terms are used in Parts 5400-5490 of this chapter and in contracts issued thereunder:

(a) "Bureau" means the Bureau of Land Management, Department of the Interior.

(b) "Director" means the Director of the Bureau of Land Management.

(c) "Authorized Officer" means an employee of the Bureau of Land Management, to whom has been delegated the authority to take action.

(d) "O. and C. Lands" means the Revested Oregon and California Railroad and Reconveyed Coos Bay Wagon Road Grant Lands and other lands administered by the Bureau of Land Management under the provisions of the Act of August 28, 1937 (50 Stat. 874).

(e) "Public Lands" means the public domain and its surface resources under the jurisdiction of the Bureau of Land Management and lands from which the vegetative resources may be sold in accordance with the provisions of § 5400.0-3(a)(2)(ii).

(f) "Timber" means standing trees, downed trees or logs which are capable of being measured in board feet.

(g) "Other vegetative resources" means all vegetative material which cannot be measured in units of board feet of timber.

(h) "Set-aside" means a designation of timber for sale which is limited to bidding by small business concerns as defined by the Small Business Administration in its regulations (13 CFR Part 121) under the authority of section 15 of the Small Business Act of July 18, 1958 (72 Stat. 384).

(i) "Third party scaling" means the measurement of logs by a scaling organization, other than a Government agency, approved by the Bureau.

(j) "Sale value" means the contract value of the stumpage sold under the contract.

(k) "Unprocessed timber" means:

(1) Any logs except those of utility grade or below, such as sawlogs, peeler logs, and pulp logs;

(2) Cants or squares to be subsequently remanufactured exceeding eight and three-quarters (8¾) inches in thickness;

(3) Split or round bolts, or other roundwood not processed to standards and specifications suitable for end product use.

(l) "Federal lands" means all lands administered by the Department of the Interior west of the 100th meridian in the contiguous 48 States with the exception of tribal and trust allotted lands managed by the Bureau of Indian Affairs on behalf of the Indians.

(m) "Loading point" means any landing or other area in which logs are capable of being loaded for transportation out of the contract area: *Provided, however,* That right-of-way timber which has been cut shall not be considered to be at a loading point until such time as logs from any source are actually transported over that portion of the right-of-way.

(n) "Substitution" means:

(1) The purchase of a greater volume of Federal timber by an individual purchaser than has been his historic pattern within twelve (12) months of the sale of export by the same purchaser of a greater volume of his private timber than has been his historic pattern during the preceding twelve (12) months, exclusive of Federal timber purchased by negotiated sale for right-of-way purposes, and

(2) The increase of both the purchase of Federal timber and export of timber from private lands tributary to the plant for which Bureau of Land Management timber covered by a specific contract is delivered or expected to be delivered.

(o) "Federal timber" means timber sold by the Bureau of Land Management as used under these regulations.

[35 FR 9783, June 13, 1970, as amended at 38 FR 6280, Mar. 8, 1973; 41 FR 12659, Mar. 26, 1976; 41 FR 31381, July 28, 1976]

§ 5400.0-7 Public hearings to determine surplus quantities and species of unprocessed timber.

(a) Public hearings will be held when authorized by the Director to seek advice and counsel as to the specific quantities of grades and species of unprocessed timber surplus to the needs of domestic users and processors. Such species and quantities thereby determined to be surplus by the Secretary, may be designated as available for export by the Secretary.

(b) Such hearings will be coordinated with the Department of Agriculture and held at convenient, centralized locations within the range of the species under consideration.

(c) Before any hearing is held in this regard, a notice will be published in a newspaper of general circulation within the range of the species under consideration at least 15 days prior to the hearing. In addition, known parties or groups with special interest in the species concerned should be notified directly. The record of the hearing shall be kept open for at least 5 consecutive calendar days from the date of the hearing for receipt of additional statements.

(d) The hearing will be conducted by a representative or representatives of the Department of the Interior and the Department of Agriculture, respectively. At the conclusion of the hearing, the record thereof together with appropriate recommendations shall be forwarded to the Director for further action deemed appropriate. The Director shall give the public due notice as to the quantities and species of unprocessed timber determined to be surplus to the needs of domestic users and processors.

[35 FR 9783, June 13, 1970, as amended at 41 FR 12659, Mar. 26, 1976]

Subpart 5401—Advertised Sales; General

§ 5401.0-6 Policy.

(a) All sales other than those specified in § 5402.0-6 shall be made only after inviting competitive bids through publication and posting. Sales shall not be held sooner than one week after the last advertisement. No competitive sales shall be offered by the authorized officer unless there is access to the sale area which is available to anyone who is qualified to bid.

(b) All competitive sales shall be subject to the restrictions relating to the export and substitution from the United States of unprocessed timber.

(Sec. 5, 50 Stat. 875, 61 Stat. 681, as amended, 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 et seq.)

[35 FR 9783, June 13, 1970, as amended at 41 FR 12659, Mar. 26, 1976]

Subpart 5402—Other Than Advertised Sales; General

Source: 35 FR 9784, June 13, 1970, unless otherwise noted.

§ 5402.0-6 Policy.

(a) When it is determined by the authorized officer to be in the public interest, he may sell at not less than the appraised value, without advertising or calling for bids, timber where the contract is for the sale of less than 250 M board feet.

(b) Timber on the right-of-way of a logging road and danger trees adjacent to the right-of-way on O. and C. lands may be sold at not less than the appraised value without advertising or calling for bids to (1) permittee who constructs a road pursuant to a permit issued under Subpart 2800 of this chapter, or (2) a contractor who is constructing a road with Government funds.

(c) In addition to paragraph (b) of this section, negotiated sales with no limitations as to volume may be made if:

(1) The contract is for the disposal of materials to be used in connection with a public works improvement program on behalf of a Federal, State or local government agency and the public exigency will not permit the delay incident to advertising; or if

(2) The contract is for the disposal of property for which it is impracticable to obtain competition.

(d) All negotiated sales shall be subject to the restrictions relating to the export and substitution from the United States of unprocessed timber. Timber purchased for right-of-way purposes will not be subject to substitution restrictions.

(Sec. 5, 50 Stat. 875, 61 Stat. 681, as amended, 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 et seq.)

[35 FR 9784, June 13, 1970, as amended at 41 FR 12660, Mar. 26, 1976]

§ 5402.1 Report requirements.

A report will be made to Congress on April 1, and October 1 of each year of negotiated timber sale contracts 250 M board feet and over made under paragraphs (c) (1) and (2) of § 5402.0-6 during the period since the date of the last report. This report shall include name of purchaser; the appraisal value of the material involved; the amount of each contract; and description of the circumstances leading to the determination that the contract should be entered into by negotiation instead of competitive bidding after formal advertising.

[41 FR 39324, Sept. 15, 1976]

PART 5410—ANNUAL TIMBER SALE PLAN

Subpart 5410—Annual Timber Sale Plan; General

§ 5410.0-6 Policy.

Plans for the sale of timber from the O. and C. and public lands will be developed annually. Suggestions from prospective purchasers of such timber may be received to assist in the development of a sound annual timber sale plan. Such plan may be advertised in a newspaper of general circulation in the area in which the timber is located. Such advertisement shall indicate generally the probable time when the various tracts of timber included in the plan will be offered for sale, set-asides if any, and the probable location and anticipated volumes of such tracts. The authorized officer may subsequently change, alter or amend the annual timber sale plan.

[35 FR 9785, June 13, 1970]

Subpart 5420—Preparation for Sale; General

Sec.
5420.0-6 Policy.

Subpart 5422—Volume Measurements

5422.1 Cruise sales.
5422.2 Scale sales.

Subpart 5424—Preparation of Contract

5424.0-5 Definitions.
5424.0-6 Policy.
5424.1 Reporting provisions for substitution determination.

AUTHORITY: Sec. 5, 50 Stat. 875, 61 Stat. 681, as amended, 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 et seq.

SOURCE: 35 FR 9785, June 13, 1970, unless otherwise noted.

Subpart 5420—Preparation for Sale; General

§ 5420.0-6 Policy.

All timber or other vegetative resources to be sold shall be appraised and in no case shall be sold at less than the appraised value. Measurement shall be by tree cruise, log scale, weight, or such other form of measurement as may be determined to be in the public interest.

Subpart 5422—Volume Measurements

§ 5422.1 Cruise sales.

As the general practice, the Bureau will sell timber on a tree cruise basis.

§ 5422.2 Scale sales.

(a) Scaling by the Bureau will be used from time to time for administrative reasons. Such reasons would include but not be limited to the following: To improve cruising standards; check accuracy of cruising practices; for volumetric analysis; and for highly defective timber where it is impossible to determine the tree cruise volume within a reasonable degree of accuracy.

(b) Third party scaling may be ordered by the Bureau after a determination that all of the following factors exist: (1) A timber disaster has occurred; (2) a critical resource loss is imminent; (3) measurement practices listed in § 5422.1 and paragraph (a) of this section are inadequate to permit orderly disposal of the damaged timber. Third party scaling volumes must be capable of being equated to Bureau standards in use for timber depletion computations, to insure conformance with sustained yield principles.

Subpart 5424—Preparation of Contract

§ 5424.0-5 Definitions.

When used in connection with export and substitution restrictions, the following terms apply:

"Purchaser" means a business entity including but not limited to an individual, partnership, corporation or association which buys Federal timber.

"Affiliate" means a business entity including but not limited to an individual, partnership, corporation or association which controls or is controlled by a purchaser, or, along with a purchaser, is controlled by a third business entity.

[46 FR 29263, June 1, 1981]

§ 5424.0-6 Policy.

(a) All sales shall be made on contract forms approved by the Director. The contract form and any additional provisions shall be made available for inspection by prospective bidders during the advertising period.

(b) The Authorized Officer may include additional provisions in the contract to cover conditions peculiar to the sale area, such as road construction, logging methods, silvicultural practices, reforestation, snag felling, slash disposal, fire prevention, fire control, and the protection of improvements, watersheds, recreational values, and the prevention of pollution.

(c) Except for such specific quantities of grades and species of unprocessed timber determined to be surplus to domestic lumber and plywood manufacturing needs, each sale contract shall include provisions that prohibit:

(1) The export of any unprocessed timber harvested from the area under contract;

(2) The use of any timber of sawlog or peeler grades sold as a substitute for timber from private lands which is exported or sold for export by the purchaser or an affiliate of the purchaser.

[41 FR 12660, Mar. 26, 1976, as amended at 46 FR 29263, June 1, 1981]

§ 5424.1 Reporting provisions for substitution determination.

(a) To determine whether substitution has occurred, the authorized officer may require that information identified in the contract (OMB Clearance No. 1004-0058) be reported by:

(1) A purchaser who has exported private timber within one year preceding the purchase date of Federal timber, and/or

(2) An affiliate of a timber purchaser who exported private timber within one year before the acquisition of Federal timber from the purchaser.

(b) Purchasers or affiliates of purchasers shall retain a record of Federal timber acquisitions and private timber exports for three years from the date the activity occurred.

[46 FR 29263, June 1, 1981]

5430.1 Requirements.

AUTHORITY: Sec. 5, 50 Stat. 875, 61 Stat. 681, as amended, 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 et seq.

§ 5430.0-6 Policy.

Competitive timber sales shall be advertised in a newspaper of general circulation in the area in which the timber or other vegetative resources are located and a notice of the sale shall be posted in a conspicuous place in the office where bids are to be submitted. Such advertisement shall be published on the same day once a week for two consecutive weeks, except that sales amounting to less than 500 M board feet, need be published once only. When in the discretion of the authorized officer longer advertising periods are desired, such longer periods are permitted.

[35 FR 9785, June 13, 1970]

§ 5430.1 Requirements.

The advertisement of sale shall state the location by county, section, township, range, meridian, of the tract or tracts on which timber or other vegetative resources are being offered, the estimated total quantity, the unit of measure, the total appraised value, the minimum deposit, time and place for receiving bids, the office where additional information may be obtained, and such additional information as the authorized officer may deem necessary.

Subpart 5441—Advertised Sales

Sec.
5441.1 Qualification of bidders.
5441.1-1 Bid deposits.
5441.1-2 Special considerations.
5441.1-3 SBA set-aside sales.

Subpart 5442—Bidding Procedure

5442.1 Bidding.
5442.2 Resale of timber from uncompleted contracts.
5442.3 Rejection of bids; waiver of minor deficiencies.

Subpart 5443—90-Day Sales

5443.1 General.

AUTHORITY: Sec. 5, 50 Stat. 875, 61 Stat. 631, as amended, 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 et seq.

Subpart 5441—Advertised Sales

SOURCE: 35 FR 9785, June 13, 1970, unless otherwise noted.

§ 5441.1 Qualification of bidders.

(a) A bidder or purchaser for the sale of timber must be (1) an individual who is a citizen of the U.S., (2) a partnership composed wholly of such citizens, (3) an unincorporated association composed wholly of such citizens, or (4) a corporation authorized to transact business in the States in which the timber is located. A bidder must also have submitted a deposit in advance, as required by § 5441.1-1. To qualify for bidding to purchase set-aside timber, the bidder must not have been determined by the Small Business Administration to be ineligible for preferential award of set-aside sales and must accompany his deposit with a self-certification statement that he is qualified as a small business concern as defined by the Small Business Administration (13 CFR Part 121).

(b) At the request of the authorized officer, or the officer conducting the sale, bidders must furnish evidence of qualification in conformance with paragraph (a) of this section or if such evidence has already been furnished, make appropriate reference to the record containing it.

§ 5441.1-1 Bid deposits.

Sealed bids must be accompanied for a deposit of not less than 10 percent of the appraised value of the timber or other vegetative resources. For offerings at oral auction, bidders must make a deposit of not less than 10 percent of the appraised value prior to the opening of the bidding. The authorized officer may, in his discretion, require larger deposits. Deposits may be in the form of cash, money orders, bank drafts, cashiers' or certified checks made payable to the Bureau of Land Management, bid bonds of a corporate surety shown on the approved list of the United States Treasury Department or any guaranteed remittance approved by the authorized officer. Upon conclusion of the bidding, the bid deposits of all bidders, except the high bidders, shall be returned. The deposit of the successful bidder will be applied on the purchase price at the time the contract is signed by the authorized officer unless the deposit is a corporate surety bid bond or a bond is accepted by the Bureau to secure payment of the first installment.

[35 FR 9785, June 13, 1970, as amended at 38 FR 6280, Mar. 8, 1973; 46 FR 42673, Aug. 24, 1981]

§ 5441.1-2 Special considerations.

Where a timber sale notice provides that the successful bidder may use a Small Business Administration road construction loan, and the bidder has reason to believe that he qualifies for such road construction loan under SBA regulations (13 CFR Part 121), the bidder shall submit to the authorized officer a statement of his intention to file with SBA for such SBA road construction loan. The purpose of the filing is to facilitate action by the Authorized officer and the Small Business Administration on the loan application.

§ 5441.1-3 SBA set-aside sales.

Only bids of small business concerns which have filed a self-certification statement as required by § 5441.1 may be considered for sales subject to set-asides. When no such bids are received, the timber may be sold under

§ 5443.1 in the same manner as timber not previously made subject to a set-aside. When timber subject to a set-aside is not sold for any other reason, the sale may be rescheduled for a set-aside sale.

Subpart 5442—Bidding Procedure

SOURCE: 38 FR 6280, Mar. 8, 1973, unless otherwise noted.

§ 5442.1 Bidding.

(a) Bidding at competitive sales shall be conducted by the submission of sealed bids, written bids, oral bids, or a combination of bidding methods as directed by the authorized officer.

(b) In sealed bid sales, the bidder submitting the highest sealed bid shall be declared the high bidder. In the event of a tie in high sealed bids, the high bidder shall be determined by lot from among those who submitted the tie bids.

(c) In oral auction sales, submission of the required minimum bid deposit and a written bid at not less than the advertised appraised price shall be required to participate in oral bidding. The officer conducting the sale shall declare a specific period, prior to oral bidding on each tract, during which bid deposits and written bids may be submitted. Bid deposits and written bids also may be submitted any time prior to the specific period declared by the officer conducting the sale. Oral bidding to determine the high bidder shall begin from the highest written bid after closure of the submittal period. In the event there is a tie in high written bids, and no oral bidding occurs, the bidder who was the first to submit his bid deposit and written bid shall be declared the high bidder. If the officer conducting the sale cannot determine who made the first submission of high tie written bids, the high bidder shall be determined by lot. The declared high bidder must confirm his oral bid in writing immediately after the sale, but failure to do so shall not relieve him of his purchase obligation.

§ 5442.2 Resale of timber from uncompleted contracts.

(a) Except as otherwise provided in this section, in the resale of timber remaining from an uncompleted timber sale contract, no bid will be considered from any person, or from an affiliate of such person, who failed to complete the original contract because of: (1) Cancellation for purchaser's breach; or (2) failure to cut designated timber on portions of the sale area and complete payment by the expiration date. As used in this section: "person" means an individual, partnership, corporation, or association; an "affiliate" means a person who controls or is controlled by another person.

(b) The provisions of paragraph (a) of this section shall apply only: (1) When 50 percent or more of the timber included in the resale is timber remaining from the uncompleted contract; or (2) when imposed because of failure to cut designated timber on portions of the sale area and to complete payments by the expiration date on contracts awarded after the effective date of this regulation.

§ 5442.3 Rejection of bids; waiver of minor deficiencies.

When the authorized officer determines it to be in the interest of the Government to do so, he may reject any or all bids and may waive minor deficiencies in the bids or the timber sale advertisement.

Subpart 5443—90-Day Sales

§ 5443.1 General.

If no bid is received within the time specified in the advertisement of sale, and if the authorized officer determines that there has been no significant rise in the market value, he may in his discretion, keep the sale open for not to exceed 90 days by posting notice thereof in a conspicuous place in the office where bids are to be submitted. If during such period a written bid is submitted, together with the required deposit, for not less than the advertised appraised value, a notice of such bid shall be posted immediately after receipt of such bid for seven successive days in the same office and in the same manner. If no other written bid is received during the 7-day posting period, the sole bidder shall be deemed the high bidder. If, however, during such seven day posting period other written bids are received, an oral auction shall be conducted in the usual manner for those who have submitted written bids. The authorized officer shall notify those who have submitted written bids of the time and place of the oral auction. The written bids shall be considered the initial bids in such oral auction. If there is a tie in the high written bids that are submitted during the seven day posting period and if no higher bid is offered during the oral auction, the party who first submitted the high bid shall be deemed the high bidder.

[35 FR 9786, June 13, 1970]

PART 5450—AWARD OF CONTRACT

Subpart 5450—Award of Contract; General

Sec.
5450.1 Pre-award qualifications of high bidder.

Subpart 5451—Bonds

5451.1 Minimum performance bond requirements; types.
5451.2 Performance bonds in excess of minimum.
5451.3 Performance bond reduction.
5451.4 Payment bond.

Subpart 5452—Method of Payment

5452.1 Cash sales.
5452.2 Installment payments.

AUTHORITY: Sec. 5, 50 Stat. 875, 61 Stat. 681, as amended, 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 et seq.

Subpart 5450—Award of Contract; General

§ 5450.1 Pre-award qualifications of high bidder.

(a) The authorized officer may require the high bidder to furnish such information as is necessary to determine the ability of the bidder to perform the obligations of the contract. The contract shall be awarded to the high bidder, unless he is not qualified or responsible, or unless all bids are rejected. If the high bidder is not qualified or responsible or fails to sign and return the contract together with the required performance bond and any required payment; the contract may be offered and awarded for the amount of the high bid to the highest of the bidders who is qualified, responsible, and willing to accept the contract.

(b) Within 30 days after receipt of the contract the successful bidder shall sign and return the contract, together with any required performance bond and any required payment: *Provided,* That the authorized officer may, in his discretion, extend such period an additional 30 days if the extension is applied for in writing and granted in writing within the first 30-day period. If the successful bidder fails to comply within the stipulated time, his bid deposit shall be retained as liquidated damages.

[35 FR 9786, June 13, 1970]

Subpart 5451—Bonds

§ 5451.1 Minimum performance bond requirements; types.

(a) A minimum performance bond of not less than 20 percent of the total contract price will be required for all contracts of $2,500 or more. A minimum performance bond of not less than $500 will be required for all installment contracts less than $2,500. For cash sales less than $2,500, bond requirements, if any, will be in the discretion of the authorized officer. The performance bond may be:

(1) Bond of a corporate surety shown on the approved list issued by the United States Treasury Department and executed on an approved standard form; or

(2) Personal surety bond, executed on an approved standard form if the authorized officer determines the principals and bondsmen are capable of carrying out the terms of the contract; or

(3) Cash bond; or

(4) Negotiable securities of the United States.

(5) Any guaranteed remittance approved by the authorized officer.

[35 FR 9786, June 13, 1970, as amended at 38 FR 6281, Mar. 8, 1973; 46 FR 42673, Aug. 24, 1981]

§ 5451.2 Performance bonds in excess of minimum.

(a) To obtain permission for the delayed payment of the first installment, the purchaser must increase the minimum performance bond required by § 5451.1(a) by an amount equal to the first installment. The increased bond must be on a form approved by the Director and upon completion must be approved by the authorized officer. If a bond of corporate surety is used, the bond shall provide that the surety will make payment to the Bureau of the amount of the increase within 60 days after demand therefor by the Bureau whenever the purchaser shall fail to make payment as required by § 5461.2(a)(2) of this chapter.

(b) To obtain permission to cut timber before payment of the second or a subsequent installment the purchaser must increase the minimum performance bond required by § 5451.1(a) by an amount equal to one or more installment payments, as determined by the authorized officer. The adjusted bond must be approved by the authorized officer in writing prior to cutting any timber under the adjusted bond.

[38 FR 6281, Mar. 8, 1973]

§ 5451.3 Performance bond reduction.

As contract provisions are completed to the satisfaction of the authorized officer, he may, in his discretion, reduce the amount of the performance bond required: *Provided, however,* The amount of the performance bond shall not be reduced below the minimum required by § 5451.1 until payment for the timber sold is complete.

[35 FR 9786, June 13, 1970, as amended at 38 FR 6281, Mar. 8, 1973]

§ 5451.4 Payment bond.

To obtain permission to (a) cut and remove timber, or (b) remove timber already cut, which has been secured by an increased performance bond as provided for in § 5451.2(b), before payment of the second or subsequent installments, the purchaser must obtain a payment bond in an amount equal to one or more installment payments as determined by the authorized officer. The payment bond may be a bond of a corporate surety shown on the approved list issued by the U.S. Treasury Department and executed on an approved form or negotiable securities of the United States. The payment bond may be a bond of a corporate surety shown on the approved list issued by the United States Treasury Department and executed on an approved form, negotiable securities of the United States, or any guaranteed remittance approved by the authorized officer. If a bond of a corporate surety is used, the payment bond shall provide that if the purchaser fails to make payment as required by § 5461.2(a)(4) of this chapter, the surety will make such payment including any required interest to the Bureau within 60 days after demand therefor by the Bureau. With the written approval of the authorized officer a single blanket payment bond may be allocated to two or more contracts with the same purchaser in the same Bureau of Land Management administrative district.

[38 FR 6281, Mar. 8, 1973, as amended at 46 FR 42674, Aug. 24, 1981]

Subpart 5452—Method of Payment

§ 5452.1 Cash sales.

For sales under $500 the full amount shall be paid prior to or at the time the authorized officer signs the contract.

[35 FR 9787, June 13, 1970]

§ 5452.2 Installment payments.

For sales of $500 or more the authorized officer may allow payment by installments as provided by § 5461.2 of this chapter.

[35 FR 9787, June 13, 1970]

PART 5460—SALES ADMINISTRATION

Subpart 5461—Contract Payments

Sec.

5461.1 Payment in advance of cutting or removal.
5461.2 Installment payment requirements.
5461.3 Total payment.

Subpart 5463—Expiration of Time for Cutting and Removal

Sec.
5463.1 Time for cutting and removal.
5463.2 Extension of time.

AUTHORITY: Sec. 5, 50 Stat. 875, 61 Stat. 681, as amended, 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 et seq.

Subpart 5461—Contract Payments

§ 5461.1 Payment in advance of cutting or removal.

Except as provided in §§ 5451.2 and 5451.4 no part of any timber or other vegetative resources sold may be cut or removed unless advance payment has been made as provided in the contract.

[35 FR 9787, June 13, 1970, as amended at 38 FR 6281, Mar. 8, 1973]

§ 5461.2 Installment payment requirements.

(a) Contract installment payments shall be determined by the authorized officer as follows:

(1) Payment in advance of cutting. For sales under $100,000 installment payments shall be not less than 10 percent of the total purchase price. For sales of $100,000 or more installment payments shall not be less than $10,000. The first installment shall be paid prior to, or at the time the authorized officer signs the contract. The second installment shall be paid prior to the cutting or removal of the material sold. Each subsequent installment shall be due and payable without notice when the value of the material cut or removed equals the sum of all the payments minus the first installment.

(2) *Delayed payment of first installment.* Payment of the first installment required in paragraph (a)(1) of this section may be delayed if the purchaser increases the performance bond as provided by § 5451.2(a) of this chapter. If delayed payment of first installment is approved by the authorized officer, cash payment for that installment must be made either before the cutting or removing of the last portion of timber sold under the contract having a value equal to the amount of the first installment or at any time the Bureau exercises its authority to cancel the rights of the purchaser under the terms of the contract, whichever occurs first.

(3) *Delayed payment of second or subsequent installments.* Delayed payment of the second or a subsequent installment may be allowed if the purchaser furnishes a bond as provided by § 5451.2 (b) of this chapter. The first installment shall be paid in the same manner as provided in paragraph (a) (1) and (2) of this section. If cutting is permitted before payment, as provided by § 5451.2(b) of this chapter, payment by installment shall be made before timber may be skidded or yarded to a loading point or removed from the contract area. Each subsequent installment shall be due and payable without notice when the sale value of the timber skidded or yarded to a loading point or removed equals the sum of all the payments minus the first installment. The unenhanced value of timber allowed to be cut in advance of payment is limited to the amount of the increase over and above the required minimum performance bond. Upon payment, the amount of the bond may be applied to other timber sold under the contract to permit its cutting in advance of payment.

(4) *Payment where cutting or removal has been permitted under payment bond authorized by § 5451.4 of this chapter.* The first installment shall be paid in the same manner as provided in paragraphs (a) (1) and (2) of this section. If cutting and/or removal is permitted before payment, as provided by § 5451.4 of this chapter, the purchaser shall be billed monthly for timber skidded or yarded to a loading point or removed from the contract area and for any related road maintenance fees unless a lesser period is agreed to by the Bureau and the purchaser. Payment shall be made within 15 days of the billing date shown on the billing form. The unenhanced value of timber allowed to be cut and/or removed in advance of payment is limited to the amount of the payment bond. Upon payment, the amount of the bond may be applied to other timber.

[35 FR 9787, June 13, 1970, as amended at 38 FR 6281, Mar. 8, 1973]

§ 5461.3 Total payment.

The total amount of the contract purchase price must be paid prior to expiration of the time for cutting and removal under the contract. For a cruise sale the purchaser shall not be entitled to a refund even though the amount of timber cut, removed, or designated for cutting may be less than the estimated total volume shown in the contract. For a scale sale, if it is determined after all designated timber has been cut and measured that the total payments made under the contract exceed the total sale value of the timber measured, such excess shall be refunded to the purchaser within 60 days after such determination is made.

[35 FR 9787, June 13, 1970]

Subpart 5463—Expiration of Time for Cutting and Removal

§ 5463.1 Time for cutting and removal.

Time for cutting and removal of timber or other vegetative resources sold shall not exceed a period of thirty-six months except that such time for cutting and removal may be extended as provided in §§ 5463.2 and 5473.1.

[35 FR 9787, June 13, 1970]

§ 5463.2 Extension of time.

If the purchaser shows that his delay in cutting or removal was due to causes beyond his control and without his fault or negligence, the authorized officer may grant an extension of time, not to exceed one year, upon written request of the purchaser. Market fluctuations are not cause for consideration of contract extensions. Additional extensions may be granted upon written request of the purchaser.

[35 FR 9787, June 13, 1970]

PART 5470—CONTRACT MODIFICATION—EXTENSION—ASSIGNMENT

Subpart 5473—Extension of Time for Cutting and Removal

Sec.
5473.1 Application.
5473.4 Approval of request.
5473.4-1 Reappraisal.

Subpart 5474—Contract Assignment

Sec.
5474.1 Conditions; general.

AUTHORITY: Sec. 5, 50 Stat. 875, 61 Stat. 681, as amended. 69 Stat. 367; 43 U.S.C. 1181e, 30 U.S.C. 601 et seq.

Subpart 5473—Extension of Time for Cutting and Removal

SOURCE: 35 FR 9787, June 13, 1970, unless otherwise noted.

§ 5473.1 Application.

Written requests for extension must be received prior to the expiration of the time for cutting and removal. No extension may be granted without reappraisal as provided in § 5473.4-1.

§ 5473.4 Approval of request.

§ 5473.4-1 Reappraisal.

(a) If an extension is granted as provided in §§ 5463.2 and 5473.1 the material sold shall be reappraised by the authorized officer. In making the reappraisal, the authorized officer shall use the Bureau of Land Management's prescribed procedures.

(b) For a cruise sale the timber sold remaining on the contract area shall be reappraised for the purpose of computing the reappraised total purchase price. The reappraised total purchase price shall not be less than the total purchase price established by the contract or last extension. The authorized officer may require that the reappraised total purchase price shall be paid in advance as a condition of granting an extension.

(c) For a scale sale each species of timber remaining on the contract area shall be reappraised. The reappraised unit price for each species shall be effective for the remaining life of the contract: *Provided, however,* The reappraised unit price for each species shall not be less than the unit price established by the contract or previous extension.

Subpart 5474—Contract Assignment

SOURCE: 35 FR 9787, June 13, 1970, unless otherwise noted.

§ 5474.1 Conditions; general.

(a) The purchaser may not assign the contract or any interest therein without the written approval of the authorized officer. An assignment shall contain all the terms and conditions agreed upon by the parties thereto.

(b) The authorized officer will not approve any proposed assignment involving contract performance unless the assignee (1) is authorized to transact business in the State in which the timber or other vegetative resource is located; (2) submits such information as is necessary to assure the authorized officer of his ability to fulfill the contract; and (3) furnishes a performance bond as required by Subpart 5451 of this chapter or obtains a commitment from the previous surety to be bound by the assignment when approved. Upon approval of an assignment by the authorized officer, the assignee shall be entitled to all the rights and subject to all the obligations under the contract, and the assignor shall be released from any further liability under the contract.

Group 5500—Nonsale Disposals

PART 5500—NONSALE DISPOSALS; GENERAL

Subpart 5500—Nonsale Disposals; General

Sec.
5500.0-3 Authority.
5500.0-5 Definitions.

AUTHORITY: 61 Stat. 681, as amended, 69 Stat. 367, 48 Stat. 1269, sec. 11, 30 Stat. 414, as amended, 30 U.S.C. 601 et seq., 43 U.S.C. 315, 423.

SOURCE: 35 FR 9789, June 13, 1970, unless otherwise noted.

§ 5500.0-3 Authority.

(a) The Act of July 31, 1947 (61 Stat. 681), as amended by the Acts of July 23, 1955 (69 Stat. 367, 30 U.S.C. 601 et seq.) and the Act of September 25, 1962 (76 Stat. 587) authorizes the disposal of timber and other vegetative resources on public lands of the United States including lands embraced within an unpatented mining claim located after July 23, 1955, if the disposal of such resources is not otherwise expressly authorized by law including, but not limited to, the Act of June 28, 1934 (48 Stat. 1269; 43 U.S.C. 315-315o-1), as amended, and the United States mining laws; is not expressly prohibited by laws of the United States; and would not be detrimental to the public interest.

(1) The Act also authorizes the United States, its permittees, and licensees to use so much of the surface of any unpatented mining claim located under the mining law of the United States after July 23, 1955, as may be necessary for access to adjacent land for the purposes of such permittees or licensees. Any authorized use of the surface of any such mining claim shall be such as not to endanger or materially interfere with prospecting, mining or processing operations or uses reasonably incident thereto.

(2) Where the lands have been withdrawn in aid of a function of a Federal department or agency other than the Department of the Interior, or of a State, county, municipality, water district, or other local governmental subdivision or agency, the Secretary of the Interior may make disposals under the regulations in this subpart only with the consent of such other Federal department or agency or of such State, or local governmental unit. The Act of July 23, 1955, supra, provides, however, that the Secretary of Agriculture shall dispose of materials under the Act of July 31, 1947, as amended, supra, if such materials are on lands administered by the Secretary of Agriculture for national forest purposes or for purposes of Title III of the Bankhead-Jones Farm Tenant Act or where withdrawn for the purpose of any other function of the Department of Agriculture.

(3) The provisions of the Act of July 23, 1955, supra, in disposal of vegetative or mineral materials do not apply to lands in any national park, or national monument or to any Indian lands or lands set aside or held for the use or benefit of Indians including lands over which jurisdiction has been transferred to the Department of the Interior by Executive order for the use of Indians.

§ 5500.0-5 Definitions.

Except as the context may otherwise indicate, as the terms are used in Parts 5500-5520 of this chapter and in contracts issued thereunder:

(a) "Bureau" means the Bureau of Land Management, Department of the Interior.

(b) "Director" means the Director of the Bureau of Land Management.

(c) "Authorized Officer" means an employee of the Bureau of Land Management, to whom has been delegated the authority to take action.

(d) "O. and C. Lands" means the Revested Oregon and California Railroad and Reconveyed Coos Bay Wagon Road Grant Lands and other lands administered by the Bureau of Land Management under the provisions of the Act of August 28, 1937 (50 Stat. 874).

(e) "Public Lands" means the public domain and its surface resources under the jurisdiction of the Bureau of Land Management.

(f) "Timber" means standing trees, downed trees or logs which are capable of being measured in board feet.

(g) "Other vegetative resources" means all vegetative material which cannot be measured in units of board feet of timber.

Subpart 5510—Free Use of Timber; General

SOURCE: 35 FR 9790, June 13, 1970, unless otherwise noted.

§ 5510.0-3 Authority.

(a) *Nonsale disposals Act of June 3, 1878.* (1) Authority for free use of timber on mineral and nonmineral public lands. Section 5511 is issued under authority of the Act of June 3, 1878 (20 Stat. 88; 16 U.S.C. 604-606) and March 3, 1891 (26 Stat. 1093; 16 U.S.C. 607), as supplemented by the Act of January 11, 1921 (41 Stat. 1088; 16 U.S.C. 604, 612), settlers upon public lands, citizens and bona fide residents of the State, and corporations doing business in the State may obtain free use permit for timber.

(2) Authority for the issuance of regulations governing the free use of timber for fuel in drilling operations by oil and gas lessees is contained in section 32 of the Act of February 25, 1920 (41 Stat. 405; 30 U.S.C. 189).

CROSS REFERENCE: For additional free use privileges, see § 5511.3.

(b) *Nonsale disposals Act of July 23, 1955.* The Act of July 23, 1955, supra, authorizes the Secretary of the Interior in his discretion to permit free use of timber or other vegetative resources or mineral materials by any Federal or State governmental agency, unit or subdivision, including municipalities, or any association or corporation not organized for profit for use other than for commercial or industrial purposes or resale. The Act of July 23, 1955, supra, also provides in part, under certain circumstances, for a mining claimant to obtain free-use of timber from other Bureau administered land in lieu of timber disposed of by the Bureau from lands covered by his mining locations. See § 5511.3-8.

(c) *Nonsale disposals Act of May 14, 1898.* Section 5511.2 is issued under the authority of Sec. 11, 30 Stat. 414, as amended; 48 U.S.C. 423. Section 5511.2 appears at 19 FR 8880, Dec. 23, 1954. (1) Section 11 of the Act of May 14, 1898 (30 Stat. 414; 48 U.S.C. 423), empowers the Secretary of the Interior to permit the use of timber found upon the public lands in Alaska by actual settlers residents, individual miners, and prospectors for minerals for firewood, fencing, buildings, mining, prospecting, and for domestic purposes as may actually be needed by such persons for such purposes. This section was amended by the Act of June 15, 1938 (52 Stat. 699), so as to permit the use of such timber by churches, hospitals, and charitable institutions for firewood, fencing, buildings, and for other domestic purposes.

Subpart 5511—Free Use Regulations

SOURCE: 35 FR 9790, June 13, 1970, unless otherwise noted.

§ 5511.1 Act of 1878.

§ 5511.1-1 Free use of timber on mineral and nonmineral public lands.

(a) *Lands on which timber may be cut.* Free-use permits to cut timber may be issued covering public lands as follows:

(1) Mineral lands, unoccupied and unreserved and not subject to entry under existing laws of the United States, except for mineral entry, in the States of Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, North Dakota, South Dakota, Utah, and Wyoming. (Act of June 3, 1878, 20 Stat. 88; 16 U.S.C. 604-606);

(2) Nonmineral, unoccupied, and unreserved public lands in the States mentioned and also in the States of California, Oregon, and Washington.

(b) *Kind of timber which may be cut.* The proper protection of the timber and undergrowth necessarily varies with the nature of the topography, soil, and forest. No timber not matured may be cut, and each tree taken must be utilized for some beneficial domestic purpose. Persons taking timber for specific purposes will be required to take only such matured trees as will work up to such purpose without unreasonable waste. Stumps will be cut so as to cause the least possible waste and all trees will be utilized to as low a diameter in the tops as possible. All brush, tops, logs, and other forest debris made in felling and removing timber under this section shall be disposed of as best adapted to the protection of the remaining growth and in such manner as shall be prescribed by the authorized officer, and failure on the part of the applicant, or an agent cutting for an applicant, to comply with this requirement will render him liable for all expenses incurred by the authorized officer in putting this regulation into effect.

(c) *Area of land to be cut over.* The permits shall limit the area of cutting to embrace only so much land as is necessary to produce the quantity of timber applied for.

(d) *Use which may be made of timber.* Timber may be cut under approved permit when actually needed for firewood, fencing, building, or other agricultural, mining, manufacturing, and domestic purposes.

(e) *Exportation of timber.* Timber may not be exported from the State in which it is cut except:

(1) Timber from a specified area in Wyoming may be exported into Idaho (Act of July 1, 1898, 30 Stat. 618; 16 U.S.C. 607, 611);

(2) Timber from a specified area in Montana may be exported into Wyoming (Act of March 3, 1901, 31 Stat. 1439; 16 U.S.C. 607, 613);

(3) Under the Act of March 3, 1919 (40 Stat. 1321; 16 U.S.C. 608), citizens of Malheur County, Oregon, may cut timber in Idaho and remove such timber to Malheur County, Oregon;

(4) Under the Act of March 3, 1919 (40 Stat. 1322; 16 U.S.C. 609), citizens of Modoc County, California, may cut

timber in Nevada and remove such timber to Modoc County, California;

(5) Timber from a specified area in Arizona may be exported into Utah (Act of February 27, 1922, 42 Stat. 398; 16 U.S.C. 610);

(6) Citizens of Bear Lake County, Idaho, may cut timber from public lands in Lincoln County, Wyoming, and remove such timber to Bear Lake County, Idaho, but no live standing timber may be taken without compensation (Act of August 21, 1935, 49 Stat. 665; 16 U.S.C. 611a).

(f) *Application and permit*—(1) *Information to be furnished by applicant.* (i) Applications should be filed in duplicate and should set forth the names and post-office addresses of the applicants, and any agent or agents who may be employed to procure the timber. Where a corporation is the applicant, the State in which it was incorporated should also be shown.

(ii) Blank forms for making application may be procured from the State Director for the State in which the timber to be removed is located.

(iii) Applications should show the amount of timber required by each applicant; the use to be made thereof; a description of the land from which the timber is to be cut, by subdivision, section, township, and range, if surveyed, or by natural objects sufficient to identify the same if unsurveyed; and the date it is desired to begin cutting.

(2) *Duration of permit.* All rights and privileges under a permit shall terminate at the expiration of the period of 1 year from the date of approval of the permit.

(3) *Liability of applicant.* Where permits are secured by fraud, or where timber is not taken or used in accordance with the terms of the law or §§ 5510.0-3(a) and 5511.1-1(a) to § 5511.1-1(g) the Government may enforce the same civil and criminal liabilities as in other cases of timber trespass upon public lands. For criminal liability, see 18 U.S.C. 1852.

(g) *Agents*—(1) *Cutting of timber by agents.* Where one or more persons desire timber, and are not in a position to procure the same for themselves, an agent or agents may be appointed for that purpose. Such agent shall not be paid more than a fair recompense for the time, labor, and money expended in procuring the timber and manufacturing the same into lumber, and no charge shall be made for the timber itself. The said compensation must be set forth in a written contract to be entered into by the parties, and a copy thereof must be filed with the application.

(2) *Cutting of timber by agent who is a sawmill operator.* If the amount of timber applied for exceeds $50 in stumpage value, for any continuous period of 12 months, and the timber is to be procured by an agent who is a sawmill operator, a bond equal to three times the amount of the stumpage value of the timber applied for will be required, conditioned upon the faithful performance of the requirements.

§ 5511.1-2 Use by settlers and homesteaders of timber on their pending claims.

This section is issued under the authority of R.S. 2478; 43 U.S.C. 1201.

(a) *Timber cutting on unperfected claims.* Homestead claimants who have made bona fide settlements upon public land, surveyed or unsurveyed, and who are living upon, cultivating, and improving the same in accordance with law and the rules and regulations of the Department of the Interior, with the intention of acquiring title thereto, are permitted to cut and remove, or cause to be cut and removed, from the portion thereof being cleared for cultivation, so much timber as is actually necessary for that purpose, or for buildings, fences, and other improvements on the land entered. (See 18 U.S.C. 1852.)

(b) *Clearing for cultivation.* In clearing for cultivation, should there be a surplus of timber over what is needed for the purposes above specified, the claimant may sell or dispose of such surplus; but it is not allowable to denude the land of its timber for the purpose of sale or speculation before the title has been conveyed to him by patent.

(c) *Abandonment of claim.* The abandonment of a claim after the timber has been removed is presumptive evidence that the claim was made for the primary purpose of obtaining the timber.

(d) *Exchange of timber for lumber.* A bona fide claimant is also permitted to exchange timber for lumber for improvements upon his claim, provided he exchanges timber for lumber of equal value, and only so much as is actually necessary for the required improvements, exclusive of the cost of cutting, sawing and hauling such timber or lumber to and from the mill. In other words, he has a right to cut as many trees as may be necessary to make or complete his improvements, whether 30, 40, or more, but any cutting in excess of the number of trees required for the improvements would be unlawful.

§ 5511.1-3 Use of timber on lands covered by grazing leases, by lessees, and others.

(a) Before taking timber under a lease issued under section 15 of the Taylor Grazing Act, as amended by the Act of June 26, 1936 (49 Stat. 1978; 43 U.S.C. 315m), the lessee should file application for and procure a permit in accordance with the regulations issued under the acts of June 3, 1878 (20 Stat. 88; 16 U.S.C. 604-606), and March 3, 1891 (26 Stat. 1093; 16 U.S.C. 607), §§ 5510.0-3(a) and 5511.1-1(a) to 5511.1-1(g).

(b) Where application is made by a person other than the lessee to take timber from lands embraced in a grazing lease issued under section 15 of the said Act, investigation should be made to ascertain the facts in the case and whether or not the cutting of the timber applied for would adversely affect the lands for grazing purposes. If no objection appears, the permit may issue but should contain a provision that the timber cutting thereunder must be done in such manner as will not interfere with the rights of the lessee.

(c) All applications for timber should be filed with the State Director for the State in which the timber to be cut is located and should comply with the regulations contained in § 5511.1-1.

(Sec. 1, 20 Stat. 88, as amended, 26 Stat. 1003, as amended; 16 U.S.C. 604, 607)

§ 5511.1-4 Free use of timber upon oil and gas leases.

(a) *Application*—(1) *Where to apply.* Any oil and gas lessee, or assignee, desiring timber to be used for fuel in drilling operations on a lease not within a national forest, shall file application therefor, on the prescribed form with the officer who issued the lease.

(2) *Notice of rejection of application; right of appeal.* The applicant shall be notified by registered mail in all cases where the permit applied for is not granted and he shall be allowed 30 days from service of notice within which to appeal from such decision to the Director of the Bureau of Land Management.

(3) *Notice by applicant to settler or entryman.* Where the land involved in the oil and gas lease is occupied by a settler or is embraced in an unperfected homestead entry, the applicant must serve notice by registered mail, on the settler, or entryman, showing the amount and kind of timber he has applied for.

(i) Evidence of service of such notice must be furnished.

(ii) The settler or entryman shall be allowed 30 days from service of notice within which to show cause why the permit should not be granted.

(iii) Permits in such cases will be issued only where there is an abundance of timber on the land, and the removal thereof will not materially affect the use of the land by the agricultural claimant.

(4) *Notice of action on application.* The applicant shall be notified by registered mail in all cases where the permit applied for is not granted and the settler or homestead entryman shall be notified in a like manner before the issuance of the permit in all cases where protests are filed against the issuance of such permit.

(b) *Land subject to permit.* A permit granted under this section shall not embrace any land not included in the oil and gas lease, issued or assigned to the applicant. No permit will be issued where title to the surface has passed from the United States.

(c) *Termination of right to cut timber.* All rights and privileges under a permit issued under these instructions, shall terminate upon the expiration or cancellation of the oil and gas lease, or upon the discovery of oil in sufficient quantity for use as fuel in drilling operations.

(d) *Cutting and use of timber.* Timber cut under a permit issued under this section may be used for fuel in drilling operations conducted on the land embraced in the oil and gas lease, and all brush, tops, lops, and other debris made in felling and removing the timber shall be disposed of as best adapted to the protection of the remaining growth, and in such manner as shall be prescribed by the authorized officer and failure on the part of the permittee to comply with this requirement will render him liable for all expenses incurred in putting this regulation into effect.

(e) *Liability of permittee.* Where permits are secured by fraud or timber is not used in accordance with this section, the Government will enforce the same civil and criminal liabilities as in other cases of timber trespass upon public lands.

(f) *Unauthorized cutting.* The cutting of timber for sale and speculation, or for use by others than the permittee, is strictly prohibited.

§ 5511.2 Act of 1898 (Alaska).

§ 5511.2-1 Free use privilege; cutting by agent.

(a) Except as provided in § 5511.2-4 the only timber which may be cut under §§ 5511 2-1 to 5511.2-6 for free use in Alaska is timber on vacant public lands in the State not reserved for national forest or other purposes. The timber so cut may not be sold or bartered. The free use privilege does not extend to associations or corporations, except churches, hospitals, and charitable institutions. Any applicant entitled to the free use of timber may procure it by agent, if desired, but no part of the timber may be used in payment for services in obtaining it or in manufacturing it into lumber. Timber may not be cut by an applicant under this section after the land has been included in a valid homestead settlement or entry or other claim, except that any applicant for the free use of timber who has been granted a permit to cut as hereinafter provided, will have the right to cut the timber while the permit remains in force as against a subsequent applicant who may wish to obtain the same timber by purchase, except as provided in § 5490.1-5(b).

(b) Free use permits will not be issued where the applicant owns or controls lands having an adequate supply of timber to meet his needs.

§ 5511.2-2 Free use of timber for Government purposes.

Persons contracting with Government officials to furnish firewood or timber for United States Army posts or for other authorized Government purposes may procure it from the vacant and unreserved public lands in Alaska free of charge, provided the contracts do not include any charge for the value of the firewood or timber. Where it is desired to procure timber for such use, an application for permit in duplicate on a form approved by the Director must be filed, as in other cases, and a copy of the contract must be attached to the application.

§ 5511.2-3 Permits.

(a) *Application for permit.* Before timber is cut for free use, an application for permit in duplicate on a form approved by the Director must be filed in an office or with an employee of the Bureau of Land Management in Alaska.

(b) *Issuance and cancellation of permit; removal of timber; bond.* (1) A permit may be issued and shall incorporate the provisions, if any, governing the selection, removal, and use of the materials. One copy of the official form shall be returned to the applicant showing the approval or rejection of such application.

(2) The authorized officer may cancel a permit if the permittee fails to observe its terms and conditions, or the regulations in §§ 5511.2-1 to 5511.2-6, or if the permit has been issued erroneously.

(3) No timber shall be removed until the permit is issued. If deemed necessary by the signing officer, a bond, sat-

isfactory to him, may be required as a guarantee of faithful performance of the provisions of the permit and the regulations in §§ 5511.2-1 to 5511.2-6.

(c) *Cutting rules and restrictions.* All free-use timber shall be cut and removed in accordance with approved forestry and conservation practices so as to preserve to the maximum extent feasible all scenic, recreational, watershed, and other values of the land and resources. In the free-use disposal of timber, the cutting and removal shall be accomplished in such manner as to leave the stand in condition for continuous production. Moreover, no green timber shall be cut within 300 feet of either side of the center line of a highway or public road, or bordering streams or the shores of lakes designated for recreational use unless specifically authorized by the authorized officer, to prevent or control fungus infection or insect attacks, or for other reasons found sufficient to justify such cutting.

(d) *Amount of timber which may be cut.* During each calendar year each applicant entitled to the benefits of section 11 of the Act of May 14, 1898, may take a total of 100,000 feet board measure or 200 cords in saw logs, piling, cordwood, or other timber. This amount may be taken in whole in any one of such classes of timber or in part of one kind and in part of another kind or other kinds. Where a cord is the unit of measure, it shall be estimated in relation with saw timber in the ratio of 500 feet board measure to the cord. Permits to take timber in excess of the amount stated may be granted to churches, hospitals, and charitable institutions upon a showing of special necessity therefor, and with the approval of the authorized officer.

(e) *Notice of completion of timber cutting operations.* Upon completion of the cutting and the removal of the timber, the permittee must notify the State Director, or other forest officer, stating when the work was completed, the land from which the timber was taken, the amount and kind of timber which was cut and removed, and the use to which the timber was put.

(f) *Termination of permit; extensions.* Permits shall be granted for periods not to exceed one year and shall terminate on the expiration dates shown therein unless extended by the signing officer.

§ 5511.2-4 Timber on withdrawn lands.

Sections 5511.2-1 to 5511.2-6 are inapplicable to timber on withdrawn areas unless the order of withdrawal so permits.

§ 5511.2-5 Trespass; penalty for unauthorized cutting of timber.

The cutting of timber from the public land in Alaska, other than in accordance with the terms of the law and §§ 5511.2-1 to 5511.2-6 will render the persons responsible liable to the United States in a civil action for trespass and such persons may be prosecuted criminally under Title 18, U.S. Code, or under State law.

§ 5511.2-7 Governing regulations for free use by oil and gas claimants.

The free use of timber upon oil and gas leases by lessees, authorized by the Secretary of the Interior under authority of section 32 of the Act of February 25, 1920 (41 Stat. 450; 30 U.S.C. 189), is governed by § 5511.2-4.

§ 5511.3 Act of 1947.

§ 5511.3-1 Free use of timber under other statutes.

Free use will be allowed under the following circumstances:

(a) In certain States by settlers on public lands, citizens and bona fide residents of the State, and corporations doing business in the State (§ 5511.1), and

(b) In Alaska by actual settlers, residents, individual miners, prospectors for minerals, churches, hospitals and charitable institutions (§ 5511.2).

(c) Free-use of timber by Governmental units, nonprofit organizations, and certain mining claimants may be authorized under the act and these regulations only when such applicants cannot qualify under the provisions of §§ 5511.1 to 5511.1-4 and § 5511.2.

§ 5511.3-2 Permits.

(a) *Application for permit.* An application for permit in duplicate, must be made on a form approved by the Director and filed in any office or with any employee of the Bureau of Land Management authorized to issue a permit. A free-use permit may be applied for without formal application for the removal of not more than three Christmas trees upon oral or written request.

(b) *Issuance and cancellation of free-use permits; bond.* (1) A free-use permit, on a form approved by the Director, shall incorporate the provisions, if any, governing the selection, removal, and use of timber. Free-use permits shall not be issued when the applicant owns or controls an adequate supply of the material to meet his needs. Timber applied for must be for the applicant's own use and may not be bartered or sold. No timber may be cut or removed until the permit is issued.

(2) The authorized officer may cancel a permit if the permittee fails to observe its terms and conditions or the regulations, or if the permit has been issued erroneously.

(3) A bond satisfactory to the authorized officer may be required as a guarantee of faithful performance of the provisions of the permit and applicable regulations.

(4) A free-use permit issued under this part may not be assigned.

(c) *Duration, extension, and termination of permit.* (1) Permits shall be granted for periods not to exceed 6 months and shall terminate on the expiration dates shown therein unless extended by the authorized officer. An extension not to exceed 3 months may be granted by the authorized officer. The permittee must notify the officer-in-charge upon the completion of removal.

(2) Permits issued for the benefit of a mining claimant under authority of the act shall terminate upon transfer of the ownership of the claim by any means. Reapplication must be made by the new claimants.

§ 5511.3-3 Conservation practices.

All free-use timber disposed of under the act shall be severed, or removed in accordance with sound forestry and conservation practices so as to preserve to the maximum extent feasible all scenic, recreational, watershed and other values of the land and resources. In the free-use disposal of timber, cutting and removal shall be accomplished in such a manner as to leave the stand in condition for continuous production.

§ 5511.3-4 Removal by agent.

A free-use permittee may procure the timber by agent. Such agent shall not, however, be paid more than fair compensation for the time, labor and money expended in procuring timber and processing it, and no charge shall be made by such agent for the timber itself. No part of the timber may be used in payment for services in obtaining it or processing it.

§ 5511.3-5 Removal of improvements.

Upon expiration of the permit period the permittee will be given 90 days to remove equipment, personal property and any improvements he has placed on the land, except roads, culverts and bridges are to be left in place, in good condition and will become the property of the United States upon expiration of the 90-day removal period.

§ 5511.3-6 Permits to governmental units.

A free-use permit may be issued to a Federal or State agency, unit, or subdivision, including a municipality, only if the applicant makes a satisfactory showing to the authorized officer that such timber will be used for a public project. The right to remove timber under the permit is not revoked or terminated by (a) any subsequent claim or entry of the lands, (b) by any mining claim located prior to the issuance of the permit if such location was subsequent to July 23, 1955, nor (c) by any other mining claim as to which the Government's right to manage the surface resources has been established in accordance with Group 3800 of this chapter, or other proceedings.

§ 5511.3-7 Permits to nonprofit organizations.

A free-use permit issued to a nonprofit association or corporation may not provide for the disposition of more than $100 worth of timber to the permittee during any one calendar year.

Such permittee is granted a right to remove timber as against a subsequent applicant who may wish to obtain the same timber by purchase. The timber may not be removed by the permittee after the land has been included in a valid claim by reason of settlement, entry, or similar rights obtained under the public land laws.

§ 5511.3-8 Permits to mining claimants.

(a) Free-use timber shall be granted under § 5510.0-3(b) to the record owner of a valid mining claim if such claim was located subsequent to July 23, 1955, or if the Government's right to manage the surface resources has been established in accordance with Group 3400 of this chapter, and he requires more timber than is available to him for prospecting, mining, or processing operations on his claim or claims after disposition of timber from his claim by the United States. The claimant shall be entitled to the free use of timber for such requirements from the nearest timber administered by the Bureau which is substantially equal in kind and quantity to the timber estimated by the authorized officer at the time of application to have been disposed of by the Bureau from the claim. Upon issuance of a patent to the mining claims, the free-use privilege will automatically terminate.

(b) The application required to be filed for free-use timber under this section must contain a statement that the timber applied for will be used for bona fide prospecting, mining, or prospecting operations on the claim or group of claims designated in the application. The applicant must also include a statement that he is the record owner of a valid mining claim or claims from which the timber was originally removed by the Government.

SUBCHAPTER F—WILDLIFE MANAGEMENT (6000)

PART 6220—PROTECTION AND PRESERVATION OF NATURAL VALUES

Sec.
6220.0-1 Purpose.

Subpart 6224—Viable Coral Communities

6224.0-1 Purpose.
6224.0-3 Authority.
6224.0-5 Definitions.
6224.1 Permits.
6224.1-1 Requirement for a permit.
6224.1-2 Application for a permit.
6224.1-3 Action on an application for a permit.
6224.1-4 Operations pursuant to a permit.
6224.1-5 Suspension of operations.
6224.1-6 Revocation of a permit.
6224.2 Bonding requirements.
6224.3 Fees.
6224.4 Exceptions.
6224.5 Penalties.

§ 6220.0-1 Purpose.

This part provides guidelines for the management; and criteria for the use, of lands to preserve, protect, and enhance areas of scenic splendor, natural wonder, scientific interest, primitive environment, and other natural values for the enjoyment and use of present and future generations.

(Secs. 1, 3, 5, 50 Stat. 874, 875; 43 U.S.C. 1181a, 1181c, 1181e; R.S. 2478; 43 U.S.C. 1201, 2)

[35 FR 9794, June 13, 1970]

Subpart 6224—Viable Coral Communities

AUTHORITY: Sec. 5, Outer Continental Shelf Lands Act (67 Stat. 462; 43 U.S.C. 1334).

SOURCE: 41 FR 39750, Sept. 16, 1976, unless otherwise noted.

§ 6224.0-1 Purpose.

The purpose of this subpart is to provide regulations relating to the protection and management of the viable coral communities located on the Outer Continental Shelf.

§ 6224.0-3 Authority.

Section 5 of the Outer Continental Shelf Lands Act (67 Stat. 462; 43 U.S.C. 1334), gives the Secretary authority to administer the provisions of that Act as they apply to the Outer Continental Shelf and to issue necessary rules and regulations to carry out that authority.

§ 6224.0-5 Definitions.

As used in this subpart, the term:

(a) "Viable Coral Community" means living coral and all dead coral formations and associated reef organisms that are part of a coral reef or other ecological community containing living corals.

(b) "Outer Continental Shelf" is defined in 43 U.S.C. 1331(a).

(c) "Authorized Officer" means any employee of the Bureau designated to perform the duties described in this subpart.

(d) "Bureau" means the Bureau of Land Management.

(e) "Person" means any individual, partnership, corporation, association, or other legal entity.

(f) "Proper Office" means the OCS office having jurisdiction of the area where the viable coral community that is the subject of interest is located.

§ 6224.1 Permits.

§ 6224.1-1 Requirement for a permit.

No person shall engage in any operation which directly causes damage or injury to a viable coral community that is located on the Outer Continental Shelf without having obtained a permit for said operations.

§ 6224.1-2 Application for a permit.

(a) Application for a permit shall be filed in the proper office of the Bureau.

(b) No specific form is required.

(c) Each application shall include:

(1) The name, legal mailing address and telephone number of each person intending to participate in the operations covered by the application.

(2) A description of the proposed area of the operations.

(3) A map or maps, such as a National Ocean Survey Map, with a scale of

not less than 1:80,000 delineating the proposed area of operations.

(4) Information in detail describing the nature of the proposed operations and how the operation will be conducted.

(5) If coral specimens are to be taken, the purpose of such taking, the method of taking, the currents and their velocity in the area of taking, the depth of taking, the size, estimated dry weight, and type of coral to be taken, and the estimated fair market value of the coral to be taken.

(6) The approximate dates of commencement and termination of the operation.

(7) An affirmative statement that the operation will use methods that are designed to do minimum harm and disturbance to the viable coral community covered by a permit and those viable coral communities adjacent thereto. Also, an explanation of the procedures that will be taken to assure protection of said viable coral communities during said operation.

§ 6224.1-3 Action on an application for a permit.

(a) Within 60 days of receipt of the application for a permit, the application will be reviewed and the applicant will be:

(1) Notified in writing that the application is approved and a permit issued or is disapproved and a permit denied and the reasons therefor; or

(2) Notified in writing of any changes in, or additions to, the application deemed necessary by the authorized officer to meet the purpose of the regulations of this subpart, or;

(3) Notified in writing that the application is being reviewed, but that more time, not to exceed an additional 60 days, is necessary to complete the review, setting forth the reasons why additional time is necessary.

(b) A permit shall be granted for a period not to exceed 12 months and shall terminate on the expiration date shown therein unless extended by the authorized officer. One extension of not to exceed 12 months may be granted by the authorized officer.

(c) The rejection of an application for a permit and denial of said permit shall be subject to a right of appeal in accordance with 43 CFR Part 4, Subpart E.

§ 6224.1-4 Operations pursuant to a permit.

(a) Any and all operations carried out pursuant to a permit granted pursuant to the provisions of this subpart shall be conducted in accordance with the terms of the permit.

(b) At any time during operations conducted under a permit issued pursuant to this subpart, the authorized officer may require a change in the operations in order to minimize unforeseen disturbance or harm to a viable coral community. The reason for such change shall be furnished the permittee in writing. If the permittee does not make the changes required by the authorized officer, appropriate action, including the suspension of operations, will be initiated to assure compliance with these regulations and protection of the viable coral community.

(c) The decision of the authorized officer to acquire a change in the operations of a permittee is subject to appeal in accordance with 43 CFR Part 4, Subpart E.

§ 6224.1-5 Suspension of operations.

If the authorized officer determines that the operations conducted by a permittee on a viable coral community pursuant to a permit are not being conducted in accordance with the provisions of the permit or of this subpart, he may after notification to the permittee, order an immediate suspension in operations.

§ 6224.1-6 Revocation of a permit.

A permit may be revoked if the permittee fails to comply with any of the provisions of the permit or of this subpart. No permit shall be revoked until the permittee has been notified in writing, in person, or at the address required by § 6224.1-2 hereof. Said revocation shall be effective upon delivery. A revocation is subject to appeal in accordance with 43 CFR Part 4, Subpart E.

§ 6224.2 Bonding requirements.

(a) The applicant, prior to the issuance of a permit, shall furnish a bond in an amount to be determined by the authorized officer conditioned upon compliance with the terms of the permit. The authorized officer may require additional security in the form of a supplemental bond or bonds or an increase in the coverage of an existing bond, if, after the commencement of operations, such additional coverage is deemed necessary.

(b) In lieu of a bond, the applicant may deposit and maintain in a Federal depository, as directed by the authorized officer, cash in amount equal to the required dollar amount of the bond or negotiable securities of the United States having market value at the time of deposit of not less than the required dollar amount of the bond.

(c) When operations have been completed, the permittee shall notify the authorized officer, and the authorized officer shall, if satisfied that the permittee has performed in compliance with the provisions of the permit and this subpart, release the bond.

(d) The authorized officer may waive the requirement for a bond on a permit issued to a State and its political subdivisions and bona fide nonprofit research organizations.

§ 6224.3 Fees.

(a) Each application shall be accompanied by a $25.00 non-refundable filing fee.

(b) In the case of permits for commercial purposes, the authorized officer may set a fee based on the estimated fair market value of the coral taken from the viable coral community for commercial purposes, but in no event shall said fee be less than 5 percent of said estimated fair market value.

§ 6224.4 Exceptions.

The regulations of this subpart shall not apply to emergency activities taken to save human lives or property jeopardized at sea.

§ 6224.5 Penalties.

Any person who knowingly and willingly violates the regulations of this subpart shall be guilty of a misdemeanor and punishable by a fine of not more than $2,000 or by imprisonment for not more than six months, or by both such fine and imprisonment. Each day of violation shall be deemed a separate offense.

SUBCHAPTER G (7000)—[RESERVED]

SUBCHAPTER H—RECREATON PROGRAMS

Group 8000—Recreation Programs

PART 8000—RECREATION PROGRAMS

Subpart 8000—General

Sec.
8000.0-1 Purpose.
8000.0-2 Objective.
8000.0-3 Authority.
8000.0-4 Responsibility.
8000.0-6 Policy.

AUTHORITY: 16 U.S.C. 460(1-6a), 16 U.S.C. 670(g-n), 16 U.S.C. 1241 et seq., 16 U.S.C. 1271 et seq., 43 U.S.C. 1181(a) and 1181(e), 43 U.S.C. 1201, 43 U.S.C. 1334, 43 U.S.C. 1701 et seq., and E.O. 11644, as amended.

SOURCE: 43 FR 40734, Sept. 12, 1978, unless otherwise noted.

Subpart 8000—General

§ 8000.0-1 Purpose.

The regulations in this Subchapter H set forth procedures for the administration of recreation programs on public lands. The programs are cultural, resource management, natural history resource management, recreation management, visual resource management, wilderness management, and environmental education and protection.

§ 8000.0-2 Objective.

The objective is to manage the public lands and the recreation use of those lands to protect the health and safety of recreationists who use the public lands, to protect natural resource values on the public lands, and promote public use and enjoyment of the public lands.

§ 8000.0-3 Authority.

These regulations are issued under authorities provided in 16 U.S.C. 460(1-6a), 16 U.S.C. 670(g-n), 16 U.S.C. 1241 et seq., 16 U.S.C. 1271 et seq., 43 U.S.C. 1181(a) and 1181(e), 43 U.S.C. 1201, 43 U.S.C. 1334, 43 U.S.C. 1701 et seq., and Executive Order 11644, as amended.

§ 8000.0-4 Responsibility.

The authority of the Secretary of the Interior to develop and manage the public lands for recreational purposes, to authorize recreation use, and specify terms and conditions of such use on public lands, and to otherwise enforce the regulations in this Subchapter H has been delegated to the authorized officers of the Bureau of Land Management. Any exceptions are specifically provided for in regulations.

§ 8000.0-6 Policy.

(a) The recreation programs involving public lands shall be developed and managed in accordance with multiple-use management principles unless otherwise specified by law.

(b) State and local government and private agencies shall be encouraged to develop public recreation facilities when consistent with the long range management plans and programs of the Bureau of Land Management.

(c) Priority shall be given to these recreation programs:

(1) Recreation development and improvement as follows:

(i) Undeveloped sites now under heavy, uncontrolled use that threatens public health and safety or is damaging to natural, cultural, and historical resources;

(ii) Areas where public recreation demands exceed the opportunities and facilities now available; and

(iii) Areas that are near urban areas or bodies of water and unique scenic attractions that adjoin heavily traveled highway routes.

(2) Preservation and protection of natural and cultural resources, including but not limited to scientific, scenic, historic, and archeological values, and primitive environments.

(d) Reasonable fees may be established and collected by the authorized officer in accordance with Part 18 of this Title 43.

Subpart 8200—General

§ 8200.0-1 Purpose.

This Part 8200 provides procedures and practices for the management and use of public lands that have ecological or other natural history values of scientific interest.

Subpart 8223—Research Natural Areas

§ 8223.0-1 Purpose.

The purpose of this part is to provide procedures for the management and protection of public lands having natural characteristics that are unusual or that are of scientific or other special interest.

§ 8223.0-5 Definitions.

(a) "Research natural area" means an area that is established and maintained for the primary purpose of research and education because the land has one or more of the following characteristics: (1) A typical representation of a common plant or animal association; (2) an unusual plant or animal association; (3) a threatened or endangered plant or animal species; (4) a typical representation of common geologic, soil, or water features; or (5) outstanding or unusual geologic, soil, or water features.

§ 8223.0-6 Policy.

Areas established as research natural areas shall be of sufficient number and size to adequately provide for scientific study, research, and demonstration purposes.

§ 8223.1 Use of research natural areas.

(a) No person shall use, occupy, construct, or maintain facilities in a research natural area except as permitted by law, other Federal regulations, or authorized under provisions of this Subpart 8223.

(b) No person shall use, occupy, construct, or maintain facilities in a manner inconsistent with the purpose of the research natural area.

(c) Scientists and educators shall use the area in a manner that is nondestructive and consistent with the purpose of the research natural area.

Subpart 8300—General

§ 8300.0-1 Purpose.

(a) This group sets forth procedures and practices for the management and use of public lands for specific kinds of public recreation activities, resource conditions, outdoor recreation occupancy, and resource development.

(b) Guidelines are provided regarding access to public lands and limitations on travel across public lands.

§ 8300.0-2 Objective.

The objectives are to provide access to the public lands for those who wish to use them, to minimize conflicts among users, and to prevent damage to natural resources by recreation activities.

§ 8300.0-6 Policy.

(a) As appropriate for management and public identification purposes, lands having significant natural values may be designated under provisions of Part 2070 of this chapter and segregated under applicable authorities.

(b) In cooperation with State and local government and private landholders, the Bureau of Land Management shall endeavor to provide for public access to public lands with outdoor recreation values.

SOURCE: 44 FR 34836, June 15, 1979, unless otherwise noted.

Subpart 8340—General

§ 8340.0-1 Purpose.

The purpose of this part is to establish criteria for designating public lands as open, limited or closed to the use of off-road vehicles and for establishing controls governing the use and operation of off-road vehicles in such areas.

§ 8340.0-2 Objectives.

The objectives of these regulations are to protect the resources of the public lands, to promote the safety of all users of those lands, and to minimize conflicts among the various uses of those lands.

§ 8340.0-3 Authority.

The provisions of this part are issued under the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.); the Taylor Grazing Act (43 U.S.C. 315a); the Endangered Species Act (16 U.S.C. 1531 et seq.); the Wild and Scenic Rivers Act (16 U.S.C. 1281c); the Act of September 15, 1960, as amended (16 U.S.C. 670 et seq.); the Land and Water Conservation Fund Act (16 U.S.C. 460 1-6a); the National Trails System Act (16 U.S.C. 1241 et seq.) and EO 11644 (Use of Off-Road Vehicles on the Public Lands), 37 FR 2877, 3 CFR 74, 332, as amended by EO 11989 42 FR 26959 (May 25, 1977).

§ 8340.0-5 Definitions.

As used in this part:

(a) "Off-Road Vehicle" means any motorized vehicle capable of, or designed for, travel on or immediately over land, water, or other natural terrain, excluding: (1) Any nonamphibious registered motorboat; (2) any military, fire, emergency, or law enforcement vehicle while being used for emergency purposes; (3) any vehicle whose use is expressly authorized by the authorized officer, or otherwise officially approved; (4) Vehicles in official use; and (5) any combat or combat support vehicle when used in times of national defense emergencies.

(b) "Public Lands" means any lands the surface of which is administered by the Bureau of Land Management.

(c) "Bureau" means the Bureau of Land Management.

(d) "Official Use" means use by an employee, agent, or designated representative of the Federal Government or one of its contractors, in the course of his employment, agency, or representation.

(e) "Planning System" means the approach provided in Bureau regulations, directives and manuals to formulate multiple use plans for the public lands. This approach provides for public participation within the system.

(f) "Open areas and trails" are designated areas and trails where off-road vehicles may be operated subject to the operating regulations and vehicle standards set forth at Subparts 8341 and 8343 of this part.

(g) "Limited areas and trails" are designated areas and trails where the use of off-road vehicles is subject to restrictions deemed appropriate by the authorized officer. Restrictions may limit the number or types of vehicles allowed, dates and times of use, and similar matters. Limited areas and trails may be designated for special or intensive use, including, but not limited to, organized events, and may be subject to but not limited to, rules set forth at § 8341.2.

(h) "Closed areas and trails" are designated areas and trails where the use of off-road vehicles is permanently or temporarily prohibited.

(i) "Spark Arrester" is any device which traps or destroys 80 percent or more of the exhaust particles to which it is subjected.

§ 8340.0-7 Penalties.

Any person who violates or fails to comply with the regulations of Subparts 8341 and 8343 is subject to arrest, conviction, and punishment pursuant to appropriate laws and regulations. Such punishment may be a fine of not more than $1,000 or imprisonment for not longer than 12 months, or both.

§ 8340.0-8 Applicability.

The regulations in this part apply to all public lands, roads, and trails under administration of the Bureau.

Subpart 8341—Conditions of Use

§ 8341.1 Regulations governing use.

(a) The operation of off-road vehicles is permitted on those areas and trails designated as open to off-road vehicle use.

(b) Any person operating an off-road vehicle on those areas and trails designated as limited shall conform to all terms and conditions of the applicable designation orders.

(c) The operation of off-road vehicles is prohibited on those areas and trails closed to off-road vehicle use.

(d) It is prohibited to operate an off-road vehicle in violation of State laws and regulations relating to use, standards, registration, operation, and inspection of off-road vehicles. To the extent that State laws and regulations do not exist or are less stringent than the regulations in this part, the regulations in this part are minimum standards and are controlling.

(e) No person may operate an off-road vehicle on public lands without a valid State operator's license or learner's permit where required by State or Federal law.

(f) No person shall operate an off-road vehicle on public lands:

(1) In a reckless, careless, or negligent manner;

(2) In excess of established speed limits;

(3) While under the influence of alcohol, narcotics, or dangerous drugs;

(4) In a manner causing, or likely to cause significant, undue damage to or disturbance of the soil, wildlife, wildlife habitat, improvements, cultural, or vegetative resources or other authorized uses of the public lands; and

(5) During night hours, from a half-hour after sunset to a half-hour before sunrise, without lighted headlights and taillights.

(g) Drivers of off-road vehicles shall yield the right-of-way to pedestrians, saddle horses, pack trains, and animal-drawn vehicles.

(h) Any person who operates an off-road vehicle on public lands must comply with the regulations in this part, and in § 8341.2 as applicable, while operating such vehicle on public lands.

[44 FR 34836, June 15, 1979, as amended at 45 FR 47843, July 17, 1980]

§ 8341.2 Special rules.

(a) Notwithstanding the consultation provisions in § 8342.2(a), where the authorized officer determines that off-road vehicles are causing or will cause considerable adverse effects upon soil, vegetation, wildlife, wildlife habitat, cultural resources, historical resources, threatened or endangered species, wilderness suitability, other authorized uses, or other resources, the authorized officer shall immediately close the areas or trails affected to the type(s) of vehicle causing the adverse effect until the adverse effects are eliminated and measures implemented to prevent recurrence. Such closures will not prevent designation in accordance with procedures in Subpart 8342 of this part, but these lands shall not be opened to the type(s) of off-road vehicle to which it was closed unless the authorized officer determines that the adverse effects have been eliminated and measures implemented to prevent recurrence.

(b) Each State director is authorized to close portions of the public lands to use by off-road vehicles, except those areas or trails which are suitable and specifically designated as open to such use pursuant to Subpart 8342 of this part.

Subpart 8342—Designation of Areas and Trails

§ 8342.1 Designation criteria.

The authorized officer shall designate all public lands as either open, limited, or closed to off-road vehicles. All designations shall be based on the protection of the resources of the public lands, the promotion of the safety of all the users of the public lands, and the minimization of conflicts among various uses of the public lands; and in accordance with the following criteria:

(a) Areas and trails shall be located to minimize damage to soil, watershed, vegetation, air, or other resources of the public lands, and to prevent impairment of wilderness suitability.

(b) Areas and trails shall be located to minimize harassment of wildlife or significant disruption of wildlife habitats. Special attention will be given to protect endangered or threatened species and their habitats.

(c) Areas and trails shall be located to minimize conflicts between off-road vehicle use and other existing or proposed recreational uses of the same or neighboring public lands, and to ensure the compatibility of such uses with existing conditions in populated areas, taking into account noise and other factors.

(d) Areas and trails shall not be located in officially designated wilderness areas or primitive areas. Areas and trails shall be located in natural areas only if the authorized officer determines that off-road vehicle use in such locations will not adversely affect their natural, esthetic, scenic, or other values for which such areas are established.

§ 8342.2 Designation procedures.

(a) *Public participation.* The authorized officer shall, to the extent practical, designate and redesignate areas and trails in conjunction with the Bureau planning system for the formulation of multiple-use management plans. Plans shall consider current and potential impacts of specific vehicle types on all resources and users in the region of the area under consideration. Prior to making designations or redesignations, the authorized officer shall consult with interested user groups, Federal, State, county, and local agencies, local landowners, and other parties in a manner that provides an opportunity for the public to express itself and have those views taken into account.

(b) *Identification of designated areas and trails.* The authorized officer shall, after designation, take action by marking and other appropriate measures to identify designated areas and trails so that the public will be aware of locations and limitations applicable thereto. Public notice of designations or redesignations shall be given at the time of designation or redesignation through publication in the FEDERAL REGISTER and local news media. Copies of such notices shall be available to the public in local Bureau offices. The authorized officer will make available to the public appropriate informational material, including maps.

§ 8342.3 Designation changes.

Monitoring use. The authorized officer shall monitor effects of the use of off-road vehicles. On the basis of information so obtained, and whenever the authorized officer deems it necessary to carry out the objectives of this part, designations may be amended, revised, revoked, or other actions taken pursuant to the regulations in this part.

Subpart 8343—Vehicle Operations

§ 8343.1 Standards.

(a) No off-road vehicle may be operated on public lands unless equipped with brakes in good working condition.

(b) No off-road vehicle equipped with a muffler cutout, bypass, or similar device, or producing excessive noise exceeding Environmental Protection Agency standards, when established, may be operated on public lands.

(c) By posting appropriate signs or by marking a map which shall be available for public inspection at local Bureau offices, the authorized officer may indicate those public lands upon which no off-road vehicle may be operated unless equipped with a properly installed spark arrester. The spark arrester must meet either the U.S. Department of Agriculture—Forest Service Standard 5100-1a, or the 80-percent efficiency level standard when determined by the appropriate Society of Automotive Engineers (SAE) Recommended Practices J335 or J350. These standards include, among others, the requirements that: (1) The spark arrester shall have an efficiency to retain or destroy at least 80 percent of carbon particles for all flow rates, and (2) the spark arrester has been warranted by its manufacturer as meeting this efficiency requirement for at least 1,000 hours subject to normal use, with maintenance and mounting in accordance with the manufacturer's recommendation. A spark arrester is not required when an off-road vehicle is being operated in an area which has 3 or more inches of snow on the ground.

(d) Vehicles operating during night hours, from a half-hour after sunset to a half-hour before sunrise, shall comply with the following:

(1) Headlights shall be of sufficient power to illuminate an object at 300 feet at night under normal, clear atmospheric conditions. Two- or three-wheeled vehicles or single-tracked vehicles will have a minimum of one headlight. Vehicles having four or more wheels or more than a single track will have a minimum of two headlights, except double tracked snowmachines with a maximum capacity of two people may have only one headlight.

(2) Red taillights, capable of being seen at a distance of 500 feet from the rear at night under normal, clear atmospheric conditions, are required on vehicles in the same numbers as headlights.

Subpart 8344—Permits

§ 8344.1 Permit requirements.

Permits are required for certain types of ORV use and shall be issued in accordance with the special recreation permit procedures under Subpart 8372 of this chapter.

8352.3 Use of scenic areas. [Reserved]
8352.4 Use of primitive areas.

AUTHORITY: 16 U.S.C. 1241, 16 U.S.C. 1271, 43 U.S.C. 1701 et seq., unless otherwise noted.

SOURCE: 43 FR 40736, Sept. 12, 1978, unless otherwise noted.

Subpart 8351—Designated National Area

§ 8351.0-1 Purpose.

To provide procedures for the management of lands administered under provisions of the Wild and Scenic Rivers Act and the National Trails System Act.

§ 8351.0-2 Objective.

To assure that all public lands administered under provisions of the Wild and Scenic Rivers Act and the National Trails System Act are managed in a manner consistent with the purposes of these Acts.

§ 8351.0-3 Authority.

The Wild and Scenic Rivers Act of 1968 (16 U.S.C. 1271 et seq.).

The National Trails System Act of 1968 (16 U.S.C. 1241 et seq.).

§ 8351.0-6 Policy.

(a) Hiking, horse riding, and motor trails shall be located, constructed, and maintained where they are found to be feasible and would improve recreation opportunity and quality. Established trails shall be marked or signed and made known to the public by other means.

(b) Certain rivers and sections of rivers that are flowing free of the influence of dams or other major manmade alterations and that possess outstanding scenic, recreational, geological, biological, cultural, or historical features shall be preserved as free flowing streams. The immediate river area shall be managed to protect the natural, cultural, or historical features that make the river or river segment outstanding.

§ 8351.1 Trails. [Reserved]

§ 8351.2 Rivers.

[45 FR 51741, Aug. 4, 1980]

§ 8351.2-1 Special rules.

(a) The authorized officer may issue written orders which close or restrict the use of the lands and water surface administered by the Bureau of Land Management within the boundary of any component of the National Wild and Scenic River System when necessary to carry out the intent of the Wild and Scenic Rivers Act. Each order shall:

(1) Describe the lands, road, trail or waterway to which the order applies;

(2) Specify the time during which the closure or restriction applies;

(3) State each prohibition which is applied; and

(4) Be posted in accordance with paragraph (d) of this section.

(b) A written order may exempt any of the following persons from any of the prohibitions contained in the order:

(1) Persons with written permission authorizing the otherwise prohibited act or omission. The authorized officer may include in any written permission such conditions considered necessary for the protection of a person, or the lands or water surface and resources or improvements located thereon.

(2) Owners or lessees of property within the boundaries of the designated wild and secenic river area.

(3) Residents within the boundaries of the designated wild and scenic river area.

(4) Any Federal, State, or local government officer or member of an organized rescue or fire suppression force in the performance of an official duty.

(5) Persons in a business, trade or occupation within the boundaries of the designated wild and scenic river area.

(c) The violation of the terms or conditions of any written permission issued under paragraph (b)(1) of this section is prohibited.

(d) Posting is accomplished by:

(1) Placing a copy of an order in each local office having jurisdiction over the lands affected by the order; and

(2) Displaying each order near and/or within the affected wild and scenic river area in such locations and manner as to reasonably bring the prohibitions contained in the order to the attention of the public.

(e) When provided by a written order, the following are prohibited:

(1) Going onto or being upon land or water surface;

(2) Camping;

(3) Hiking;

(4) Building, maintaining, attending or using a fire;

(5) Improper disposal of garbage, trash or human waste;

(6) Disorderly conduct; and

(7) Other acts that the authorized officer determines to be detrimental to the public lands or other values of a wild and scenic river area.

(f) Any person convicted of violating any prohibition established in accordance with this section shall be punished by a fine of not to exceed $500 or by imprisonment for a period not to exceed 6 months, or both, and shall be adjudged to pay all costs of the proceedings.

(16 U.S.C. 1281(c), 16 U.S.C. 3)

[45 FR 51741, Aug. 4, 1980]

Subpart 8352—Established Areas

§ 8352.0-1 Purpose.

To establish procedures for the management of recreation use to protect (a) lands that have unusual natural characteristics and (b) lands that are primitive in character.

§ 8352.0-2 Objectives.

(a) *Outstanding natural areas.* The objective is to manage for the maximum amount of recreation use possible on outstanding natural areas without damage to the natural features that make the areas outstanding.

(b) *Primitive areas.* The objective is to manage for the maximum amount of recreation use possible on primitive areas with a minimum of interference with natural ecological processes and to preserve the primitive recreation values of solitude, inspiration, and mental and physical challenge.

§ 8352.0-5 Definitions.

As used in this part the term: (a) "Outstanding natural area" means an area of unusual natural characteristics where management of recreation activities is necessary to preserve those characteristics.

(b) "Primitive area" means an area that is composed of natural, undeveloped lands that are essentially unaffected by civilization and located where the natural environment can be preserved by management of recreation activities and exclusion of additional roads and commercial developments.

§ 8352.0-6 Policy.

(a) *Outstanding natural areas.* Outstanding natural areas shall be large enough to provide for protection of the outstanding natural features through management of recreation activities in the area.

(b) *Scenic areas.* Scenic areas established along highways, roads, trails, streams, or larger water bodies shall be managed to protect and enhance the scenic qualities that led to the establishment of the area.

(c) *Primitive areas.* Public use of primitive areas for recreation purposes shall be encouraged to the extent possible consistent with the objective of maintaining the primitive environment.

§ 8352.1 Use of outstanding natural areas.

(a) Facilities may be used, occupied, constructed, or maintained in an outstanding natural area only as permitted by law, other Federal regulations, or authorized under this Subpart 8352.

(b) No person shall use, occupy, construct, or maintain authorized facilities in a manner that unnecessarily detracts from the quality of the outstanding natural features of the area.

§ 8352.2 Use of recreation lands. [Reserved]

§ 8352.3 Use of scenic areas. [Reserved]

§ 8352.4 Use of primitive areas.

(a) With the exception of essential search and rescue, fire control, or other emergency or administrative operations, no person shall travel in primitive areas except by nonmechanized means. With the exception noted, this provision prohibits the landing of aircraft in a primitive area.

(b) No person shall construct facilities in or on a primitive area except in connection with authorized nonrecreation uses of the lands and as necessary to the protection and administration of the area.

(c) No person shall conduct nonrecreational authorized activities except under conditions specified by the authorized officer to preserve the primitive characteristics of the area.

Subpart 8361—Services

§ 8361.0-6 Policy.

To the extent practicable within budget and personnel constraints, signs shall be posted, ownership maps published, and other available means used to inform the public of recreation areas and opportunities.

Subpart 8362—[Reserved]

Subpart 8363—Rules of Conduct

§ 8363.0-1 Purpose.

The purpose of this subpart is to set forth rules of conduct that provide for the comfort and well-being of the public in its use of outdoor recreation areas, sites, and facilities on public lands.

§ 8363.0-2 Objective.

The objective of this subpart is to insure that outdoor recreation areas, sites, and facilities on public lands are usable by the maximum number of people with a minimum amount of conflict among users and a minimum of damage to public lands and resources.

§ 8363.1 Developed sites and areas.

Rules for the public use and occupancy of developed recreation sites and areas where recreation facilities have been constructed will be posted in conspicuous locations. Failure to comply with posted rules may result in denial of the use of developed sites and facilities, and further action as determined appropriate by the authorized officer.

§ 8363.1-1 Sanitation.

All persons shall:

(a) Dispose of all garbage, paper, cans, bottles, and other waste materials by burning in authorized fires, removal from the public lands, or by disposal in designated places.

(b) Drain or dump refuse or waste from any trailer or other vehicle only in places or receptables provided for that purpose.

(c) Refrain from cleaning fish, game, or other food and from washing clothing or articles of household use at outdoor hydrants or at water faucets located in restrooms.

(d) Avoid polluting or contaminating water supplies or water used for human consumption.

(e) Deposit body wastes only in toilet receptacles provided for that purpose.

(f) Use any refuse container or disposal facility only for the purposes for which they are supplied.

(g) Refrain from dumping any household or commercial garbage or trash brought from private property.

§ 8363.1-2 Audio devices.

The following acts are prohibited in developed recreation sites:

(a) Operating or using any audio devices, including radio, television, and musical instruments, and other noise-producing devices, such as electrical generator plants and equipment driven by motors or engines, in a manner to annoy other persons.

(b) Operating or using public address systems, whether fixed, portable, or vehicle mounted unless approved by the authorized officer.

(c) Installing aerial or other special radiotelephone or television equipment unless approved by the authorized officer.

§ 8363.1-3 Occupancy and use.

The following rules apply to the occupancy and use of developed camping and picnicking facilities on the public lands. As a condition to such occupancy and use, the user shall:

(a) Pitch tents or park trailers or place other camping equipment only in places provided for such purposes.

(b) Camp within a campground no longer than the period of time established by the authorized officer.

(c) Attend camping equipment within prescribed time limits. Camping equipment which is unattended for more than posted limits, without permission of the authorized officer, is subject to disposition under State and local laws.

(d) Before departure, remove equipment and clean any rubbish from the place occupied for recreation purposes.

(e) Build fires only in stoves, grills, fireplaces, or fire rings provided for such purposes.

(f) Camp overnight only in places provided or posted for such purposes.

(g) Maintain reasonable quiet in campgrounds between evening and morning hours as posted.

(h) Enter or remain in campgrounds closed during established night periods only as an occupant, or to visit persons occupying the campgrounds for camping purposes.

(i) Not enter or use a site or a portion of a site closed to public use.

§ 8363.1-4 Vehicles.

The following rules apply to operation of motor vehicles in developed recreation sites in the interest of public safety and comfort. Motor vehicles and trailers shall not be:

(a) Driven or operated in excess of posted speeds.

(b) Driven or parked except on roads and places provided for this purpose.

(c) Driven or operated in willful disregard of the rights or safety of others, or without due caution and at a speed, or in a manner, so as to endanger, or be likely to endanger, any person or property.

(d) Driven or operated on trails within developed recreation sites, except for purposes of maintaining such sites and facilities.

(e) Driven or operated in developed recreation sites, for any purpose other than access to or from the site.

(f) Driven or operated in developed recreation sites closed to such entrance by the authorized officer.

(g) Driven or operated at any time without a muffler in working order, or in such a manner as to create excessive or unusual noise, or annoying smoke or dust, or using a muffler cutoff, bypass, or similar device.

(h) Unnecessarily accelerated when not moving, or when approaching or leaving a stopping place.

§ 8363.1-5 Public health, safety, and comfort.

The following rules are adopted to further the public health, safety and comfort in the use and occupancy of developed recreation sites and facilities. The user shall not:

(a) Discharge firearms, or firecrackers, rockets, or other fireworks in developed recreation sites.

(b) Be accompanied by a dog, cat, or other animal unless it is crated, caged, leashed, or otherwise under physical, restrictive control at all times.

(c) Bring animals, other than seeing eye dogs, to swimming areas.

(d) Bring saddle, pack, or draft animals into any developed recreation site except where specifically permitted or authorized.

§ 8363.1-6 Public property and resources.

The following rules are adopted to protect public property and to conserve the resources in developed recreation sites for public use and enjoyment. The user shall not:

(a) Intentionally or wantonly destroy, deface, or remove any natural feature or plant.

(b) Intentionally or wantonly destroy, injure, deface, remove, or disturb in any manner any public building, sign, equipment, marker, or other structure or property.

§ 8363.2 Undeveloped sites and areas.

§ 8363.2-1 Permitted activities.

(a) *Collecting—hobby specimens.* Flowers, berries, nuts, seeds, cones, leaves, and similar renewable resources and nonrenewable resources such as rocks, mineral specimens, common invertebrate fossils, and gem stones may be collected in reasonable quantities for personal use, consumption, or hobby collecting. Limitations on this privilege are contained in § 8363.2-2 of this subpart.

(b) *Collecting—for sale or barter.* Gathering or collecting of renewable or nonrenewable resources for the purpose of sale or barter may be done only where specifically authorized by law.

(c) *Petrified wood.* For regulations pertaining to collection of petrified wood see Subpart 3612 of this chapter.

(d) *Vegetative and mineral materials.* For regulations pertaining to removal of vegetative and mineral materials, see Subparts 3610, 3611, and 5400 of these regulations.

§ 8363.2-2 Prohibited activities.

In the use of lands for public outdoor recreation purposes, no one shall:

(a) Intentionally or wantonly destroy, deface, injure, sign, remove, or disturb any public building, sign, equipment, marker, or other public property.

(b) Harvest or remove any vegetative or mineral resources or object of anitiquity, historic, or scientific interest unless such removal is in accordance with Part 3 of this title, regulations of this section, or is otherwise authorized by law.

(c) Appropriate, mutilate, deface, or destroy any natural feature, object of natural beauty, antiquity, or other public or private property.

(d) Dig, remove, or destroy any tree or shrub.

(e) Gather or collect renewable or nonrenewable resources for the purpose of sale or barter unless specifically permitted or authorized law.

(f) Drive or operate motorized vehicles or otherwise conduct himself in a manner that may result in unnecessary frightening or chasing of people, domestic livestock and wildlife.

(g) Use motorized mechanical devices or explosives for digging, scraping, or trenching for purposes of collecting.

§ 8363.3 Supplemental rules.

Additional rules to protect the public health and safety and protect resources may be established by the authorized officer, as necessary. They shall be posted in appropriate locations to notify the public of requirements for the occupancy and use of lands, outdoor recreation facilities, and roads and trails. The posted rules may provide for, but need not be limited to, protection of public health and safety, protection of lands from fires, prevention of soil erosion, and utilization and protection of outdoor recreation and other resource values of the public lands.

§ 8363.4 State and local laws.

Except as otherwise provided by law, State and local laws and ordinances shall apply. This refers, but is not limited, to laws and ordinances governing:

(a) Operation and use of motor vehicles, aircraft, and boats.

(b) Hunting and fishing.

(c) Use of firearms.

(d) Injury to persons or destruction of property.

(e) Air and water pollution.

(f) Littering.

(g) Sanitation.

(h) Use of fire.

§ 8363.5 Criminal penalties.

Any person who knowingly and willfully violates any rule of conduct described in § 8363.1-6 or § 8363.2-2 shall be fined not more than $1,000 or imprisoned not more than 12 months, or both.

Subpart 8364—Closures

§ 8364.1 Closure of lands.

In the management of lands to protect the public and assure proper resource utilization, conservation, and protection, public use and travel may be temporarily restricted. For instance, areas may be closed during periods of high fire danger or unsafe conditions, or where use will interfere with or delay mineral development, timber, and livestock operations, or other authorized use of the lands. Areas may also be closed temporarily to:

(a) Protect the public health and safety.

(b) Prevent excessive erosion.

(c) Prevent unnecessary destruction of plant life and wildlife habitat.

(d) Protect the natural environment.

(e) Preserve areas having cultural or historical value.

(f) Protect scientific studies, or preserve scientific values.

§ 8364.1-1 Closure of access.

Roads, trails, and lands providing access to other public lands may be closed entirely or open only for specifically authorized travel in the interest of public health and safety or preservation and protection of public lands and resources.

§ 8364.2 Criminal penalties.

Any person who knowingly and willfully violates any closure order issued under § 8364.1 shall be fined not more than $1,000 or imprisoned not more than 12 months, or both.

Subpart 8371–Recreation Use Permits, Developed Sites—[Reserved]

Subpart 8372—Special Recreation Permits Other Than on Developed Recreation Sites

§ 8372.0-1 Purpose.

This subpart sets forth the procedures for authorizing certain recreational uses of lands and waters administered by the Bureau.

§ 8372.0-2 Objective.

To establish a permit and fee system for certain recreation uses of lands and waters administered by Bureau.

§ 8372.0-3 Authority.

The rules in this subpart are issued pursuant to: 43 U.S.C. 1201; 43 U.S.C. 1701 et seq.; 43 U.S.C. 1181a; 16 U.S.C. 460(1-6a); 16 U.S.C. 670g-n; 16 U.S.C. 1271-1287; 16 U.S.C. 1241-1249.

§ 8372.0-5 Definitions.

For the purposes of this subpart:

(a) "Commercial use" is recreational use of the public lands for business or financial gain. When any permittee, employee or agent of a permittee, operator, or participant makes or attempts to make a profit, salary, increase his business or financial standing, or supports, in any part, other progams or activities from amounts received from or for services rendered to customers or participants in the permitted activity, as a result of having the special recreation permit, the use will be considered commercial. Subsistence activities of Alaskan Natives (as defined in the Alaska Native Claims Settlement Act) in Alaska are not considered recreational use. The collection by a permittee or his agent of any fee, charge, or other compensation which is not strictly a sharing of, or is in excess of, actual expenses incurred for the purposes of the activity or use shall make the activity or use commercial. Use by educational and therapeutic institutions is considered commercial when the above criteria are met. Profit making organizations are automatically classified as commercial, even if that part of their activity covered by the permit is not profit making. Nonprofit status of any group or organization under the Internal Revenue or Postal Laws or regulations does not in itself determine whether an event or activity arranged by such a group or organization is noncommercial. Any person, group, or organization seeking to qualify as noncommercial shall have the burden of establishing to the satisfaction of the authorized officer that no financial or business gain will be derived from the proposed use.

(b) "Actual costs or expenses" are costs or expenses necessarily incurred for the permitted activity or use. These terms include, but are not limited to, the actual costs of such items as expendable equipment and supplies. Actual costs or expenses will not include any salaries, profit, increase of capital worth, allowances, or subsidies of any other activities of the permittee or sponsor, the purchase or amortization of nonexpendable supplies or equipment, any allowance for undersubscribed events, or any monetary compensation for sponsors or participants.

(c) "Competitive use" is any formally organized or structured use, event, or activity on public land in which there are the elements of competition between two or more contestants, registration of participants, and/or a predetermined course or area is designated. The term also applies to one or more individuals contesting an established record such as speed or endurance.

(d) An "event" is a single, structured, organized, consolidated, or scheduled meeting or occurrence for the purpose of recreational use of the public lands. An event may be composed of several related activities.

(e) "Educational use" is use by an institution which has been recognized as educational by Federal, State, or local government bodies, or regional accrediting bodies. Such use must have learning as the major objective, and there must be a teacher-pupil relationship present. National, regional, State, or local accreditation will normally qualify a school as noncommercial, but such accreditation in and of itself does not assure noncommercial status.

(f) An "operator" is a group, association, individual, corporation, or organization which provides recreational services.

(g) A "special area" is an area established as a component of the National Trails System, the National Wild and Scenic Rivers System, the National Wilderness System, an area covered by joint agreement between the Bureau of Land Management and a State government as provided for in title II of the Sikes Act, or any other area where the authorized officer determines that the resources require special management and control measures for their protection.

(h) A "User day" is any calendar day, or portion thereof, for each individual accompanied or serviced by an operator or permittee on the public lands. Passenger day is synonymous with user day.

(i) An "off-road vehicle" is any motorized vehicle capable of, or designed for, travel on or immediately over land, water, or other natural terrain excluding: (1) Any nonamphibious registered motorboat; (2) any military, fire, emergency, or law enforcement vehicle while being used for emergency purposes; (3) any vehicle whose use is specifically authorized by the authorized officer or otherwise officially approved; (4) official use; or (5) any combat or combat support vehicle when used in times of national defense emergencies.

§ 8372.0-7 Enforcement.

Failure to pay any fee or failure to obtain a permit required by this subpart or operating with a suspended permit shall be punishable pursuant to the Federal Land Policy and Management Act of 1976, the Land and Water Conservation Fund Act, as amended, the Wild and Scenic Rivers Act, the National Trails Act, the Sikes Act, and other laws when applicable.

§ 8372.1 Permits required.

§ 8372.1-1 Public lands, general.

Special recreation permits are required for (a) commercial use, (b) competitive use, (c) off-road vehicle events involving 50 or more vehicles, and (d) special area use where the authorized officer determines the criteria of the Land and Water Conservation Fund Act, as amended, the Sikes Act, the Wild and Scenic Rivers Act, Federal Land Policy and Management Act, the Taylor Grazing Act, or National Trails Act require their issuance.

§ 8372.1-2 Special areas.

With the exception of use in special areas, special recreation permits are not required for recreational use by individuals, or individual immediate families. Notice will be given in the FEDERAL REGISTER and regional news media when special recreation permits are required for recreational use other than commercial, competitive, and off-road vehicle use in a special area. Access points in special areas will also be posted notifying the public of required permits for recreational use, other than commercial, competitive, and off-road vehicle use.

§ 8372.2 Applications.

(a) *Forms and maps.* Applications for special recreation permits shall be made to the authorized officer on forms approved by the Director, Bureau of Land Management. Applications shall include a map of sufficient scale and detail to allow identification of the proposed use area on the ground. The authorized officer may waive the requirement for maps where appropriate.

(b) *Supplemental information.* The authorized officer may require the applicant to submit supplemental information in sufficient detail to evaluate the impact of the proposed event upon the lands and environment, including measures the applicant would take to mitigate impacts on the lands and environment.

(c) *Filing.* (1) The application shall be filed in the office of the Bureau having jurisdiction over the lands to be used. The application shall be filed a minimum of 120 days in advance of intended use unless a shorter time is authorized by the authorized officer. Applications may be filed by mail or in person.

(2) Within 30 days of the filing date or within 15 days of the desired use date, whichever is earliest, the authorized officer shall inform the applicant if the decision on issuing the permit will be delayed.

(3) The authorized officer may establish a maximum time by which applications will be accepted prior to date of proposed use.

§ 8372.3 Issuance of permits.

The approval of an application and subsequent issuance of a special recreation permit is discretionary with the authorized officer.

§ 8372.4 Fees.

(a) *Filing fees.* Applicants for special recreation permits for commercial or competitive uses shall include with their application a $10 nonrefundable filing fee.

(b) *Use fees.* (1) Commercial use—a minimum of $25 is required for use if not in excess of 100 user days. Payment for use in excess of 100 user days shall be in the amount of $25 each additional 100 user days or fraction thereof.

(2) Competitive use—the fee is 5 percent of the gross receipts, $1 per participant per day or $10 whichever is greater. When use is both commercial and competitive, the competitive fee shall be charged.

(3) Special area use—fees may be required for special area uses by other than commercial, competitive, and off-road vehicle users where the authorized officer determines that such charges are consistent with the Land and Water Conservation Fund Act. A minimum fee of $1 shall be charged for each permit for such use.

(4) Off-road vehicle use—a minimum fee of $1 will be charged for the permit for each event.

(5) The authorized officer may charge larger fees than these minimums consistent with charges made for similar uses by other organizations and governmental agencies in the region of use.

(6) Any change in established fees will be made in accordance with section 304 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1734).

(c) *Payment of use fees.* (1) Payment of fees will be required at the time a permit is issued.

(2) Where the amount of intended use cannot be precisely determined, the fee will be based on an estimation and payment will be required of that amount. The fee will be adjusted, based on actual use, after use is made. Refunds will be made or additional payment will be required to the extent the payment requirement for actual use varies from the initial amount paid by $10.

(3) If an applicant is unable to pay the fee in advance, the authorized officer may allow the posting of a payment bond or other guarantee in an amount equal to the actual or estimated fee. The authorized officer will establish a payment date which is no later than 15 days following the use period.

(d) *Exceptions, exclusions, and exemptions.* (1) Nothing contained herein shall authorize Federal hunting, trapping, or fishing licenses, permits, or fees.

(2) Fees under provisions of this part shall not be charged and permits shall not be required for commercial or other activities not related to recreation. Permits may be required but fees shall not be charged for uses including, but not limited to, organized tours or outings conducted for educational or scientific purposes related to the resources of the area visited by bona fide institutions established for these purposes.

(3) Applicants for waiver of fees on this basis shall be required to provide documentation of their official recognition as educational or scientific institutions by Federal, State, or local government bodies and shall also be required to provide a statement as to the purposes of the visit proposed.

(4) The use of areas for which a fee waiver is requested must relate directly to scientific or educational purposes.

(5) No fee shall be charged for those special recreation permits required for: (i) Any hospital patient actively involved in medical treatment or therapy in the area visited; (ii) educational and therapeutic institutions that are not commercial; and (iii) individuals, and individual immediate families except in certain special areas. The authorized officer may determine that permits and fees are unnecessary where an event begins and ends on nonpublic lands, traverses less than 1 mile of public lands, and poses no threat of significant damage to public resource values.

§ 8372.5 Terms.

(a) *General.* (1) The authorized officer may suspend a special recreation permit if necessary to protect public health, public safety, or the environment. The terms of the permit shall continue to run during any such suspension.

(2) Permits may be issued for a day, season of use, or such other time period considered appropriate by the authorized officer for the use involved.

(3) A special recreation permit will not be issued for an area larger than the authorized officer determines is necessary for the contemplated use. The land may be surveyed or unsurveyed.

(4) The operator or permittee shall allow the authorized officer, or other duly authorized representative of the Bureau, to have access to and the right to examine any directly pertinent books, documents, papers, and records of the operator or permittee in-

volving transactions related to the permit. The operator or permittee also will allow the authorized officer, or other duly authorized representative of the Bureau, to have access to and the right to examine any directly pertinent books, documents, papers, and records of any employee or agent of the permittee or operator. These allowances and rights terminate 3 years after the expiration of the permit.

(b) *Stipulations.* A special recreation permit will contain such stipulations as the authorized officer considers necessary to protect the lands and resources involved and the public interest in general.

(c) *Bonds.* In addition to a payment bond, the authorized officer may require the posting of a cash or surety bond or other guarantee in such form and in such amount as the authorized officer determines to be sufficient to defray the costs of restoration and rehabilitation of the lands affected by the permitted use. Bonds and guarantees will be returned to the permittee upon satisfactory compliance with all permit stipulations, including restoration and rehabilitation requirements.

(d) *Insurance.* The authorized officer shall require all commercial and competitive applicants, and may require other applicants, to obtain and submit a property damage, personal injury, and public liability insurance policy which he judges sufficient to protect the public and the United States. The policy shall name the U.S. Government as a co-insured and stipulate that the authorized officer of the Bureau of Land Management shall be notified 30 days in advance of the termination or modification of the policy.

(e) *Liability.* The permittee shall indemnify the United States against any responsibility or liability for damage, injury, or loss to persons and property which may occur during the permitted use period or as a result of such use.

(f) *Violation of law.* The conviction of a violation of any Federal or State law or regulation concerning the conservation or protection of natural resources, the environment, endangered species, or antiquities that is related to said special recreation permit may result in the cancellation of the permit.

Subpart 9180—Cadastral Surveys; General

SOURCE: 35 FR 9797, June 13, 1970, unless otherwise noted.

§ 9180.0-2 Objectives.

(a) *Alaska; existing surveys and extension thereof.* The surveys up to the present time have been confined to known agricultural areas, the coal fields, and such other lands as have been considered to be suitable for development by settlers or otherwise. The extensions of the surveys to other areas will be governed largely by the character of the lands and their suitability for use, development, and administration under the public land laws applicable to Alaska.

(b) *Resurveys.* The real interest of the Government in the resurvey of the public lands is well stated in the said Act of March 3, 1909, "to properly mark the boundaries of the public lands remaining undisposed of." Its duty being thus defined, the Bureau of Land Management will refrain from attempting to do more in the relocation of the corners of privately owned lands in a township being resurveyed than to reestablish such corners from the best available evidence of the original survey.

§ 9180.0-3 Authority.

(a) *Delegation to Director, Bureau of Land Management.* (1) In the establishment of the Bureau of Land Management by Reorganization Plan No. 3 of 1946, the office of Supervisor of Surveys was abolished and the functions and powers thereof were transferred to the Secretary of the Interior, to be performed by such officers or agencies of the Department as might be designated by the Secretary. Under that authority, the functions and powers formerly exercised by the Supervisor of Surveys were delegated to the Chief Cadastral Engineer, subject to the supervision of the Director, Bureau of Land Management. In the general reorganization and realignment of functions of the Bureau, the office of Chief Cadastral Engineer has been abolished, and the functions of that office have been delegated to the Director.

(2) By this sequence, the cadastral surveying work of the Bureau of Land Management has been placed under the immediate jurisdiction of the Director, subject to the direction and control of the Secretary of the Interior. Certain functions relating to specific phases of the cadastral surveying work have been delegated to the State Director.

(b) *Alaska.* The rectangular system of survey of the public lands was extended to the State of Alaska by the Act of March 3, 1899 (30 Stat. 1098; 48

U.S.C. 351). The regular township surveys in Alaska conform to that system, but departures therefrom are permitted under the conditions stated in the Act of April 13, 1926 (44 Stat. 243; 48 U.S.C. 379), and in certain other cases, such as special surveys for trade and manufacturing sites, headquarters sites, and homesites under section 10 of the Act of May 14, 1898 (30 Stat. 413; 48 U.S.C. 461), as amended; for soldiers additional entries, pursuant to sections 2306 and 2307 of the Revised Statutes (43 U.S.C. 274, 278); and for small tracts under the Act of June 1, 1938 (52 Stat. 609; 43 U.S.C. 682a), as amended.

(1) Administration of the public land surveying activities in Alaska is under the general supervision of the State Director, Bureau of Land Management, at Anchorage, Alaska. The office, in which the records relating to the public land surveys in the State are maintained, is located at Anchorage, Alaska. Correspondence relating to local survey matters should be addressed to the State Director, Juneau, Alaska.

(c) *Resurvey of township*—(1) *Without cost to applicant when title to at least 50 percent of the area is in the United States.* The Act of March 3, 1909 (35 Stat. 845), as amended by the Joint Resolution of June 25, 1910 (36 Stat. 884; 43 U.S.C. 772), authorizes the Secretary of the Interior to cause to be made such resurveys of the public lands as after full investigation he may deem essential to properly mark the boundaries of the public lands remaining undisposed of.

(2) *Cost to be prorated between applicants and United States, when more than 50 percent of the area is privately owned.* (i) The Act of September 21, 1918 (40 Stat. 965; 43 U.S.C. 773), provides authority for the resurvey by the Government of townships heretofore held to be ineligible for resurvey under existing departmental regulations by reason of disposals in excess of 50 percent of the total area thereof.

(ii) Under the Act mentioned, and upon the application of the owners of three-fourths of the privately owned lands in any township previously surveyed, or upon the application of a court of competent jurisdiction, accompanied by a deposit of funds sufficient to cover the estimated cost, inclusive of the necessary office work, of the resurvey of all of the privately owned lands in such township, the State Director, Bureau of Land Management, is authorized, in his discretion, to cause to be made a resurvey of the township in question in accordance with the laws and regulations governing surveys and resurveys of the public lands; the cost of the resurvey of the residue of the public lands in such township to be paid by the Government from the current annual appropriation for the survey and resurvey of the public lands in addition to the portion thereof made available for resurveys and retracements by the provisions of the Act of March 3, 1909 (35 Stat. 845), as amended by Joint Resolution of June 25, 1910 (36 Stat. 884; 43 U.S.C. 772). The total cost of the resurvey of the township is thus divided between the Government and the petitioners in proportion to the extent of their respective holdings.

(iii) It is further provided that any portion of such deposit in excess of the actual cost of the field and office work incident to such resurvey of privately owned lands shall be repaid pro rata to the applicants for resurvey or to their legal representatives.

(40 Stat. 965, as amended; 43 U.S.C. 773)

§ 9180.1 Interpretation of survey records.

§ 9180.1-1 Meridians.

(a) *Alaska.* The public land surveys in Alaska are governed by three principal meridians established as follows: The Seward Meridian, initiated just north of Resurrection Bay and extending to the Matanuska coal fields; the Fairbanks Meridian, commencing near the town of Fairbanks and controlling the surveys in that vicinity, including the Nenana coal fields; and the Copper River Meridian which lies in the valley of the Copper River and from which surveys have been executed as far north as the Tanana River and south to the Bering River coal fields and the Gulf of Alaska.

(b) *Copies of records.* Copies of plats of surveys in Alaska, or other records of the Public Survey Office, will be sold at the cost of production, in accordance with section 1 of the Act of August 24, 1912 (37 Stat. 497), as amended (5 U.S.C. 488), and § 2.3 of this title.

Subpart 9183—Special Surveys

§ 9183.0-2 Objectives.

Information respecting special surveys of soldier's additional entries, homesites, homesteads, and trade and manufacturing sites is given in Subparts 2610, 2511, 2562, and 2730 of this chapter, respectively.

[35 FR 9798, June 13, 1970]

Subpart 9185—Instructions and Methods

Source: 35 FR 9798, June 13, 1970, unless otherwise noted.

§ 9185.1 Applications.

§ 9185.1-1 Surveys.

(a) *Original surveys.* Application for the original extension of the rectangular system of public land surveys to include unsurveyed townships should be filed in duplicate with the State Director for the State in which the lands are situated. The application may be in letter form, and should describe the unsurveyed area by township and range of the public surveys, and should set forth the interest of the applicant in the land and the basis of need for extension of the surveys.

(b) *Lands omitted from original survey.* Application for the survey of an unsurveyed island or other land omitted from the orginal survey shall be made on Form 9600-2, or its equivalent, and filed in duplicate with the State director for the State in which lands are situated.

[35 FR 9798, June 13, 1970, as amended at 44 FR 41795, July 18, 1979]

§ 9185.1-2 Resurveys.

(a) *Filing of applications for survey without cost to applicant.* The application prepared in accordance with this part, should be submitted to the State Director for the State in which the lands are situated.

(b) *Filing of applications for survey with cost prorated.* Applications for resurvey based upon the provisions of the Act of September 21, 1918, prepared in accordance with this part should be submitted to the State Director for the State in which the lands are situated. Prior to filing formal application, however, the interested parties should obtain from the proper office, as above designated, an estimate of the cost of the proposed resurvey.

(40 Stat. 965, as amended; 43 U.S.C. 773)

§ 9185.1-3 Mining claims.

(a) *Application for survey.* Application for the survey of a mining claim should be filed with the State Director for the State in which the claim is situated.

(b) *Mineral surveyors.* See § 3861.5-1 for the appointment of mineral surveyors pursuant to section 2334 of the Revised Statutes (30 U.S.C. 39).

[35 FR 9798, June 13, 1970, as amended at 38 FR 30001, Oct. 31, 1973]

§ 9185.2 Requirements for surveys.

§ 9185.2-1 [Reserved]

§ 9185.2-2 Lands omitted from original survey.

(a) *Notice of intended application.* Notice of intention to apply for survey of an island or other land omitted from the original survey shall be served on the adjacent land owners, and the Attorney General and the Secretary of State for the State in which the land is situated, at least 30 days prior to the date of application for survey. Service may be had by return receipt mail or in person, evidence of which may consist of the return receipt or signed acknowledgment of service. A copy of each notice, with proof of service thereof, shall be filed with the application. Failure to obtain evidence of service may be explained.

(b) *Form of notice.* No particular form of notice is prescribed. The notice must make it clear, however, that the land covered by the application is contended to be public land of the United States and subject to survey and administration as such, and that any protest against the proposed survey should be filed with the appropriate State Director. It must be shown what particular surveyed lands opposite the island, or adjoining the unsurveyed land, are owned by the adjacent land owner on whom the notice is served.

(c) *Evidence required as to character of land in existence at time of original survey.* An application for the survey of an island or other land omitted from the original survey must be accompanied by evidence showing that the land was in existence and above ordinary high-water elevation when the State was admitted into the Union, and when the adjacent lands were surveyed. Such evidence should consist of statements from at least two persons familiar with the land, as to its size, elevation, and appearance, and the species, size, and age of the timber growth thereon, or nature of other vegetation.

(d) *Diagram required with application.* A diagram showing the approximate configuration of the island or other land applied for, and its location with reference, to the public land surveys, must accompany the application.

(e) *Cost of survey.* In the event of approval of the application, the costs of the survey will be borne by the Government.

(f) *No preference right.* Should the island or other land be surveyed as public land, no preference right to acquire the same under the laws governing the disposal of public lands will be gained by the filing of the application for survey.

[35 FR 9798, June 13, 1970, as amended at 44 FR 41795, July 18, 1979]

§ 9185.2-3 Unsurveyed islands and omitted lands.

(a) Section 211(a) of the Federal Land Policy and Management Act of 1976 (90 Stat. 2758), provides for the conveyance under the Recreation and Public Purposes Act of unsurveyed islands determined by the Secretary to be public lands of the United States. The conveyance of any such island may be made without survey; however, such island shall be surveyed at the request of the qualified applicant. If the applicant requests that a survey be executed, the applicant shall be required to:

(1) Furnish a written statement identifying his choice of donation of money, services, or both for the survey.

(2) If the applicant elects to donate money, such donation shall equal the Bureau of Land Management's estimated cost of survey. The donated money shall be credited and expended in accordance with section 307(c) of the Act. A written estimate of such costs shall be furnished to the applicant by the Bureau.

(3) If the applicant elects to donate services, such services shall be conducted and performed pursuant to the criteria established by the Director of the Bureau of Land Management.

(b) Section 211(b) of the Act, provides for conveyance, under the Recreation and Public Purposes Act (43 U.S.C. 869), of lands other than islands determined by the Secretary by survey to be public lands of the United States erroneously or fraudulently omitted from the original surveys. An applicant may be required to donate money, services, or a combination thereof for such survey. The procedures contained in § 9185.2-3(a) of this title shall be followed.

[44 FR 41795, July 18, 1979]

§ 9185.3 Requirements for resurveys; without cost to applicant.

§ 9185.3-1 Eligibility.

(a) *Determined by ownership of land.* As a general rule, and in the absence of any particular governmental purpose to be subserved, no township is eligible for resurvey unless title to at least 50 percent of the area of the lands embraced therein remains in the United States. For the purpose of determining the eligibility of a township under this rule, lands covered by approved selections, school sections, and entries upon which final certificates or patents have been issued are to be considered as alienated lands. Townships within the primary limits of railroad land grants are generally ineligible.

(b) *Determined by physical character of remaining public land.* In general no resurvey will be undertaken unless the preliminary examination of the township develops evidence of existing settlement and agricultural possibilities sufficient to support the presumption that the unappropriated lands therein are such as to attract bona fide entrymen, thus eliminating townships which, although theoretically eligible, are of such a physical character that the resurvey thereof would serve no useful purpose.

(c) *Small areas.* In the application of the terms of the Act of March 3, 1909 (35 Stat. 845), as amended, is not intended that there shall be undertaken any work involving the mere reestablishment of lost or obliterated or misplaced corners in a limited area of a township, such work being within the province of the local surveyors, and the authority of the public survey office will be limited to the giving of advice in accordance with the circular for the restoration of lost or obliterated corners. Employees of the Bureau of Land Management are prohibited from participating in the resurvey of a township, the reestablishment of lost corners, or in the subdivision of sections for private parties, even if the expense is borne by the county or municipal authorities or by individuals.

§ 9185.3-2 Showing required.

(a) *Necessity.* The applicants for the resurvey of any township are required to present satisfactory prima facie evidence of the necessity for such action, based either upon general obliteration of evidences of the original survey or upon conditions so grossly defective as to preclude the possibility of a reasonably certain identification of the subdivisions of the subsisting survey or a satisfactory local restoration thereof.

(b) *Condition of original survey.* Applications for the resurvey of each township must be supported by evidence in the form of a statement, preferably from the county or other competent surveyor, showing in detail that the evidences of the original survey have been obliterated to such an extent as to make it impracticable to apply the suggestions of the circular issued by the Bureau of Land Management for the necessary restoration of the lines and corners in the proper identification of the legal subdivisions occupied by the present or prospective entrymen or that the obliteration of the original monuments has become so advanced that the land boundaries can be identified only through extensive retracements by experienced engineers of the Bureau of Land Management.

§ 9185.3-3 Majority of land owners.

A majority of the settlers in each township are required to join in the application, and, in addition, there must appear the endorsements of the entrymen and owners, including the State, whose holdings represent the major part of the area entered or patented, with a description opposite each name of the lands actually occupied, entered, or owned, and a statement as to whether the applicant is a settler, entryman, or owner thereof. Where an entryman or owner, including the State, has failed for any reason whatsoever to join in the application, evidence of service of notice upon him for at least 30 days in advance of the filing of the application is required in order that he may be afforded ample opportunity to make timely protest against the granting of such resurvey if in his opinion such action is undesirable.

§ 9185.4 Requirements for resurvey; with cost prorated.

§ 9185.4-1 Estimate of cost.

(a) The cost of resurvey procedure is as a rule considerably in excess of that incident to the execution of original surveys and may range between rather wide limits. Where the obliteration is not excessive and the evidences of the original survey are harmoniously related, extensive verifying retracements will be unnecessary and ordinary dependent methods of resurvey can usually be applied. If, however, the obliteration is general or total, many miles of preliminary retracement may be required in order to obtain technical control, and where, by reason of errors in the original survey, the existing evidences thereof are discordant and conflicting locations have resulted, the procedure required may, in the case of densely entered townships, involve an expense of $5,000 or more per township.

(b) The applicants for resurvey should understand, therefore, that although the estimate supplied will be as nearly correct as the available information will permit, its accuracy cannot be guaranteed, and, consequently, all such estimates are subject to revision, if necessary, as the work proceeds and the field conditions are more fully developed. Any deposit in excess of actual cost will be returned to the applicants as provided by law, but in cases where the cost exceeds the deposit made in accordance with the estimate, an additional deposit will be required, failing which, operations will be suspended.

(c) In the application of the terms of this Act it is not intended that there shall be undertaken any work involving the mere reestablishment of lost or obliterated or misplaced corners in a limited area of a township, such work being within the province of the local surveyor, and the authority of the State Director will be restricted to the giving of advice in accordance with the circular for the restoration of lost or obliterated corners. Employees of the Government are prohibited from participating in the resurvey of a township or the reestablishment of lost corners or in the subdivision of sections for private parties, even if the expense is borne by the county or State authorities or by individuals, except as such action is specifically authorized by the Director, Bureau of Land Management, in accordance with the provisions of existing statutes.

(d) Deposit required: The deposit required of the petitioners by law must accompany the application and must be made in the amount, at the place and in the manner prescribed by the instructions which will accompany the estimate.

(40 Stat. 965, as amended; 43 U.S.C. 773)

§ 9185.4-2 Showing required.

(a) *Necessity.* The applicants for the resurvey of any township are required to present satisfactory prima facie evidence of the necessity for such action. In general, it must be shown that the evidences of the original survey are so widely obliterated or that the prevailing survey conditions are so grossly defective as to preclude the satisfactory identification of the subdivisions of the subsisting survey or that the evidences of the original survey are in such an advanced state of deterioration that action looking to their preservation and perpetuation is expedient as in the public interest.

(b) *Ownership of land.* The applicants for resurvey are required to preface their petition by the statement that the extent of privately owned lands within the township is in excess of 50 percent of the total area thereof. If necessary, information in this connection may be obtained by the petitioners from the manager of the land office having local jurisdiction. Failure to comply with the condition set forth in this section or material error in the showing made, will not only result in delaying action upon the petition, but may require its rejection if it is found that the township is not properly subject to resurvey under the terms of the governing Act.

(40 Stat. 965, as amended; 43 U.S.C. 773)

§ 9185.4-3 Three-fourths of land owners.

The owners of three-fourths of the privately owned lands within the township are required to join in the application, and all petitioners in whom ownership is vested, either individuals, the State, or corporations such as railroad companies whose interests are involved, are further required to supply, following their respective signatures, an accurate description by legal subdivision, section, township, and range of the lands to which title is claimed. Moreover, it must appear that notice of the proposed resurvey has been served upon all owners who have for any reason failed to join in the petition, and, in addition, it is highly desirable that all record entrymen who, under the terms of the act are not required to become parties to the petition, be similarly informed to the end that their objections, if any, may be heard and subsequent protest based upon the plea of ignorance may, insofar as possible, be avoided.

AUTHORITY: 43 U.S.C. 1701 et seq.

SOURCE: 46 FR 42828, Aug. 24, 1981, unless otherwise noted.

Subpart 9212—Wildfire Prevention

§ 9212.0-1 Purpose.

The purpose of this subpart is to set forth procedures to prevent wildfires on the public lands.

§ 9212.0-2 Objective.

The objective of this subpart is to prevent wildfires on the public lands.

§ 9212.0-3 Authority.

This subpart is issued under the authority of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.).

§ 9212.0-5 Definitions.

As used in this subpart, the term:

(a) "Person" means individuals, corporations, companies, associations, firms, partnerships, societies or joint stock companies.

(b) "Authorized officer" means any employee of the Bureau of Land Management to whom has been delegated the authority to perform the duties described in this subpart.

(c) "Public lands" means any lands and interest in lands owned by the United States within the several States and administered by the Secretary of the Interior through the Bureau of Land Management, without regard to how the United States acquired ownership, except—

(1) Lands located on the Outer Continental Shelf; and

(2) Lands held for the benefit of Indians, Aleuts, and Eskimos.

(d) "Fire" means the burning of timber, trees, slash, brush, tundra, grass or other flammable material such as, but not limited to, petroleum products, trash, rubbish, lumber, paper, cloth or agricultural refuse occurring out of doors and includes "campfire" as defined in this section.

(e) "Campfire" means a controlled fire occurring out of doors used for cooking, branding, personal warmth, lighting, ceremonial or esthetic purposes.

(f) "Permit" means authorization in writing by the authorized officer.

(g) "Closed area" means public lands closed to entry by a Bureau of Land Management fire prevention order.

(h) "Wildlife" means any wildland fire that requires a suppression response.

(i) "Restricted area" means public lands restricted as to use(s) by a Bureau of Land Management fire prevention order.

§ 9212.0-6 Policy.

It is the policy of the Bureau of Land Management to take all necessary actions to protect human life, the public lands and the resources and improvements thereon through the prevention of wildfires. Wherever possible, the Bureau of Land Management's actions will complement and support State and local wildfire prevention actions.

§ 9212.1 Prohibited acts.

Unless permitted in writing by the authorized officer, it is prohibited on the public lands to—

(a) Cause a fire, other than a campfire, or the industrial flaring of gas, to be ignited by any source;

(b) Fire a tracer or incendiary device;

(c) Burn, timber, trees, slash, brush, tundra or grass except as used in campfires;

(d) Leave a fire without extinguishing it, except to report it if it has spread beyond control;

(e) Build, attend, maintain or use a campfire without removing all flammable material from around the campfire adequate to prevent its escape;

(f) Resist or interfere with the efforts of firefighter(s) to extinguish a fire;

(g) Enter an area which is closed by a fire prevention order, or

(h) perform any act restricted by a fire prevention order.

§ 9212.2 Fire prevention orders.

(a) To prevent wildfire or facilitate its suppression, an authorized officer may issue fire prevention orders that close entry to, or restrict uses of, designated public lands.

(b) Each fire prevention order shall—

(1) Identify the public lands, roads, trails or waterways that are closed to entry or restricted as to use;

(2) Specify the time during which the closure or restriction shall apply;

(3) Identify those persons who, without a written permit, are exempt from the closure or restrictions;

(4) Be posted in the local Bureau of Land Management office having jurisdiction over the lands to which the order applies; and

(5) Be posted at places near the closed or restricted area where it can be readily seen.

§ 9212.3 Permits.

(a) Permits may be issued to enter and use public lands designated in fire prevention orders when the authorized officer determines that the permitted activities will not conflict with the purpose of the order.

(b) Each permit shall specify—

(1) The public lands, roads, trails or waterways where entry or use is permitted;

(2) The person(s) to whom the permit applies;

(3) Activities that are permitted in the closed area;

(4) fire prevention requirements with which the permittee shall comply; and

(5) An expiration date.

(c) An authorized officer may cancel a permit at any time.

§ 9212.4 Penalties.

Any person who knowingly and willfully violates the regulations at § 9212.1 of this title shall, upon conviction, be subject to a fine of not more than $1,000 or to imprisonment of not more than 12 months, or both.

Subpart 9239—Kinds of Trespass

§ 9239.0-3 Authority.

(a) Sections 9239.0-3 to 9239.7 are issued under the authority of R.S. 2478; 43 U.S.C. 1201.

(b) In addition to liability for trespass on the public lands, as indicated in this part, persons responsible for such trespass may be prosecuted criminally under any applicable Federal law. Penalties are prescribed by the following statutes:

(1) Timber trespass. 18 U.S.C. 1852, 1853.

(2) Turpentine trespass. 18 U.S.C. 1854.

(3) Coal trespass. 18 U.S.C. 1851; 30 U.S.C. 201(b)(4).

[35 FR 9800, June 13, 1970, as amended at 42 FR 4460, Jan. 25, 1977]

§ 9239.0-7 Penalty for unauthorized removal of material.

The extraction, severance, injury, or removal of timber or mineral materials from public lands under the jurisdiction of the Department of the Interior, except when authorized by law and the regulations of the Department, is an act of trespass. Trespassers will be liable in damages to the United States, and will be subject to prosecution for such unlawful acts.

§ 9239.0-8 Measure of damage.

The rule of damages to be applied in cases of timber, coal, oil, and other trespass in accordance with the decision of the Supreme Court of the United States in the case of Mason et al. v. United States (260 U.S. 545, 67 L. ed. 396), will be the measure of damages prescribed by the laws of the State in which the trespass is committed, unless by Federal law a different rule is prescribed or authorized.

§ 9239.0-9 Sale, lease, permit, or license to trespassers.

(a) For the purpose of this section, a trespasser is any person, partnership, association, or corporation responsible for the unlawful use of, or injury to, property of the United States.

(b) The authorized officer may refuse to sell to a trespasser timber or materials, or to issue to him a lease, permit, or license if, after a demand for payment has been served by certified or registered mail on the trespasser, a satisfactory arrangement for payment of the debt due the United States has not been made within reasonable time, and there is reason for the authorized officer to believe payment will not be made. Satisfactory arrangement shall be deemed to have been made by:

(1) Payment by the trespasser of the amount found to be due by the authorized officer, by a final judgment of a court, or pursuant to a compromise settlement accepted by the United States; or

(2) Execution by the trespasser of a promissory note or installment agreement, satisfactory to the authorized officer, so long as the agreed-upon payments are made on schedule; or

(3) Delivery by the trespasser of a bond guaranteeing payment to the United States of the amount found to be due by the authorized officer or by a court of competent jurisdiction; or

(4) Cancellation of the debt due the United States by a discharge in bankruptcy.

(c) Notwithstanding the provisions of paragraph (b) of this section, the authorized officer may sell to a trespasser timber or materials or issue to him a lease, permit, or license for materials despite lack of a satisfactory arrangement for payment if such officer establishes in writing that:

(1) There is no other qualified bidder or no other qualified bidder will meet the high bid, and

(2) The sale, lease, permit, or license to the trespasser is necessary to protect substantial interests of the United States either by preventing deterioration of, or damage to, resources of the United States or by accepting an advantageous offer, and

(3) The timber management or other resource management program of the United States will not be adversely affected by the action.

§ 9239.1 Timber.

§ 9239.1-1 Unauthorized cutting of timber.

(a) The cutting or removing of the timber referred to in §§ 5511.1 to 5511.1-4 of this chapter in any other manner than that authorized by such sections will be considered a trespass.

(b) The cutting of timber for sale and speculation, or for use by others than the permittee, is strictly prohibited.

(c) Where permits are secured by fraud or timber is not used in accordance with § 5511.1-4 of this chapter the Government will enforce the same civil and criminal liabilities as in other cases of timber trespass upon public lands.

§ 9239.1-2 Penalty for unauthorized cutting of timber.

The cutting of timber from the public land in Alaska, other than in accordance with the terms of the law and §§ 5511.2 to 5511.2-6 of this chapter will render the persons responsible liable to the United States in a civil action for trespass and such persons may be prosecuted criminally under Title 18, U.S. Code, or under State law.

§ 9239.1-3 Measure of damages, when not prescribed by State law.

For timber trespass in a State where there is no State law governing such trespass, the measure of damages will be as follows:

(a) Where the trespass is willful, the full value of the property at the time and place of demand, or of suit brought, with no deduction for labor and expense.

(b) In case of innocent trespasses neither the trespassers nor their transferees shall be required to pay more than the stumpage value, or the value of the timber in standing trees taken by them as damages to the Government.

(c) In case of a purchase without notice of wrong from a willful trespasser, the value at the time of purchase.

§ 9239.2 Unlawful enclosures or occupancy.

§ 9239.2-1 Enclosures of public lands in specified cases declared unlawful.

(a) Section 1 of the Act of February 25, 1885 (23 Stat. 321; 43 U.S.C. 1061), declares any enclosure of public lands made or maintained by any party, association, or corporation who "had no claim or color of title made or acquired in good faith, or an asserted right thereto, by or under claim, made in good faith with a view to entry thereof at the proper land office under the general laws of the United States at the time any such enclosure was or shall be made" to be unlawful and prohibits the maintenance of erection thereof.

(b) Section 4 of the Taylor Grazing Act of June 28, 1934 (48 Stat. 1271; 43 U.S.C. 315o) provides:

> Fences * * * and other improvements necessary to the care and management of the permitted livestock may be constructed on the public lands within such grazing districts under permit issued by the authority of the Secretary, or under such cooperative arrangement as the Secretary may approve.

(c) Section 10, paragraph (4) of the Federal Range Code, § 4112.3 of this chapter, containing rules for the administration of grazing districts prohibits "Constructing or maintaining any kind of improvements, structures, fences, or enclosures on the Federal range, including stock driveways, without authority of law or a permit."

(d) Section 2 of the Taylor Grazing Act of June 28, 1934 (48 Stat. 1270; 43 U.S.C. 315a), provides that "any willful violation of the provisions of this act" or of "rules and regulations thereunder after actual notice thereof shall be punishable by a fine of not more than $500."

(e) Violations of any of the provisions of the Act of February 25, 1885, constitute a misdemeanor (Sec. 4, 23 Stat. 322; 35 Stat. 40; 43 U.S.C. 1064).

§ 9239.2-2 Duty of district attorney.

Section 2 of the Act of February 25, 1885 (23 Stat. 321; 43 U.S.C. 1062, 28 U.S.C. 41, Par. 21), provides that it shall be the duty of the district attorney of the United States for the proper district on affidavit filed with him by any citizen of the United States that such unlawful enclosure is being made or maintained, showing the description of the lands enclosed with reasonable certainty so that the enclosure may be identified, to institute a civil suit in the proper United States district or circuit court or territorial district court in the name of the United States and against the parties named or described who shall be in charge of or controlling the enclosure complained of.

§ 9239.2-3 Responsibility for execution of law.

The execution of this law devolves primarily upon the officers of the Department of Justice, but as it is the purpose to free the public lands from unlawful enclosures and obstructions, it is deemed incumbent upon the officers of the Department of the Interior to furnish the officers of the Department of Justice with the evidence necessary to a successful prosecution of the law.

§ 9239.2-4 Filing of charges or complaints.

All charges or complaints against unlawful enclosures or obstructions upon the public lands should be filed with the proper State Director. Such charges or complaints, when possible, should give the name and address of the party or parties making or maintaining such enclosure or obstruction and should describe the land enclosed in such a way that it may be readily identified. The section, township, and range numbers should be given, if possible.

§ 9239.2-5 Settlement and free passage over public lands not to be obstructed.

Section 3 of the Act of February 25, 1885 (23 Stat. 322; 43 U.S.C. 1063), provides that no person by force, threats, intimidation, or by any fencing or enclosing or any other unlawful means shall prevent or obstruct or shall combine or confederate with others to prevent or obstruct any person from peaceably entering upon or establishing a settlement or residence upon any tract of public land subject to settlement or entry under the public land laws of the United States or shall prevent or obstruct free passage or transit over or through the public lands.

§ 9239.3 Grazing, Alaska.

(a) *Reindeer.* (1) Any use of the Federal lands for reindeer grazing purposes, unless authorized by a valid permit issued in accordance with the regulations in Subpart 4132 of this chapter, is unlawful and is prohibited.

(2) Any person who willfully violates any of the rules and regulations in Subpart 4132 of this chapter shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by imprisonment for not more than one year, or by a fine of not more than $500.

(b) *Livestock.* (1) Grazing livestock upon, allowing livestock to drift and graze on, or driving livestock across lands that are subject to lease or permit under the provisions of this part or within a stock driveway, without a lease or other authorization from the Bureau of Land Management, is prohibited and constitutes trespass. Trespassers will be liable in damages to the United States for the forage consumed and for injury to Federal property, and may be subject to civil and criminal prosecution for such unlawful acts. A lessee who grazes livestock in violation of the terms and conditions of his lease by exceeding numbers specified, or by allowing the livestock to be on Federal land in an area or at a time different from that designated in his lease shall be in default and shall be subject to the provisions of § 4131.2-7 (g) and (h) of this chapter. Under section 2 of the Act, any person who willfully grazes livestock on public lands without authority, shall, upon conviction, be punished by a fine of not more than $500.

(2) Whenever it appears that a violation exists the authorized officer shall serve written notice upon the alleged violator. The notice shall set forth the act or omission constituting such violation and will allow the party involved a reasonable specified time from receipt of notice to demonstrate that there has been no violation or that he has since achieved compliance. If the showing is satisfactory to the authorized officer he will close the case. If satisfactory showing is not made within the time allowed, the violation alleged in the notice will be deemed to have been willful.

(3) Where the owner of the trespassing livestock, or his representative, is known, the authorized officer shall determine the amount of the damage to the public land and other property of the United States and shall make a demand for payment upon the alleged violator setting forth the foregoing values including the value of the forage consumed. Such forage value shall be computed at the commercial rates, if susceptible to proof by reasonably available and reliable data; otherwise, a minimum charge of $2 per animal unit month for trespass not clearly willful will be made. Where the trespasses are repeated and/or willful, a minimum charge of $4 per animal unit month for forage consumed will be charged. All offers for settlement for value of forage consumed and for

damage to the public land or to other property of the United States resulting from an alleged violation of any provision of the act or regulations found within § 4131.0-3 et seq. of this chapter in the amount of $2,000 or less may be accepted by the authorized officer. Offers for settlement in excess of $2,000 will be transmitted to the State Director for appropriate action. An offer of settlement will not constitute satisfaction of civil liability for consumed forage and damage involved until finally accepted by the authorized officer or the State Director, and in no event will it relieve the violator of criminal liability. No lease or permit will be issued or renewed until payment of any amount found to be due the United States under this section has been offered.

[35 FR 9800, June 13, 1970. Redesignated at 43 FR 29076, July 5, 1978]

§ 9239.5 Minerals.

§ 9239.5-1 Ores.

(a) For ores trespass in a State where there is no State law governing such trespass, the measure of damages will be as follows:

(1) Measure of damages is the same as in the case of coal. Benson Mining and Smelting Co. v. Alta Mining and Smelting Co. (145 U.S. 428, 36 L. ed. 762; Durant Mining Co. v. Percy Consolidated Mining Co. (93 Fed. 166)).

§ 9239.5-2 Oil.

For oil trespass in a State where there is no State law governing such trespass, the measure of damages will be as follows:

(a) *Innocent trespass.* Value of oil taken, less amount of expense incurred in taking the same.

(b) *Willful trespass.* Value of the oil taken without credit or deduction for the expense incurred by the wrongdoers in getting it. Mason v. United States (273 Fed. 135).

§ 9239.5-3 Coal.

(a) *Determination of payment in coal trespass.* For coal trespass in a State where there is no State law governing such trespass, the measure of damages will be as follows:

(1) For innocent trespass, payment must be made for the value of the coal in place before severance. United States v. Homestake Mining Company (117 Fed. 481).

(2) For willful trespass, payment must be made for the full value of the coal at the time of conversion without deduction for labor bestowed or expense incurred in removing and marketing the coal. Liberty Bell Gold Mining Company v. Smuggler-Union Mining Company (203 Fed. 795). The mining of coal in trespass is presumed to be willful, in the absence of persuasive evidence of the innocence and good faith of the trespasser. United States v. Ute Coal and Coke Company (158 Fed. 20).

(b) *Coal mined when there is no lease in effect.* Any mining of coal which is not pursuant to a coal lease in effect at the time of the mining shall constitute a trespass, and the coal so mined must be paid for on a trespass basis.

(c) *Coal mined by successful bidder at public sale.* The successful bidder at public sale for a coal leasing unit does not acquire any right to mine coal until he has complied with all the formalities required by the regulations, including the furnishing of a bond, and a lease has been issued to him. Coal mined by such applicant prior to the date of the issuance of a lease is in trespass and must be paid for on a trespass basis.

(d) *Coal permit, lease, or license not to issue until trespass account settled.* No coal permit, lease, or license will be issued to anyone known to have mined coal in trespass until the trespass account is settled.

(e) *Right of surface owner to mine coal for domestic use.* The owner of land patented with a reservation of the coal deposits, either under the act of March 3, 1909 (35 Stat. 844; 30 U.S.C. 81), or under the Act of June 22, 1910 (36 Stat. 583; 30 U.S.C. 83-85), has the right to mine coal for use upon the land for domestic purposes at any time prior to the disposal by the United States of the coal deposits.

(f) *Penalties for unauthorized exploration for coal.* (1) Any person who willfully conducts coal exploration for commercial purposes without an exploration license issued under Subpart 3507 of this chapter shall be subject to a fine of not more than $1,000 for each day of violation.

(2) All data collected by said person on any Federal lands as a result of such violations shall immediately be made available to the Secretary, who shall make the data available to the public as soon as possible.

(3) No penalty under this section may be assessed unless such person is given notice and opportunity for a hearing with respect to such violation pursuant to Part 4 of this chapter.

[35 FR 9800, June 13, 1970, as amended at 41 FR 36023, Aug. 26, 1976; 42 FR 4460, Jan. 25, 1977]

§ 9239.6 Materials.

§ 9239.6-1 Turpentine.

For turpentine trespass in a State where there is no State law governing such trespass, the measure of damages will be as follows:

(a) *Innocent trespass.* Value of the gum and injury done to the trees. United States v. Taylor (35 Fed. 484).

(b) *Willful trespass.* Value of the product manufactured from the crude turpentine by the settler, or any person into whose possession same may have passed, without credit for labor bestowed on the turpentine by the wrongdoer. Union Naval Stores Co. v. United States (240 U.S. 284, 60 L. ed. 644).

§ 9239.7 Right-of-way.

§ 9239.7-1 O&C lands.

The mere filing of an application under Subpart 2800 of this chapter does not authorize the applicant to use the right-of-way in any manner or for any purpose until written permission therefor has been duly executed by the authorized officer and delivered to the applicant. Any unauthorized use of O. and C. land constitutes a trespass for which the trespasser is liable in damages to the United States. Where there has been such a trespass, no permit shall be issued to the alleged trespasser unless (a) the trespass claim is fully satisfied; or (b) the alleged trespasser files a bond conditioned upon payment of the amount of damages found by the State Director, or upon appeal by the Secretary of the Interior or his delegatee, to be due the United States; or (c) the State Director finds in writing that there is a legitimate dispute as to the fact of the alleged trespasser's liability or as to the extent of his liability and the trespasser files a bond guaranteeing payment of the amount found by a court of competent jurisdiction to be due the United States.

SOURCE: 45 FR 31276, May 12, 1980, unless otherwise noted.

Subpart 9260—Law Enforcement, General

§ 9260.0-1 Purpose.

This part establishes a single regulatory section in Title 43 where the law enforcement provisions of all the various public land use regulations can be found.

§ 9260.0-2 Objective.

To provide in a single part a compilation of all criminal violations relating to public lands that appear throughout Title 43 of the Code of Federal Regulations.

§ 9260.0-3 Authority.

Under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733), the Secretary of the Interior is authorized to issue regulations with respect to the management, use, and protection of the public lands, including property located thereon, the violation of which is punishable as a criminal offense. Section 303(c) of the Act authorizes the Secretary to enter into contracts with appropriate local officials having law enforcement authority and to authorize Federal personnel to carry out the enforcement of Federal laws and regulations relating to the public lands and their resources. Section 303(d) of the Act authorizes the Secretary to enter into cooperative agreements with State and local regulatory and law enforcement officials for the enforcement of State laws and local ordinances on the public lands. In addition to general authority under FLPMA, other specific authorities are noted where applicable.

§ 9260.0-4—9260.0-6 [Reserved]

§ 9260.0-7 Penalties.

Any person violating any provision of Part 9260 of this title shall be subject to the specific penalties as noted under this Part.

Subpart 9261–General Management—[Reserved]

Subpart 9262–Land Resource Management—[Reserved]

Subpart 9263–Minerals Management—[Reserved]

Subpart 9264—Range Management

§ 9264.0-3 Authority.

(a) The provisions of this subpart are issued under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.) and section 2 of the Taylor Grazing Act of 1934 (43 U.S.C. 315 et seq.).

(b) The provisions of § 9264.7 of this title are issued under section 8 of the Wild Free-Roaming Horse and Burro Act of 1971 (16 U.S.C. 1331 et seq.).

§ 9264.1 Grazing Administration—Exclusive of Alaska.

Persons performing the following prohibited acts on public and other lands under Bureau of Land Management control may be subject to criminal penalties under § 9264.1 (1) of this title:

(a) Allowing livestock on or driving livestock across these lands without a permit or lease or in violation of the terms and conditions of a permit or lease, either by exceeding the number of livestock authorized, or by allowing livestock to be on these lands in an area or at a time different from that designated;

(b) Installing, using, maintaining, modifying, and/or removing range improvements without authorization;

(c) Cutting, burning, spraying, destroying, or removing vegetation without authorization;

(d) Damaging or removing United States property without authorization;

(e) Molesting livestock authorized to graze on these lands;

(f) Littering;

(g) Violating any provision of 43 CFR Part 4700 concerning the protection and management of wild free-roaming horses and burros;

(h) Violating any Federal or State laws or regulations concerning conservation or protection of natural and cultural resources or the environment including, but not limited to, those relating to air and water quality, protection of fish and wildlife, plants, and the use of chemical toxicants;

(i) Interfering with lawful uses or users;

(j) Knowingly or willfully making a false statement or representation in base property certification, grazing applications, and/or amendments thereto;

(k) Allowing privately owned or controlled indigenous animals on or driving them across these lands without a permit or lease or in violation of the terms and conditions of a permit or lease, either by exceeding the number of animals authorized, or by allowing indigenous animals to be on these lands in an area or at a time different from that designated.

(43 CFR 4140.1(b))

(l) Penalties.

(1) Under section 2 of the Taylor Grazing Act of 1934 (43 U.S.C. 315 et seq.), any person who willfully violates the provisions of § 9264.1 of this title or of approved special rules and regulations is punishable by a fine of not more than $500.

(43 CFR 4170.2-1)

(2) Under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.), any person who knowingly and willfully violates the provisions of § 9264.1 of this title or of approved special rules and regulations may be brought before a designated United States magistrate and is punishable by a fine of not more than $1,000 or imprisonment for no more than 12 months, or both.

(43 CFR 4170.2-2)

§ 9264.2 Grazing Administration-Alaska; Livestock. [Reserved]

§ 9264.3 Grazing Administration-Alaska; Reindeer. [Reserved]

§ 9264.7 Wild Free-Roaming Horse and Burro Protection, Management, and Control.

(a) *Prohibited Acts.* In accordance with section 8 of the Wild Free-Roaming Horse and Burro Act (16 U.S.C. 1338), any person who:

(1) Willfully removes or attempts to remove a wild free-roaming horse or burro from the public lands, without authority from the authorized officer, or

(2) Converts a wild free-roaming horse or burro to private use, without authority from the authorized officer, or

(3) Maliciously causes the death or harassment of any wild free-roaming horse or burro, or

(4) Processes, or permits to be processed, into commercial products the remains of a wild free-roaming horse or burro, or

(5) Sells, directly or indirectly, a wild free-roaming horse or burro, or the remains thereof, which have not lost their status as a wild free-roaming horse of burro, or

(6) Uses a wild free-roaming horse or burro for commercial exploitation, or

(7) Causes or is responsible for the inhumane treatment of a wild free-roaming horse or burro, or

(8) Uses a wild free-roaming horse or burro for bucking stock, or

(9) Fails, upon written notice, to produce for inspection by an authorized officer those animals assigned to him for private maintenance under a cooperative agreement, or

(10) Fails to notify the authorized officer of the death of a wild free-roaming horse or burro within 7 days of death pursuant to § 4740.4-2(f) of this title, or

(11) Removes or attempts to remove, alters or destroys any official mark identifying a wild horse or burro, or its remains, or

(12) Being the assignee of a wild free-roaming horse or burro, or having charge or custody of the animal, abandons the animal without making arrangements for necessary food, water and shelter, or

(13) Being the assignee of a wild free-roaming horse or burro, or having charge or custody of the animal, fails to diligently pursue in an attempt to capture the escaped animal, or

(14) Accepts for slaughter or destruction a horse or burro bearing an official Bureau of Land Management identification mark, and which is not accompanied by a certificate that title to the animal has been transferred, or

(15) After acceptance of an animal for slaughter or destruction, fails to retain for one year the certificate of title to a horse or burro bearing an official Bureau of Land Management identification mark, or

(16) Willfully violates any provisions of the regulations under § 9264.7 of this title shall be subject to a fine of not more than $2,000 or imprisonment for not more than 1 year, or both. Any person so charged with such violation by the authorized officer may be tried and sentenced by a U.S. Commissioner or magistrate, designated for that purpose by the court by which he/she was appointed, in the same manner and subject to the same conditions as provided in section 3401, Title 18, U.S.C.

(43 CFR 4760.2; 18 U.S.C. 3401)

Subpart 9265—Timber Management

§ 9265.0-3 Authority.

The provisions of § 9265.5 of this title are issued under sections 1852 and 1853 of Title 18 of the United States Code unless otherwise specified.

§ 9265.4 Sales of Forest Products, General. [Reserved]

§ 9265.5 Non-Sale Disposals, General.

(a) *Free use of timber on mineral and non-mineral public lands.* Where permits are secured by fraud, or where timber is not taken or used in accordance with the terms of the law or §§ 5510.0-3(a) and 5511.1-1(a) to § 5511.1-1(g) of this title, the Government may enforce the same civil and criminal liabilities as in other cases of timber trespass upon public lands. For criminal liability, see 18 U.S.C. 1852.

(43 CFR 5511.1-1(f)(3))

(b) *Free use of timber upon oil and gas leases.* Where permits are secured by fraud or timber is not used in accordance with § 5511.1-4 of this title, the Government will enforce the same civil and criminal liabilities as in other cases of timber trespass upon public lands.

(43 CFR 5511.1-4(e))

(c) *Unauthorized cutting of timber.* The cutting of timber from the public land in Alaska, other than in accordance with the terms of the law and §§ 5511.2-1 to 5511.2-6 of this title will render the persons responsible liable to the United States in a civil action for trespass and such persons may be prosecuted criminally under Title 18, U.S. Code, or under State law.

(43 CFR 5511.2-5)

(d) *Penalties.* Sections 1852 and 1853 of Title 18, United States Code, provide:

(1) *Timber removed or transported.* (i) Whoever cuts, or wantonly destroys any timber growing on the public lands of the United States; or

(ii) Whoever removes any timber from said public lands, with intent to export or to dispose of the same; or

(iii) Whoever, being the owner, master, pilot, operator, or consignee of any vessel, motor vehicle, or aircraft or the owner, director, or agent of any railroad, knowingly transports any timber so cut or removed from said lands, or lumber manufactured therefrom, shall be fined not more than $1,000 or imprisoned not more than one year, or both.

This section shall not prevent any miner or agriculturist from clearing his land in the ordinary working of his mining claim, or in the preparation of his farm for tillage, or from taking the timber necessary to support his improvements, or the taking of timber for the use of the United States; nor shall it interfere with or take away any right or privilege under any existing law of the United States to cut or remove timber from any public lands.

(18 U.S.C. 1852)

(2) *Trees injured or cut.* Whoever unlawfully cuts, or wantonly injures or destroys any tree growing, standing, or being upon any land of the United States which, in pursuance of law, has been reserved or purchased by the United States for any public use, or upon any Indian reservation, or lands belonging to or occupied by any tribe of Indians under the authority of the United States, or any Indian allotment while the title to the same shall be held in trust by the Government, or while the same shall remain inalienable by the allottee without the consent of the United States, shall be fined not more than $1,000 or imprisoned not more than one year, or both.

(18 U.S.C. 1853)

Subpart 9266—Wildlife Management

§ 9266.0-3 Authority.

The provisions of this subpart are issued under section 5 of the Outer Continental Shelf Lands Act of 1953 (43 U.S.C. 1334).

§ 9266.4 Viable Coral Communities.

(a) *Requirement for a permit.* No person shall engage in any operation which directly causes damage or injury to a viable coral community that is located on the Outer Continental Shelf without having obtained a permit for said operations.

(43 CFR 6224.1-1)

(b) *Penalty.* Any person who knowingly and willingly violates the regulations of § 9266.4 of this title shall be guilty of a misdemeanor and punishable by a fine of not more than $2,000 or imprisonment for not more than 6 months or by both such fine and imprisonment. Each day of violation shall be deemed a separate offense.

(43 CFR 6224.5)

Subpart 9267—Water Management—[Reserved]

Subpart 9268—Recreation Programs

§ 9268.0-3 Authority.

The provisions of this subpart are issued under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733), and other authorities where specifically noted.

(43 CFR 8340.0-3)

§ 9268.1 Cultural Resource Management. [Reserved]

§ 9268.2 Natural History Resource Management Procedures. [Reserved]

§ 9268.3 Recreation Management—Procedures.

(a) *Off-road vehicles, use of public lands*—(1) *Applicability.* The regulations in this subpart apply to all public lands, roads and trails under administration of the Bureau of Land Management.

(43 CFR 8340.0-8)

(2) *Conditions of use—regulations governing use.* (i) The operation of off-road vehicles is permitted on those areas and trails designated as open to off-road vehicle use.

(ii) Any person operating an off-road vehicle on those areas and trails designated as limited shall conform to all terms and conditions of the applicable designation orders.

(iii) The operation of off-road vehicles is prohibited on those areas and trails closed to off-road vehicle use.

(iv) It is prohibited to operate an off-road vehicle in violation of State laws and regulations relating to use, standards, registration, operation, and inspection of off-road vehicles. To the extent that State laws and regulations do not exist or are less stringent than the regulations in Part 8340 of this title, the regulations in this Part are minimum standards and are controlling.

(v) No person may operate an off-road vehicle on public lands without a valid State operator's license or learner's permit. Exceptions are:

(A) A person under the direct supervision of an individual 18 years of age or older who has a valid operator's license and who is responsible for the acts of the person supervised.

(B) A person certified by State government as competent to drive off-road vehicles after successfully completing a State approved operator's training program.

(C) Operation of an off-road vehicle in areas of Alaska designated by the Bureau's State Director for Alaska.

(vi) Any person supervising a nonlicensed driver shall be responsible for the operation of the vehicle and shall be responsible for the actions of the driver.

(vii) No person shall operate an off-road vehicle on public lands:

(A) In a reckless, careless, or negligent manner;

(B) In excess of established speed limits;

(C) While under the influence of alcohol, narcotics, or dangerous drugs;

(D) In a manner causing, or likely to cause significant, undue damage to or disturbance of the soil, wildlife, wildlife habitat, improvements, cultural, or vegetative resources or other authorized uses of the public lands; and

(E) During night hours, from a half-hour after sunset to a half-hour before sunrise, without lighted headlights and taillights.

(viii) Drivers of off-road vehicles shall yield the right-of-way to pedestrians, saddle horses, pack trains, and animal-drawn vehicles.

(ix) Any person who operates an off-road vehicle on public lands must comply with the regulations in Part 8340 and § 8341.2 of this title as applicable, while operating such vehicle on public lands.

(43 CFR 8341.1)

(3) *Vehicle operations—standards.* (i) No off-road vehicle may be operated on public lands unless equipped with brakes in good working condition.

(ii) No off-road vehicle equipped with a muffler cutout, bypass, or similar device, or producing excessive noise exceeding Environmental Protection Agency standards, when established, may be operated on public lands.

(iii) By posting appropriate signs or by marking a map which shall be available for public inspection at local Bureau offices, the authorized officer may indicate those public lands upon which no off-road vehicle may be operated unless equipped with a properly installed spark arrester. The spark arrester must meet either the U.S. Department of Agriculture—Forest Service Standard 5100-1a, or the 80 percent efficiency level standard when determined by the appropriate Society of Automotive Engineers (SAE) Recommended Practices J335 or J350. These standards include, among others, the requirements that:

(A) The spark arrester shall have an efficiency to retain or destroy at least 80 percent of carbon particles for all flow rates, and

(B) The spark arrester has been warranted by its manufacturer as meeting this efficiency requirement for at least 1,000 hours subject to normal use, with maintenance and mounting in accordance with the manufacturer's recommendation. A spark arrester is not required when an off-road vehicle is being operated in an area which has 3 or more inches of snow on the ground.

(iv) Vehicles operating during night hours, from a half-hour after sunset to a half-hour before sunrise, shall comply with the following:

(A) Headlights shall be of sufficient power to illuminate an object at 300 feet at night under normal, clear atmospheric conditions. Two- or three-wheeled vehicles or single-tracked vehicles will have a minimum of one headlight. Vehicles having four or more wheels or more than a single track will have a minimum of two headlights, except double tracked snowmachines with a maximum capacity of two people may have only one headlight.

(B) Red taillights, capable of being seen at a distance of 500 feet from the rear at night under normal, clear atmospheric conditions, are required on vehicles in the same numbers as headlights.

(43 CFR 8343.1)

(4) *Penalties.* Any person who violates or fails to comply with the regulations of § 9268.3 of this title is subject to arrest, conviction, and punishment pursuant to appropriate laws and regulations. Such punishment may be a fine of not more than $1,000 or imprisonment for not longer than 12 months, or both.

(43 CFR 8340.0-7)

(b) *Management areas.* [Reserved]

(c) *Operations—Rules of conduct—*(1) *Developed sites and areas.* The following rules are adopted to protect public property and to conserve the resources in developed recreation sites for public use and enjoyment. The user shall not:

(i) Intentionally or wantonly destroy, deface or remove any natural feature or plant;

(ii) Intentionally or wantonly destroy, injure, deface, remove, or disturb in any manner any public building, sign, equipment, marker, or other structure or property.

(43 CFR 8363.1-6)

(2) *Undeveloped sites and areas—prohibited activities.* In the use of lands for public outdoor recreation purposes, no one shall:

(i) Intentionally or wantonly destroy, deface, injure, sign, remove or disturb any public building, sign, equipment, marker, or other public property;

(ii) Harvest or remove any vegetative or mineral resources or object of antiquity, historic, or scientific interest unless such removal is in accordance with Part 3 or § 8363.2-1 of this title, or is otherwise authorized by law;

(iii) Appropriate, mutilate, deface, or destroy any natural feature, object of natural beauty, antiquity, or other public or private property;

(iv) Dig, remove, or destroy any tree or shrub;

(v) Gather or collect renewable or nonrenewable resources for the purpose of sale or barter unless specifically permitted or authorized by law;

(vi) Drive or operate motorized vehicles or otherwise conduct himself in a manner that may result in unnecessary frightening or chasing of people or domestic livestock and wildlife;

(vii) Use motorized mechanical devices or explosives for digging, scraping, or trenching for purposes of collecting.

(43 CFR 8363.2-2)

(3) *Penalties.* Any person who knowingly and willfully violates any rule of conduct described in §§ 9268.3(c)(1) and (2) of this title shall be fined not more than $1,000 or imprisoned for not more than 12 months, or both.

(43 CFR 3, 16 U.S.C. 433; and 43 CFR 8363.5)

(d) *Operations—closures—*(1) *Closure of Lands.* In the management of lands to protect the public and assure proper resource utilization, conservation, and protection, public use and travel may be temporarily restricted. For instance, areas may be closed during period of high fire danger or unsafe conditions, or where use will interfere with or delay mineral development, timber and livestock operations, or other authorized use of the lands. Areas may also be closed temporarily to:

(i) Protect the public health and safety;

(ii) Prevent excessive erosion;

(iii) Prevent unnecessary destruction of plant life and wildlife habitat;

(iv) Protect the natural environment;

(v) Preserve areas having cultural or historical value; or

(vi) Protect scientific studies or preserve scientific values.

(43 CFR 8364.1)

(2) *Penalties.* Any person who knowingly and willfully violates any closure order issued under § 9268.3(c)(2) of this title shall be fined not more than $1,000 or imprisoned for not more than 12 months, or both.

(43 CFR 8364.2)

(e) *Use authorization*—(1) *Rules for visitor uses, other than on developed recreation sites—enforcement.* Failure to pay any fee or failure to obtain a permit required by Subpart 8372 of this title or operating with a suspended permit shall be punishable pursuant to the Federal Land Policy and Management Act of 1976, the Land and Water Conservation Fund Act, as amended, the Wild and Scenic Rivers Act, the National Trails Act, the Sikes Act, and other laws when applicable [see § 9268.3(e)(2)].

(43 CFR 8372.0-7)

(2) *Penalties.* (i) Section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733) provides: any person who knowingly and willfully violates any such regulation which is lawfully issued under this Act shall be fined no more than $1,000 or imprisoned no more than twelve months, or both. Any person charged with a violation of such regulation may be tried and sentenced by any United States magistrate designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions and limitations as provided for in section 3401 of Title 18 of the United States Code.

(ii) Section 2, Land and Water Conservation Fund Act of 1964 (16 U.S.C. 460 *1*-6a), provides that any person violating the rules and regulations issued under section 460 *1*-6e of Title 16 of the United States Code shall be punishable by a fine of not more than $100.

Any person so arrested may be tried and sentenced by any United States magistrate specifically designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions as provided for in Title 18, United States Code, section 3401, subsections (b), (c), (d), and (e), as amended.

(iii) Section 204(a) of the Sikes Act of 1974 (16 U.S.C. 670g-n), provides that:

(A) Any person who hunts, traps, or fishes on any public land which is subject to a conservation and rehabilitation program implemented under this Act without having on his person a valid public land management area stamp, if the possession of such a stamp is required, shall be fined not more than $1,000, or imprisoned for not more than 6 months, or both.

(B) Any person who knowingly violates or fails to comply with any regulations prescribed under section 670h(c)(5) of Title 16 of the United States Code shall be fined not more than $500, or imprisoned not more than six months, or both.

(iv) Section 7 of the National Trails Act of 1968 (16 U.S.C. 1241-1249), provides: Any person who violates such regulations issued under section 1246 (i) of Title 16 of the United States Code, and deemed necessary by the Secretary of the Interior, shall be guilty of a misdemeanor, and may be punished by a fine of not more than $500, or by imprisonment not exceeding 6 months, or by both such fine and imprisonment.

[45 FR 31276, May 12, 1980, as amended at 46 FR 46810, Sept. 22, 1981]

§ 9268.4 Visual Resource Management. [Reserved]

§ 9268.5 Wilderness Management. [Reserved]

§ 9268.6 Environmental Education and Protection. [Reserved]

Subpart 9269—Technical Services

§ 9269.0-3 Authority.

(a) The provisions of this subpart are issued under the authority of R.S. 2478; 43 U.S.C. 1201.

(b) In addition to liability for trespass on the public lands, as indicated in Parts 9230 and 9260 of this title, persons responsible for such trespass may be prosecuted criminally under any applicable Federal law. Penalties are prescribed by the following statutes:

(1) Timber trespass. 18 U.S.C. 1852, 1953.

(2) Turpentine trespass. 18 U.S.C. 1854.

(3) Coal trespass. 18 U.S.C. 1851, 30 U.S.C. 201(b)(4).

(43 CFR 9239.0-3)

§ 9269.3 Criminal Trespass.

§ 9269.3-1 General Management. [Reserved]

§ 9269.3-2 Land Resource Management. [Reserved]

§ 9269.3-3 Minerals Management.

(a) *Oil and gas leasing.* [Reserved]

(b) *Geothermal resources leasing.* [Reserved]

(c) *Outer continental shelf leasing.* [Reserved]

(d) *Coal management*—(1) *Trespass.* Mining operations conducted prior to the effective date of a lease shall constitute an act of trespass and be subject to penalties specified in § 9239.5 of this title.

(43 CFR 3430.7)

(2) *Penalty for unauthorized exploration for coal.* (i) Any person who willfully conducts coal exploration for commercial purposes without an exploration license issued under subpart 3410 of this title shall be subject to a fine of not more than $1,000 for each day of violation.

(ii) All data collected by said person on any Federal lands as a result of such violations shall immediately be made available to the Secretary, who shall make the data available to the public as soon as possible.

(iii) No penalty under this section may be assessed unless such person is given notice and opportunity for a hearing with respect to such violation pursuant to Part 4 of this title.

(43 CFR 9239.5-3(f))

(e) *Minerals other than oil, gas and coal.* [Reserved]

(f) *Minerals materials disposal.* [Reserved]

(g) *Multiple use mining.* [Reserved]

(h) *Mining claims under the general mining laws.* [Reserved]

§ 9269.3-4 Range Management.

(a) *Grazing administration—exclusive of Alaska*—(1) *Unlawful enclosures or occupancy.* Section 1 of the Act of February 25, 1885 (43 U.S.C. 1061), declares any enclosure of public lands made or maintained by any party, association, or corporation who "had no claim or color of title made or acquired in good faith, or an asserted right thereto, by or under claim, made in good faith with a view to entry thereof at the proper land office under the general laws of the United States at the time any such enclosure was or shall be made" to be unlawful and prohibts the maintenance or erection thereof. (See § 9269.3-4(a)(2) of this title.

(43 CFR 9239.2)

(2) *Penalties.* Under section 4 of the Act of February 25, 1885 (43 U.S.C. 1064), any person violating any of the provisions of this Act, whether as owner, part owner, or agent, or who shall aid, abet, counsel, advise, or assist in any violation hereof, shall be deemed guilty of a misdemeanor and fined a sum not exceeding $1,000, or be imprisoned not exceeding one year, or both, for each offense.

(b) *Grazing administration; Alaska; livestock.* (1) Grazing livestock upon, allowing livestock to drift and graze on, or driving livestock across lands that are subject to lease or permit under the provisions of Part 9230 of this title or within an stock driveway, without a lease or other authorization from the Bureau of Land Management, is prohibited and constitutes trespass. Trespassers will be liable in damages to the United States for forage consumed and for injury to Federal property, and may be subject to criminal prosecution for such unlawful acts. A lessee who grazes livestock in violation of the terms and conditions of his lease by exceeding numbers specified, of by allowing the livestock to be on Federal land in an area or at a time different from that designated in his lease shall be in default and shall be subject to the provisions of § 4220.7 (g) and (h) of this title.

(43 CFR 9239.3(b))

(2) *Penalties.* Under section 2 of the Taylor Grazing Act, any person who willfully grazes livestock in such areas without such authority shall, upon conviction, be punished by a fine of not more than $500.

(43 CFR 9239.3(b))

(c) *Grazing administration; Alaska; reindeer.* (1) Any use of the Federal lands for reindeer grazing purposes, unless authorized by a valid permit issued in accordance with the regulations in Part 4300 of this title, is unlawful and is prohibited.

(43 CFR 9239.3(a)(1))

(2) *Penalties.* Any person who willfully violates any of the rules and regulations in Part 4300 of this title shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by imprisonment for not more than one year, or by a fine of not more than $500.

(43 CFR 9239.3(a)(2))

(d) *Wild free-roaming horse and burro protection, management, and control.* [Reserved]

§ 9269.3-5 Timber Management.

(a) *Sales of forest products; general.* [Reserved]

(b) *Non-sale disposals; general*—(1) *Unauthorized cutting of timber-mineral and non-mineral lands.* (i) The cutting or removing of the timber referred to in §§ 5511.1 to 5511.1-4 of this title in any other manner than that authorized by such sections will be considered a trespass.

(ii) The cutting of timber for sale and speculation, or for use by others than the permittee, is strictly prohibited.

(iii) Where permits are secured by fraud or timber is not used in accordance with § 5511.1-4 of this title, the Government will enforce the same civil and criminal liabilities as in other cases of timber trespass upon public lands.

(43 CFR 9239.1-1)

(2) *Unauthorized cutting of timber—Alaska.* The cutting of the timber from the public land in Alaska, other than in accordance with the terms of the law and §§ 5511.2 to 5511.2-6 of this title shall render the persons responsible for trespass and such persons may be prosecuted criminally under Title 18, U.S. Code (see § 9265.5(d) of this title), or under State law.

Appendix—Table of Public Land Orders, 1942–1981

No.	Date	Subject	7 FR page
	1942		
1	June 20	California, withdrawing public lands for use of the War Department for campsite and maneuver purposes.	4866
2	June 22	Arizona, withdrawal of land for use in connection with the San Carlos Indian Irrigation Project.	4805
3	June 23	California, withdrawing public lands for use as sources of sand, water, etc., supply for Sierra Ordnance Depot, War Department.	4866–7
4	June 25	Florida, withdrawal of lands for use as aerial gunnery range, War Department.	4934
5	June 26	Alaska, withdrawal of public lands for military purposes[1]	
6	June 26	Nevada, withdrawing public lands for War Department air base	5281
7	June 29	New Mexico, withdrawing public lands for War Department air base	5281
8	June 30	Arizona, withdrawing public lands for national defense purposes	5281
9	July 3	New Mexico, withdrawing lands for War Department practice bombing range.	5449
10	July 8	South Dakota, withdrawing public lands War Department ordnance depot.	5449
11	July 8	Oregon, withdrawing public lands for use of War Department campsite.	5575
12	July 20	Alaska, withdrawing public lands pending definite location and construction of Canadian-Alaskan military highway.	5917
13	July 21	Colorado, withdrawing public lands for military purposes	5917
14	July 21	California, withdrawing public lands for Naval supply depot	5917
15	July 21	Utah, withdrawing lands as ammunition storage depot for Chemical Warfare Service.	5917–8
16	July 21	Arizona, withdrawal of lands for War Department field artillery range	5918
17	July 21	Alaska, air navigation site withdrawal No. 179[3]	
18	July 29	New Mexico, withdrawing public land for use of War Department practice bombing range.	6230
19	Aug. 4	Alaska, enlarging Air Navigation Site withdrawal No. 149[3]	
20	Aug. 4	Alaska, withdrawing public lands for use of the War Department for military purposes[1].	
21	Aug. 6	New Mexico, withdrawal of public lands for practice bombing range for War Department.	6376
22	Aug. 6	Arizona, withdrawing public lands for bombing range, War Department.	6376
23	Aug. 7	Washington, withdrawal for Swift Creek Administrative site, in connection with Columbia National Forest.	6622
24	Aug. 11	Wyoming, withdrawal for military purposes	6500
25	Aug. 12	California, withdrawal of public lands for defense training school for aircraft pilots.	6607
26	Aug. 12	California, withdrawal of public lands for War Department campsite	6690–1
27	Aug. 12	Nevada, withdrawal for military purposes	6691
28	Aug. 12	California, withdrawal for military purposes	6691
29	Aug. 14	Idaho, partial revocation of Executive Order No. 4796 of Jan. 19, 1928, and air navigation site withdrawal No. 106.	6691
30	Aug. 14	Florida, withdrawal of lands for Department of the Navy	7182
31	Aug. 14	California, withdrawal of public lands for War Department air base	6691
32	Aug. 18	Alaska, withdrawal of public lands in aid of construction of Trans-Canadian Alaskan Railway.	6780
33	Aug. 20	Utah, withdrawal of public lands for prosecution of the war	6907–8
34	Aug. 25	Alaska, withdrawal of public lands for military purposes	7039–40
35	Aug. 27	Idaho, Utah, Wyoming, withdrawal of public lands for military purposes.	7040
36	Sept. 7	Alaska, withdrawal of public lands for military purposes[1]	
37	Sept. 7	Wisconsin, withdrawal of public lands for military purposes	7295
38	Sept. 8	Washington, withdrawal for Navy Department aviation purposes	7295

See footnotes at end of table.

INDEX

(AS OF OCTOBER 1, 1981)

A

Acquired lands:	
Mineral collection permits	Subpart 3541
Mineral leasing (coal only)	Part 3400
Mineral leasing (other than coal)	Part 3500
Acquisitions (donations and purchases)	Group 2100; Subtitle A Part 8
Activity planning	§ 3420.4
Adjudication, equitable	§ 1871.1
Adjudication principles & procedures	Subpart 1871
Adverse claims, mineral	Part 3870
Advertising displays (billboards)	Subpart 2921
Advisory boards	Subpart 1784
Airports:	
Federal Air Airport Act	§ 2640.0-3
Leases	§ 2911.0-3
Segregative effect of application	§ 2091.2-2
Withdrawals	§ 2317.0-3
Alaska Native Selections	Part 2650
Generally	Subpart 2650
Miscellaneous Selections	Subpart 2653
Native Reserves	Subpart 2653
Regional Selections	Subpart 2652
Village Selections	Subpart 2651
Alaska Public Sale Act	Subpart 3822
Allotment:	
Native allotments generally	Subpart 2530
Native allotments in Alaska	Subpart 2561
Segregative effect of application	§ 2091.2-1
Amendment of entries and patents	§ 1821.6-1
Antiquities Act	Subtitle A, Part 3
Appeals	§ 1840.1; Subtitle A, Part 4
Applications:	
General procedures	Part 1820
Grazing—Alaska—Livestock	§ 4220.2
Grazing—Alaska—Reindeer	§ 4320.1
Grazing—Exclusive of Alaska	§ 4130.1
Lands in more than one land district	§ 1821.5
Reinstatement of canceled entries	Subpart 1826
Recreation use permit	§ 8372.2
Repayments	§§ 1822.2-1. 1822.3-4
Notations	§ 1821.4
Time limit for filing	§ 1821.2-2
Areas:	
Critical environmental concern, areas of	§ 1601.6-7
Designated national	Subpart 8351
Designation, Areas and Trails (Off-Road Vehicles)	Subpart 8342
Developed sites and (conduct)	§ 8363.1
Established	Subpart 8352
Management	Part 8350
Outstanding natural	§ 8351.2
Primitive	§ 8352.4

Areas—Continued
  Research natural .... Subpart 8223
  Scenic .... § 8352.3
  Special, Rules for visitor uses .... § 8372.1-2
Arkansas drainage .... Subpart 2784
Arkansas—erroneously meandered lands .... Subpart 2543
Asphalt in Oklahoma .... Subpart 3562
Asphalt leases .... Part 3500.0-3(a)
Assessments—filing proofs .... Part 3833
Authority to bind government .... § 1810.3
Authorizations .... Part 8370
Availability of official records .... Subtitle A, Part 2

B

Bath houses, lease for .... § 2311.4
Bonds: (Generally) .... Subpart 1822
Burros .... Part 4700

C

Cabin sites .... Subtitle A, Part 2
Cadastral survey .... Part 9180
Canceled entries, reinstatement of .... Subpart 1826
Cemeteries .... Part 2750
Certified Mail .... § 1821.2-4
Choctaw-Chickasaw Lands .... Subpart 2781
Classification, land:
  Criteria and procedures .... Group 2400
  Policies and programs 1720
  Segregative effect .... § 2091.3
Closures .... Subpart 8364
Coal lands:
  Fissionable source materials .... Part 3720
  Nonmineral entries .... §§ 2093.2, 2511.4-4
Coal leases:
  Applications for .... Subpart 3425
  Assignments .... Subpart 3453
  Bonds .... Subpart 3474
  Exchanges .... Subparts: 3435, 3436, 3437
  Fees, rentals, royalties .... Subpart 3473
  Lease terms .... Subpart 3475
  Modifications .... Subpart 3432
  Negotiated sales and rights-of-way .... Subpart 3431
  Qualification requirements .... Subpart 3472
  Readjustments .... Subpart 3451
  Relinquishment, cancellation and termination .... Subpart 3452
Coal leasing:
  Competitive leasing .... Subpart 3420
  Generally .... Part 3400
  Preference right leases .... Subpart 3430
  Special leasing opportunities .... § 3420.1-4
  Split estate leasing .... Subpart 3427, § 3400.0-5(tt)
Coal management (Generally) .... Group
Coal management responsibility:
  Bureau of Land Management .... §§ 3400.0-4(a), 3410.0-4(a), 3420.1-5(b)(1)
  Fish and Wildlife Service .... § 3400.0-4(d)
  Geological Survey .... §§ 3400.0-4(b), 3410.0-4(b)
  Office of Surface Mining .... § 3400.0-4(c)
Coal trespass .... § 3430.7, 9239.5-3
Color-of-Title .... Part 2540

Index

Common varieties ... Subpart 3711
Conditions of Use—Off-Road Vehicles ... Subpart 8341
Construction, rules of (words & phrases) ... § 1810.1
Consultation, cooperation:
  Attorney general ... §§ 3420.5-5, 3422.3-4, 3435.3-7
  Indian tribes ... § 1601.4, 3400.3-4, 3420.2-6, § 3420.5-4
  State ... §§ 1601.4, 3400.4, 3420.2-6, § 3420.5-3, 3434.3-6
  Surface management agency ... § 3400.3-1, 3410.25, 3420.2-5
  Surface owner ... §§ 1601.3, 3420.6
Contributions ... Part 2110
Conveyance—Federally owned minerals ... Part 2720
Conveyancing documents ... Part 1860
Cooperative Relations ... Part 1780
Coordination (planning process) ... § 1601.4
Coral communities ... Subpart 6224
Court, production of records in ... § 1813.3
Cultural resource management ... Group 8100

D

Desert Land Act ... Subpart 2520
Designation:
  Land Resource ... Part 2070
  Management Areas ... Part 8350
  National Areas ... Subpart 8351
  Off-Road Vehicle areas and trails ... Subpart 8343
Disaster Relief ... Subpart 1815
Disposal:
  Classifications ... Part 2430
  Programs and objectives ... Part 1720
Dispositions—sales of mineral interests ... Part 2720
District Advisor Boards ... § 1784.7
Donations ... Part 2110
Drainage ... § 3100.3

E

Employees—interest in lands & resources ... Subtitle A, Part 7
Employees, Testimony of ... Subtitle A, Part 2
Enclosures, unlawful ... § 9239.2
Engineering ... Group 9100
Enlarged homesteads ... Subpart 2514
Environmental considerations:
  Cultural resources ... § 3410.2-3
  Policy ... § 2725.3-2
  Power transmission lines ... § 2851.2-1(c)
  Surface management and protection ... Subpart 3462
  Threatened and endangered species ... § 3410.2-4
  Unsuitability for coal mining ... Subpart 3461
Equitable adjudication ... § 1871.1
Erroneously meandered lands:
  Arkansas ... Subpart 3543
  Louisiana ... Subpart 2544
  Wisconsin ... Subpart 2545
  Errors in patents and entries ... § 182.6
Established areas ... Subpart 8352
Exchanges ... Group 2200; Group 3400
  Coal land (Alluvial valley) ... Subpart 3437
  Coal lease ... Subpart 3435
  Coal lease (Alluvial valley) ... Subpart 3436
  Migratory bird or other wildlife refuges ... Part 2250

Exchanges—Continued
  National forests ... Subpart 2230
  National parks and monuments ... Part 2240
  Reservations or holdings (Indian) ... Subpart 2271
  O&C ... Part 2260
  Reclamation ... Subpart 2272
  State exchanges, segregative effect of ... § 2091.2-3
  Taylor Grazing Act (Private exchanges) ... Part 2220
  Taylor Grazing Act (State exchanges) ... Subpart 2211

F

Federal Aid Airport Act ... Subpart 2640
Federal Power Act ... Subpart 2344
Fees:
  Alaska, Livestock grazing ... § 4220.4
  Alaska, Reindeer ... § 4320.2
  Exclusive of Alaska ... § 4130.5
  Remittance of ... § 1822.1-2
Filling:
  Time limit applications ... § 1821.2-2
  Townships plats ... § 1813.1-2
Final proof—generally ... Subpart 1823
Financial assistance, local government ... Part 1880
Fish and Wildlife, preservation, use and management ... Subtitle A, Part 24
Fissionable source materials ... Subpart 3746
Flathead Irrigation district, Montana ... § 2515.8
Forest management ... Group 5000
Forest product disposal ... Group 5400
Free use ... Part 3620
  Fur Farms Alaska ... Subpart 2916
  Grazing—Alaska—livestock ... § 4220.6
  Grazing—Exclusive of Alaska ... § 4130.3
  Mineral materials ... Subpart 3621
  Timber ... Subpart 5510

G

General Allotment Act of February 8, 1887 ... Subpart 2530
Geophysical Exploration ... Part 3040
Geothermal Resources Leasing ... Part 3200
  Available Lands; Limitations; Unit Agreements ... Subpart 3201
  Competitive leasing ... Part 3220
  Exploration Operations ... Subpart 3209
  General ... Subpart 3200
  Lease Bonds ... Subpart 3206
  Leasing terms ... Subpart 3203
  Qualifications of Lessees ... Subpart 3202
  Service Charges, Rentals and Royalties ... Subpart 3205
  Surface Management Requirements ... Subpart 3204
  Utilization—power plant sites ... Subpart 3250
Gifts of property ... Part 2110
Grants to States ... Subpart 2620
Grazing:
  Administration—Alaska—livestock ... Part 4200
  Administration—Alaska—reindeer ... Part 4300
  Administration—Exclusive of Alaska ... Part 4100
  Appeals—Exclusive of Alaska ... § 4160.4
  Applications—Alaska—livestock ... § 4220.2
  Applications—Alaska—reindeer ... § 4320.1
  Applications—Exclusive of Alaska ... § 4130.1
  Decisions—Exclusive of Alaska ... Subpart 4160

Index

Grazing—Continued
- Hearings—Alaska—livestock .... § 4240.2
- Hearings—Exclusive of Alaska .... § 4160.4; Subtitle A, Part 4

- Trespass—Alaska—reindeer .... Subpart 4340, § 9239.3
- Unauthorized grazing use—Exclusive of Alaska .... Subpart 4150

H

Headquarters sites, Alaska .... § 2563.0-3(a)

Hearing Procedures .... Part 1850

Hearings:
- Coal .... § 3420.2-4
- General .... Subtitle A, Part 4
- Grazing—Alaska—livestock .... § 4240.2
- Grazing—exclusive of Alaska .... § 4160.4; Subtitle A, Part 4
- Mining claims .... Subpart 3713
- Multiple mineral development .... Subpart 3743
- Possessory claims of Natives in Alaska .... Subpart 1855

Helium:
- Conservation .... Subtitle A, Part 16
- Generally .... Subpart 3745
- Outer Continental Shelf .... § 3300.3
- Ownership & Rights .... § 3100.1
- Reserves .... § 3101.1-1(a)(6)

Highways, rights-of-way for .... Subpart 2821

Homesites, Alaska .... § 2563.0-3

Homesteads:
- Generally .... Part 2500
- Neterans privileges .... 2096.2-5(a)

Horses .... Part 4700

Hot Springs .... § 2311.0-3(b)

Hotels, leases for .... § 2311.4

I

Indemnity Selections, State .... Subpart 2611

Indian allotments:
- Generally .... Subpart 2530
- Segregative effect .... § 2091.2-1

Indian land:
- Exchanges .... Subpart 2271

Indian reservation in Alaska .... § 2325.1

K

King Range National Conservation Area:
- Acquisition of lands .... Subpart 2130
- Condemnation .... Subpart 2137
- Exchanges .... Subpart 2274
- Gifts .... § 2110.0-3(c)
- Special mining laws .... Subpart 3827

L

Laches .... § 1810.3
Land classification .... Group 2400
Land disposal policy .... § 1725.2
Land offices hours .... § 1821.2-1
Land use permits .... Part 2920
Land use planning:
  Coal related .... §§ 3420.1-5, 3420.2, 3430.3, § 3461.0-6
  Generally .... Group 1600
Leases:
  Acquired lands minerals (coal only) .... § 3400.2(c)
  Acquired lands minerals (other than coal) .... § 3500.1-1
  Airports and aviation fields .... Subpart 2911
  Asphalt .... § 3500.0-3(a)(6)
  Bath houses .... § 2311.4
  Coal .... §§ 3400.0-3(a)(1), 3400.0-3(a)(2), 3400.0-3(a)(8), 3400.0-3(a)(9), 3400.0-4(a)(2), 3400.0-5(y), 3400.3, Subparts: 3420, 3422, 3425, 3427, 3430, Part 3450, Subpart 3472, 3473, 3474, 3475
  Fur farms, Alaska .... Subpart 2916
  Generally .... Part 2120
  Grazing—Alaska—livestock .... Part 4200
  Grazing—Exclusive of Alaska .... Part 4100
  Hotels .... § 2311.4
  Minerals Leasing Act (1920) .... Part 3100
  Oil and gas .... Part 3100
  Outer continental shelf minerals .... Part 3300
  Prosphate .... § 3500.0-3(a)(4), 3524.1-4
  Potassium .... § 3500.0-3(a)(2)
  Public Works .... Subtitle A, Part 9
  Recreation and public purposes .... § 3500.1-1
  Reorganization Act minerals .... § 3500.1-1
  Sodium .... § 3524.1-3, 3500.0-3(a)(3)
  Sulphur .... § 3500.03-(a)(5)
Licenses:
  Coal .... Subparts 3400, 3440, § 3400.0-5(q), § 3400.0-5(bb)
Location:
  Mining location:
    Generally .... Group 3800
    In powersite withdrawals .... Subpart 3730
  Multiple mineral development .... Subpart 3741
  Source material in coal lands .... Part 3720
Lode claims:
  Generally .... Subpart 3841
Logging roads, rights-of-way for .... Part 2810
Louisiana, erroneously meandered lands in .... Subpart 2544

M

Mail:
  Communications .... § 1810.2
  Certified or registered mail .... § 1821.2-4
Management areas, recreation .... Part 8350
Material trespass .... § 9239.6
Millsites:
  Generally .... Subpart 3844
  In powersite withdrawals .... Subpart 3737
Mineral Collection Permits—Acquired lands uses 3540

Index

- Mineral Development Impact Relief ... Subpart 1882
- Mineral development, multiple ... Part 3740
- Mineral lands:
  - Entries ... § 2093.3
  - State grants ... Subpart 2623

- Cabin sites .... Subtitle A, Part 21
- Unlawful .... § 9239.2

Off-Road Vehicles .... Part 8340
Office hours of land offices .... § 1821.2-1
Officers—authority to bind government .... § 1810.3
Official records, availability of .... Subtitle A, Part 2
Oil and Gas:
- Generally .... Group 3100
- Free use of timber .... § 5511.1-4
- Lands subject to leasing .... Subpart 3101

Oil and gas pipelines, rights-of-way for .... Subpart 3340
Oil trespass .... § 9239.5-2
Oklahoma:
- Asphalt leases .... Subpart 3562
- Public reserves in townsites .... Subpart 2766

Omitted lands:
- Generally .... Subpart 2547
- Recreation and Public Purposes Act .... Subpart 2742
- Snake River, Idaho .... Subpart 2546
- Surveys .... §§ 9185.2-2, 9185.2-3

Operations, recreation .... Part 8360

- Outdoor recreation ... Group 8000
- Outer Continental Shelf ... Group 3300
- Outstanding natural areas ... § 8351.2

P

- Patents:
  - Amendments ... § 1821.6
  - Content ... § 1862.1
  - Delivery ... § 1862.2
  - Errors ... § 1821.6
  - Preparation and issuance ... Subpart 1862
  - School sections ... Subpart 2624
  - Suits to vacate and annul ... § 1862.5
  - Two-year rule ... § 1862.6
- Payments and repayments ... Subpart 1822
- Payments in lieu of taxes ... Subpart 1881
- Permits:
  - Coal ... §§ 3400.0-4(a)(10), 3400.0-4(c)(1), 3400.0-4(c)(2), 3400.0-4(c)(3), 3400.0-5(mm)
  - Grazing (Alaska reindeer) ... Part 4300
  - Grazing (exclusive of Alaska) ... Part 4100
  - Off-road vehicles ... Subpart 8344
  - Park land use ... Subpart 2920
  - Phosphate ... § 3540.0-1(b)
  - Potassium ... Part 3510
  - Recreation use (developed sites) ... Subpart 8371
  - Recreation use (undeveloped sites) ... § 8372.1
  - Sodium ... Part 3510; 3540.0-1(a)
  - Special recreation ... § 8372.1
  - Sulphur ... Part 3510
  - Timber ... Part 5510
- Permitted activities (recretation use) ... § 8363.2-1
- Petition—Applications ... Part 2450
- Petrified wood ... Subpart 3622
- Phosphate leases and permits ... Part 3500
- Pierce Act ... Subpart 2120
- Pipelines on Outer Continental Shelf, rights-of-way for ... Subpart 3340
- Placer claims ... Subpart 3842, 3863
- Planning, programming and budgeting ... Part 1600
  - Area ... § 1601.1-2
  - Criteria ... § 1601.5-3
  - Environmental impact statement ... § 1601.7-3
  - Process ... § 1601.5
  - Public participation ... § 1601.3
  - Resource management ... § 1601.1
- Plats and tract books ... § 1813.1
- Policies, general ... Subpart 1725
- Policy, Fish and Wildlife ... Subtitle A, Part 24
- Possessory claims of Alaska natives, hearings on ... Subpart 1855
- Potassium leases and permits ... Subpart 3500
- Power ... Subpart 2344
- Practitioners ... Subpart 1812; Subtitle A Part 1
- Price of lands ... § 1725.2-1
- Primitive areas ... § 8352.4
- Production goals and leasing targets ... § 3420.3
- Production of records in court ... § 1813.3
- Program Management ... Group 1700
- Prohibited activities:
  - Coral communities ... § 6224.1-1, 6224.5
  - Grazing ... § 4140.1(b), 4150.1, 4170.2

- Prohibited activities—Continued
  - Recreation use §§ 8340.0-7, 8341.1, 8343.1, 8363.1-6, 8363.2-2, 8363.5, 8372.0-7
  - Wild free-roaming horse and burro § 4760.2
- Proofs Subpart 1823, 1824
- Prospecting Permits:
  - Generally Subpart 3510
  - Phosphate § 3540.0-1(b)
  - Potassium Subpart 3500
  - Reorganization Act § 3500.1-1
  - Sodium §§ 3510.0-3; 3540.0-1
  - Sulphur § 3510.1-1
- Protest and contest proceedings Subpart 1850
- Public administrative procedures Group 1800
- Public land orders, table of Appendix
- Public land records Subpart 1813
- Public Sales:
  - General laws Part 2710
  - Public water reserves Subpart 2311
  - Publication and posting of notices Subpart 1824
  - Purchase price, remittance of § 1822.1-2
- Qualifications of applicants for grazing:
  - Alaska—livestock § 4210.3
  - Alaska—reindeer § 4310.2
  - Exclusive of Alaska § 4110.1
- Qualifications of practitioners Subpart 1812

R

- Radio sites, rights-of-way for Subpart 2861
- Railroad grants Part 2630
- Railroads, rights-of-way for Part 2840
- Range improvements and contributions:
  - Alaska—livestock § 4220.9
  - Alaska—reindeer § 4320.9
  - Exclusive of Alaska § 4120.6
- Range management Subchapter D (4000)
- Reclamation homesteads Subpart 2515
- Reclamation townsites Subpart 2704
- Reclamation withdrawals Subpart 2322
- Reconveyance, recordation of § 1822.3-3
- Records:
  - Availability of official Subtitle A, Part 2
  - Generally Subpart 1813
  - In court § 1813.3
- Recreation:
  - Fees Subtitle A, Part 18
  - General Subpart 8000
  - Lands § 8352.2
  - Management Group 8300
  - Programs Subchapter H, Group 8000
  - Use Permits, Developed Sites Subpart 8371
- Recreation and Public Purposes:
  - Generally Part 2740
  - Leases Subpart 2912
  - Omitted lands and unsurveyed islands Subpart 2742
  - Segregative effect § 2091.3-2
- Register, Serial § 1813.2
- Registered Mail, Use of § 1821.2-4
- Reindeer grazing:
  - Permits Part 4300
  - Segregative effect § 2091.6-2, 4310.5
  - Trespass Subpart 4340

Index

- Reimbursement of costs § 2802.1-2
- Reinstatement of canceled entries Subpart 1826
- Reliance upon information of opinion of officer § 1810.3(c)
- Relinquishments:
  - Generally Subpart 1825
- Remittances § 1822.1-2
- Repayments Subpart 1822
- Research natural areas Subpart 8223
- Reserved minerals, disposal of:
  - Act of July 17, 1914 Subpart 3813
  - Stockraising Homestead Act Subpart 3814
- Reservoirs, ditches and canals, rights-of-way § 2871.0-3
- Resource management planning:
  - Amendments § 1601.6-3
  - Approval and use § 1601.6
  - Coordination § 1601.4
  - Guidance § 1601.1-1
  - Inventory and information § 1601.5-3
  - Issues § 1601.5-1
  - NEPA policy § 1601.0-6
  - Planning criteria § 1601.5-2
  - Process § 1601.5
  - Protests § 1601.6-1
  - Public participation § 1601.3
  - Restorations and revocations of withdrawals and reservations Subpart 2370

  - Rights-of-way Group 2800; Group 3300
- Rivers:
  - National § 8351.2
  - Wild and scenic § 8351.2
  - Roads, rights-of-way for Part 2840
- Rules of construction—words and phrases § 1810.1
- Rules, visitor use:
  - Commercial use § 8372.0-5(a)
  - Competitive use § 8372.0-5(c)
  - Developed sites and areas § 8363.1
  - Off-road vehicle § 8341.2
  - Recreation sites Subpart 8372
  - Special area §§ 8372.0-5(g), 8372.1-2
  - Supplemental § 8363.3
  - Undeveloped sites § 8363.2

S

- Sales:
  - Coal Subpart 3422
  - Mineral material Part 3610
  - Timber Subpart 5400
  - Public lands Subpart 2700
- Scenic areas § 8352.3
- Scenic and wild rivers § 8351.2
- School land grants Subpart 2623
- School land patents Subpart 2674
- Segregative effect Subpart 2091
- Serial register § 1813.2
- Services, recreation Subpart 8361
- Shore space, Alaska Subpart 2094
- Signs, permits for Subpart 2921
- Simultaneous applications § 1821.2-3

Small tracts:
  Segregative effect .... § 2091.3-1
  Leases generally .... Part 2730, 2913
Snake River, omitted lands .... Subpart 2546
Sodium .... Subpart 3500
Soldiers' and Sailors' Civil Relief Act .... § 2096.0-3(d)
Special Land Use permits .... § 2920 (Part)
Springs and water holes .... § 2311.0-3
State Advisory Boards .... § 1784.6
State grants:
  Generally .... Part 2620
  Segregative effect .... § 2091.6-4
State irrigation districts .... Subpart 2783
Station grounds, rights-of-way for .... Part 2840
Stock—driveways:
  Segregative effect .... § 2091.2-4
  Withdrawals .... Subpart 2313
Stockraising Homestead Act—Disposal of reserved minerals .... Subpart 3814
Sulphur leases and permits .... Subpart 3500
Surveys .... Part 9180

T

Technical services .... Subchapter I (9000)
Telegraph lines, rights-of-way for .... Subpart 2862
Television sites, rights-of-way for .... Subpart 2861
Telephone and telegraph lines, rights-of-way for .... Subpart 2862
Testimony and proofs .... Subpart 1823
Testimony of employees of Department .... Subtitle A, Part 2
Timber .... Group 5400
Time limit for filing documents .... § 1821.2-2
Title Conveyances .... Subpart 1863
Tort claims .... Subtitle A, Part 22
Township plats, filing of .... § 1813.1-2
Townsite:
  Alaska native towns .... Subpart 2564
  Alaska Railroad .... Subpart 2566
  Generally .... Subpart 2760
  Nonnative .... Subpart 2565
  Oklahoma .... Subpart 2766
  Reclamation .... Subpart 2764
  Reservations .... § 2760.0-3
  Segregative effect .... § 2091.4
  Settlement .... § 2762.1
  Trustee .... Subpart 2763
Tract books and plats .... § 1813.1
Trade and manufacturing sites .... Subpart 2562

Trails:
  National .... § 8351.1
  Off-road vehicle designation .... Subpart 8343
Tramroads and logging roads, rights-of-way for .... Part 2810
Transmission lines, rights-of-way for .... Subpart 2850
Transportation Act of 1940 .... Subpart 2631
Trespass .... Part 9230
Trustee townsites .... Subpart 2763
Tunnel sites .... Subpart 3843

U

Use authorizations .... Part 8370
Unsuitability:
  Mining .... Subpart 3461
  Planning .... § 1601.6-6

V

Vehicles:
  Developed sites and areas .... § 8363.1-4
  Off-road .... Part 8340
Vehicles Operation—Off-Road Vehicles .... Subpart 8343
Veterans .... Subpart 2096
Viable coral communities .... Subpart 6224

W

Wagon roads, rights-of-way for .... Part 2840
Water facilities, right-of-way for .... Part 2870
Water holes and springs .... § 2311.0-3
Water—public reserves .... Subpart 2311
Water wells .... Subpart 2922
Watering Livestock .... Subpart 2872
Wild and Scenic Rivers .... § 8351.2
Wild Free-Roaming Horse and Burro .... Part 4700
  Coordination .... Subpart 4710
  Enforcement .... Subpart 4760

  Management on Private Lands .... Subpart 4750
  Removal of Claimed .... Subpart 4720
  Removal of excess .... Subpart 4740
  Wilderness preservation .... Subpart A, Part 19
  Wildlife .... Group 4200
Wisconsin—erroneously meandered lands .... Subpart 2545
Withdrawals and reservations:
  Generally .... Group 2300
  Segregative effect .... §§ 2091.2-4, 2091.2-5

BLANK PAGE

Table of CFR Titles and Chapters

(As of September 30, 1981)

Title 1—General Provisions

Chap.	
I	Administrative Committee of the Federal Register (Parts 1-49)
II	Office of the Federal Register (Parts 50-299)
III	Administrative Conference of the United States (Parts 300-399)
IV	Miscellaneous Agencies (Parts 400-499)

Title 2—[Reserved]

Title 3—The President

	Proclamations
	Executive Orders
	Presidential Documents Other Than Proclamations and Executive Orders
I	Executive Office of the President (Parts 100-199)

Title 4—Accounts

I	General Accounting Office (Parts 1-99)
II	Federal Claims Collection Standards (General Accounting Office—Department of Justice) (Parts 100-299)
III	General Accounting Office (CASB) (Parts 300-499)

Title 5—Administrative Personnel

I	Office of Personnel Management (Parts 1-1199)
II	Merit Systems Protection Board (Parts 1200-1299)
III	Office of Management and Budget (Parts 1300-1399)
IV	Advisory Committee on Federal Pay (Parts 1400-1499)
V	The International Organizations Employees Loyalty Board (Parts 1500-1599)
VII	Advisory Commission on Intergovernmental Relations (Parts 1700-1799)
IX	Appalachian Regional Commission (Parts 1900-1999)
XI	United States Soldiers' and Airmen's Home (Parts 2100-2199)
XIV	Federal Labor Relations Authority and Federal Service Impasses Panel (Parts 2400-2499)

Title 5—Administrative Personnel—Continued

Chap.	
XV	Office of Administration, Executive Office of the President (Parts 2500-2599)

Title 6—Economic Stabilization

Chap.	
VI	Assistant Secretary for Administration, Department of the Treasury (Parts 600-699)
VII	Council on Wage and Price Stability (Parts 700-799)

Title 7—Agriculture

Chap.	
	Subtitle A—Office of the Secretary of Agriculture (Parts 0-25a)
	Subtitle B—Regulations of the Department of Agriculture
I	Agricultural Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture (Parts 26-209)
II	Food and Nutrition Service, Department of Agriculture (Parts 210-299)
III	Animal and Plant Health Inspection Service, Department of Agriculture (Parts 300-399)
IV	Federal Crop Insurance Corporation, Department of Agriculture (Parts 400-499)
V	Agricultural Research Service, Department of Agriculture (Parts 500-599)
VI	Soil Conservation Service, Department of Agriculture (Parts 600-699)
VII	Agricultural Stabilization and Conservation Service (Agricultural Adjustment), Department of Agriculture (Parts 700-799)
VIII	Federal Grain Inspection Service, Department of Agriculture (Parts 800-899)
IX	Agricultural Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture (Parts 900-999)
X	Agricultural Marketing Service (Marketing Agreements and Orders; Milk), Department of Agriculture (Parts 1000-1199)
XI	Agricultural Marketing Service (Marketing Agreements and Orders; Miscellaneous Commodities), Department of Agriculture (Parts 1200-1299)
XII	Statistical Reporting Service (Agricultural Statistics), Department of Agriculture (Parts 1300-1399)
XIV	Commodity Credit Corporation, Department of Agriculture (Parts 1400-1499)
XV	Foreign Agricultural Service, Department of Agriculture (Parts 1500-1599)
XVI	Rural Telephone Bank, Department of Agriculture (Parts 1600-1699)
XVII	Rural Electrification Administration, Department of Agriculture (Parts 1700-1799)
XVIII	Farmers Home Administration, Department of Agriculture (Parts 1800-2099)

Title 7—Agriculture—Continued

Chap.	
XXI	Foreign Economic Development Service, Department of Agriculture (Parts 2100-2199)
XXIV	Board of Contract Appeals, Department of Agriculture (Parts 2400-2499)
XXV	Office of the General Sales Manager, Department of Agriculture (Parts 2500-2599)
XXVI	Office of the Inspector General, Department of Agriculture (Parts 2600-2699)
XXVIII	Food Safety and Quality Service, Department of Agriculture (Parts 2800-2899)
XXIX	Office of Energy, Department of Agriculture (Parts 2900-2999)
XXX	Office of Operations and Finance, Department of Agriculture (Parts 3000-3099)
XXXI	Office of Environmental Quality, Department of Agriculture (Parts 3100-3199)

Title 8—Aliens and Nationality

I	Immigration and Naturalization Service, Department of Justice (Parts 1-499)

Title 9—Animals and Animal Products

I	Animal and Plant Health Inspection Service, Department of Agriculture (Parts 1-199)
II	Agricultural Marketing Service (Packers and Stockyards), Department of Agriculture (Parts 200-299)
III	Food Safety and Quality Service, Meat and Poultry Inspection, Department of Agriculture (Parts 300-399)

Title 10—Energy

I	Nuclear Regulatory Commission (Parts 0-199)
II	Department of Energy (Parts 200-699)
III	Department of Energy (Parts 700-999)
X	Department of Energy (General Provisions) (Parts 1000-1099)
XV	Office of the Federal Inspector for the Alaska Natural Gas Transportation System (Parts 1500-1599)

Title 11—Federal Elections

I	Federal Election Commission (Parts 1-9099)

Title 12—Banks and Banking

I	Comptroller of the Currency, Department of the Treasury (Parts 1-199)
II	Federal Reserve System (Parts 200-299)
III	Federal Deposit Insurance Corporation (Parts 300-399)
IV	Export-Import Bank of the United States (Parts 400-499)

Title 12—Banks and Banking—Continued

Chap.	
V	Federal Home Loan Bank Board (Parts 500-599)
VI	Farm Credit Administration (Parts 600-699)
VII	National Credit Union Administration (Parts 700-799)
VIII	Federal Financing Bank (Parts 800-899)
XI	Federal Financial Institutions Examination Council (Parts 1100-1199)
XII	Depository Institutions Deregulation Committee (Parts 1200-1299)

Title 13—Business Credit and Assistance

I	Small Business Administration (Parts 1-199)
III	Economic Development Administration, Department of Commerce (Parts 300-399)
IV	Chrysler Corporation Loan Guarantee Board (Parts 400-499)
V	Regional Action Planning Commissions (Parts 500-599)

Title 14—Aeronautics and Space

I	Federal Aviation Administration, Department of Transportation (Parts 1-199)
II	Civil Aeronautics Board (Parts 200-399)
V	National Aeronautics and Space Administration (Parts 1200-1299)

Title 15—Commerce and Foreign Trade

	SUBTITLE A—Office of the Secretary of Commerce (Parts 0-19)
	SUBTITLE B—Regulations Relating to Commerce and Foreign Trade
I	Bureau of the Census, Department of Commerce (Parts 20-199)
II	National Bureau of Standards, Department of Commerce (Parts 200-299)
III	International Trade Administration, Department of Commerce (Parts 300-399)
IV	Foreign-Trade Zones Board (Parts 400-499)
V	United States Metric Board (Parts 500-599)
VI	Bureau of Industrial Economics, Department of Commerce (Parts 600-699)
VIII	Bureau of Economic Analysis, Department of Commerce (Parts 800-899)
IX	National Oceanic and Atmospheric Administration, Department of Commerce (Parts 900-999)
XII	United States Travel Service, Department of Commerce (Parts 1200-1299)
XIII	East-West Foreign Trade Board (Parts 1300-1999)

Title 15—Commerce and Foreign Trade—Continued

Subtitle C—Regulations Relating to Foreign Trade Agreements

Chap.	
XX	Office of the United States Trade Representative (Parts 2000-2099)

Subtitle D—Regulations Relating to Telecommunications and Information

Chap.	
XXIII	National Telecommunications and Information Administration, Department of Commerce (Parts 2300-2399)

Title 16—Commercial Practices

I	Federal Trade Commission (Parts 0-999)
II	Consumer Product Safety Commission (Parts 1000-1799)

Title 17—Commodity and Securities Exchanges

I	Commodity Futures Trading Commission (Parts 1-199)
II	Securities and Exchange Commission (Parts 200-399)

Title 18—Conservation of Power and Water Resources

I	Federal Energy Regulatory Commission, Department of Energy (Parts 1-399)
III	Delaware River Basin Commission (Parts 400-499)
IV	Office of Water Resources Research, Department of the Interior (Parts 500-599)
VI	Water Resources Council (Parts 700-799)
VIII	Susquehanna River Basin Commission (Parts 800-899)
XIII	Tennessee Valley Authority (Parts 1300-1399)

Title 19—Customs Duties

I	United States Customs Service, Department of the Treasury (Parts 1-199)
II	United States International Trade Commission (Parts 200-299)
III	International Trade Administration, Department of Commerce (Parts 300-399)

Title 20—Employees' Benefits

I	Office of Workers' Compensation Programs, Department of Labor (Parts 1-199)
II	Railroad Retirement Board (Parts 200-399)
III	Social Security Administration, Department of Health and Human Services (Parts 400-499)
IV	Employees' Compensation Appeals Board, Department of Labor (Parts 500-599)
V	Employment and Training Administration, Department of Labor (Parts 600-699)

Title 20—Employees' Benefits—Continued

Chap.	
VI	Employment Standards Administration, Department of Labor (Parts 700-799)
VII	Benefits Review Board, Department of Labor (Parts 800-899)
VIII	Joint Board for the Enrollment of Actuaries (Parts 900-999)

Title 21—Food and Drugs

I	Food and Drug Administration, Department of Health and Human Services (Parts 1-1299)
II	Drug Enforcement Administration, Department of Justice (Parts 1300-1399)

Title 22—Foreign Relations

I	Department of State (Parts 1-199)
II	Agency for International Development, International Development Cooperation Agency (Parts 200-299)
III	Peace Corps (Parts 300-399)
IV	International Joint Commission, United States and Canada (Parts 400-499)
V	International Communication Agency (Parts 500-599)
VI	United States Arms Control and Disarmament Agency (Parts 600-699)
VII	Overseas Private Investment Corporation (Parts 700-799)
VIII	Employee-Management Relations Commission (Parts 800-899)
IX	Foreign Service Grievance Board (Parts 900-999)
X	Inter-American Foundation (Parts 1000-1099)
XI	International Boundary and Water Commission, United States and Mexico, United States Section (Parts 1100-1199)
XII	United States International Development Cooperation Agency (Parts 1200-1299)
XIII	Board for International Broadcasting (Parts 1300-1399)
XIV	Foreign Service Labor Relations Board; Federal Labor Relations Authority; General Counsel of the Federal Labor Relations Authority; and the Foreign Service Impasse Disputes Panel (Parts 1400-1499)

Title 23—Highways

I	Federal Highway Administration, Department of Transportation (Parts 1-999)
II	National Highway Traffic Safety Administration and Federal Highway Administration, Department of Transportation (Parts 1200-1299)

Title 24—Housing and Urban Development

SUBTITLE A—Office of the Secretary, Department of Housing and Urban Development (Parts 0-99)

SUBTITLE B—Regulations Relating to Housing and Urban Development

Chap.	
I	Office of Assistant Secretary for Equal Opportunity, Department of Housing and Urban Development (Parts 100-199)
II	Office of Assistant Secretary for Housing—Federal Housing Commissioner, Department of Housing and Urban Development (Parts 200-299)
III	Government National Mortgage Association, Department of Housing and Urban Development (Parts 300-399)
IV	Office of Assistant Secretary for Housing Management, Department of Housing and Urban Development (Parts 400-499)
V	Office of Assistant Secretary for Community Planning and Development, Department of Housing and Urban Development (Parts 500-599)
VI	Office of Assistant Secretary for Community Planning and Development, Department of Housing and Urban Development (Parts 600-699)
VII	New Community Development Corporation, Department of Housing and Urban Development (Parts 700-799)
VIII	Low-Income Housing, Department of Housing and Urban Development (Parts 800-899)
IX	Office of Interstate Land Sales Registration, Department of Housing and Urban Development (Parts 1700-1799)
X	Solar Energy and Energy Conservation Bank, Department of Housing and Urban Development (Parts 1800-1899)
XV	Mortgage Insurance and Loan Programs Under the Emergency Homeowners' Relief Act, Department of Housing and Urban Development (Parts 2700-2799)
XX	Office of Assistant Secretary for Neighborhoods, Voluntary Associations and Consumer Protection, Department of Housing and Urban Development (Parts 3200-3699)
XXV	Neighborhood Reinvestment Corporation (Parts 4100-4199)

List of CFR Sections Affected

All sections in this volume of the Code of Federal Regulations which were affected by documents published in the FEDERAL REGISTER since January 1, 1973, are enumerated in the following list. Entries indicate the nature of the changes effected. Page numbers refer to FEDERAL REGISTER pages.

For the period before January 1, 1973, see the "List of CFR Sections Affected, 1949-1963 and 1964-1972," published in three separate volumes.
